

## Logging In to HomeLogic

HomeLogic is an online tool for accessing information about your student. Unlike MyGradeBook, you will only need a single login to access information for all your children. The following steps will provide the information you need to create an account to access HomeLogic.

1. From the Hersey website (<http://jhhs.d214.org>) under Quicklinks select HomeLogic:

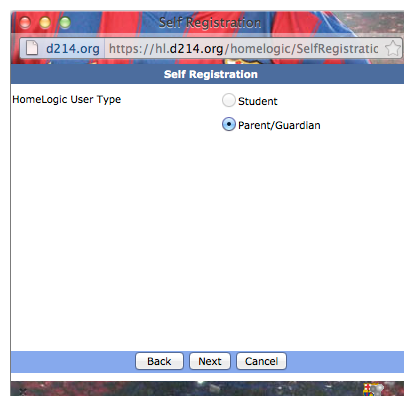

2. Under the Login button is a link for New User. Click on that link:

3. Select Township High School District 214, then click on the Next button:

4. Select your HomeLogic User Type (Parent Guardian), then click on Next:

5. You'll then be asked to provide your name, relationship and information about the student you wish to view. When this is complete, click on Register. You'll get a message that tells you your self-registration was successful, and your login information will be emailed to the account you used when you registered for school this year.

Self Registration

Parent/Guardian Information

First Name

Last Name

Relationship to Student: Father

Student Information - for one of your children

Legal First Name

Legal Last Name

Birthdate (MM/DD/YYYY)
