ANNUAL RESIDENCY VERIFICATION ENHANCEMENT

March 2023

District 214 has moved to an annual residency verification process for parents. Verifying residency protects taxpayers and district resources by identifying non-residents attending District 214 schools.

The District is contracting with a third-party vendor to verify student address data. The vendor will use a parent's name and address for crosschecking the information against other public electronic databases, such as utility companies. It is expected that most families will have their residency verified electronically.

Once verified, each household will receive an emailed confirmation, and there will be no need to submit additional paperwork certifying residency within the district's boundaries.

Communication will be sent to families whose residency cannot be verified electronically. Details will be provided on the documentation needed to complete registration and verify residency for the upcoming school year.

Please contact your Associate Principal of Operations with any questions or concerns regarding this streamlined process for our parents.

MEJORA ANUAL DE VERIFICACIÓN DE RESIDENCIA **ANNUAL RESIDENCY VERIFICATION ENHANCEMENT**

Marzo 2023

El distrito 214 se ha movido a un proceso de verificación de residencia anual para los padres. Se verifica la residencia para proteger a los contribuyentes y los recursos del Distrito al identificar a los no residentes que asisten a las escuelas del Distrito 214.

El Distrito está contratando a un proveedor externo para verificar los datos de la dirección de los estudiantes. El proveedor usará el nombre y la dirección de un padre para verificar la información con otras bases de datos electrónicas públicas, como las compañías de servicios públicos. Se anticipa que la abrumadora mayoría de las familias tendrá su residencia comprobada electrónicamente. Una vez verificado, cada hogar recibirá una confirmación por correo electrónico y no habrá necesidad de presentar documentación adicional que certifique la residencia dentro de los límites del distrito. Se enviará una comunicación a las familias cuya residencia no pudo ser verificada electrónicamente. Se proporcionarán detalles sobre la documentación necesaria para completar el registro y verificar la residencia para el próximo año escolar. Comuníquese con su Director de Operaciones Asociado si tiene alguna pregunta o inquietud con respecto a este proceso simplificado para nuestros padres.

Respetuosamente,

Yasmine Dada

Esperamos que su estudiante se una a las escuelas del Distrito 214 para el primer día completo de clases **miércoles 16 de agosto de 2023**. A letter from the District 214 Board of Education President

Dear Parents & Guardians,

I often use the occasion of this newsletter to mention that we are in a season of looking ahead and - at the same time - looking even further ahead! We are, of course, anticipating the conclusion of the 2022-23 school year, with its accompanying celebrations and recognitions.

In other ways, we are looking further ahead. For one, we are in the season to apply for scholarships, supported by generous community and employee giving through the District 214 Education Foundation. In 2022, nearly \$90,000 in scholarships were awarded across the district. You and your student may learn more about 2023 opportunities at <https://214foundation.org/scholarships>. Students may apply at [AwardSpring](#) by March 17, 2023.

We also are looking ahead to District 214's Summer Experience 2023! Our reimagined summer school will offer a wide variety of educational and enrichment opportunities. This year, Prospect High School will host all in-person summer coursework, except for the Extended School Year classes, which will be at John Hersey High School. You can find [all the details](#) on the District's website.

In addition, registration is now open for spring District 214 Community Education classes. [Take a look](#) at the in-person and online classes. I think you'll find that Community Education, now celebrating 75 years of service, presents rewarding learning opportunities for people of all ages and all interests.

Finally, a brief update on the district [superintendent search](#). Working with guidance from community surveys and forums, we will interview candidates in March and plan to announce a new superintendent in April. Our new superintendent will, we know, build on District 214's foundation of excellence - a foundation built, in no small part, by all that you do to support student success. For that, we thank you.

Sincerely,

A handwritten signature in black ink that reads 'W. J. Dussling'.

Partnering to keep our students safe: The Be SMART campaign

The **Be SMART** campaign was launched by Everytown for Gun Safety to raise awareness that secure gun storage—storing guns locked, unloaded and separate from ammunition—can save children's lives. Be SMART emphasizes that it's an adult's responsibility to keep kids from accessing guns, and that every adult can play a role in keeping kids and communities safer. The Be SMART framework is designed to help parents and adults normalize conversations about gun safety and take these five simple steps to help prevent shootings by children.

For more information, visit <https://besmartforkids.org/>

Be SMART

Secure all guns in your homes and vehicles;

Model responsible behavior around guns;

Ask about unsecured guns in other homes;

Recognize the role of guns in suicide;

Tell your peers to Be SMART.

****District 214 Block Schedule update****

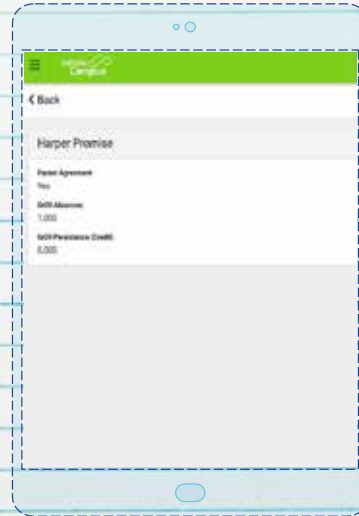

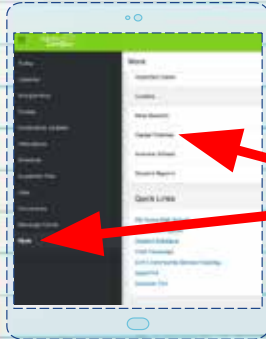

District 214 will extend the Block Schedule Pilot for an additional year to gather two full years of data regarding student attendance, discipline and academic performance. The current A/B Block Schedule was adopted by the Board of Education as a component of the District 214 Learning Renewal Plan in a two-year pilot during the 2021-2022 and 2022-2023 school years.

HARPER COLLEGE PROMISE SCHOLARSHIP

TUITION EARNED

A SCHOLARSHIP OFFERED TO EVERY PUBLIC HIGH SCHOOL STUDENT IN THE HARPER COLLEGE DISTRICT THAT WOULD FUND UP TO TWO YEARS OF COLLEGE.

What if we could promise every public high school student in the northwest suburbs **two years of college tuition-free if they're willing to earn it?** Think of the possibilities for students, parents and our local workforce. Two years of college. Tuition free.

Under the Harper College Promise Scholarship Program **every** eligible incoming public high school student in Harper's district can earn up to two years of tuition at Harper College if they maintain solid grades, have good attendance, don't repeat classes, graduate on time and provide service to their community.

PROMISE BENEFITS

65%

Completion: 65% vs. 31%

Students in a similar promise program in Peoria, IL graduated or transferred at a rate of 65% compared to 31% for students who did not participate in the program.

4.1%

A PROMISE THAT PAYS FORWARD.

HOW IT WORKS

The criteria for the Harper College Promise Scholarship were developed by Harper College, area public high schools and northwest suburban business leaders to promote life skills and habits that will help students succeed in college and provide businesses with smart, skilled and motivated employees. The Promise Scholarship Program enables participating students to attend Harper without having to pay tuition while they earn career certifications and associate degrees. However, signing up for the Promise program does not commit a student to go to Harper. So there's no reason not to sign up!

 Harper College®

Dear Parents,

- Sudden Cardiac Arrest (SCA) is the leading cause of death in the U.S., claiming the lives of 1,000 people every day. SCA is the #1 killer of student athletes, the leading cause of death on school campuses and the #2 medical cause of death in young adults under the age of 25. In fact, 1 in 300 young adults have an undetected heart condition that puts them at risk.
- SCA is often confused with a heart attack but the 2 conditions are very different. A heart attack happens when blood flow to the heart is blocked. During a heart attack, the heart usually doesn't suddenly stop beating where with SCA, the heart abruptly stops beating.
- SCA typically results in death, nearly 90% of SCA victims do not survive.
- The normal rhythm of the heart can only be restored with defibrillation, an electrical shock that is safely delivered to the chest by an automated external defibrillator (AED) and many time this help is not available in time.
- In 2005, Max Schewitz died without warning from a hidden heart condition at 20 years of age. HeartSmart EKG helps find at-risk young adults so they can seek treatment and not share Max's fate.
- EKG's are not routinely done on seemingly healthy young adults in our communities. **A painless, simple and non-invasive EKG detects 94% of high-risk individuals** compared to 20% detected by a physician discussing family history or 9% by physical examination. We think it's worth looking for these kids!
- HeartSmart EKG has tested over 100,000 young adults and referred over 1,000 individuals for additional testing. Sadly, our HeartSmart EKG program will be winding down and our last cardiac testing will be in November of 2023. This will be your last chance to have your student tested at Elk Grove High School by HeartSmart EKG.

Screening will be offered on Wednesday, March 15th to all Elk Grove High School Students.

- Testing includes an EKG for all participants in a 15-minute appointment selected by parents after registration.
- Students selected by the cardiologist will also receive an echocardiogram within 1 week of the screening for no additional cost.
- Only students with permission, which is granted through the online registration process, will be tested.
- Because the heart changes over time, even previously tested students should register for testing.
- Testing costs are \$20 per student if registered by Tuesday, March 7th and will increase to \$25 per student if registered after 3/7/23. Thanks to underwriting provided by District 214, the HeartSmart EKG program will be offered to students on the free and reduced lunch program at no cost.
- Payment is required at time of registration and no refunds will be issued. If your student is not tested, your registration fee will be considered a donation to save other students.

Please register your student(s) TODAY at:

www.HeartSmartEKG.org

HeartSmart EKG is provided by the Max Schewitz Foundation

- Every effort is made to respect privacy and modesty. Testing takes place in private booths in the Alternate Gym. Males and females are tested separately and students do not remove their shirt for EKG testing.
- Cardiologist Eli Lavie, M.D. oversees all aspects of testing and interpretation.
- Due to COVID-19, we have implemented protocols for the safety of our staff and students. The Max Schewitz Foundation staff has been fully vaccinated and will be handling testing of all students.
- Results are confidential and are shared only with parents within 2 weeks after testing through HeartSmart EKG's online portal. Included in the results will be a copy of the EKG.

For more information, contact Kathy Aykroid at 847-736-8140 or visit the Foundation's website at www.HeartSmartEKG.org.

In accordance with the Asbestos Hazard Emergency Act (AHERA) and the Illinois Asbestos Abatement Act (105 ILCS 105/), you are being notified that all District 214 facilities contain various amounts and types of asbestos-containing building materials (ACBM). These materials do not pose any hazard to individuals unless the materials are disturbed.

The District maintains compliance with all applicable governmental and regulatory asbestos rules and regulations. The District also maintains compliance with the Illinois Department of Public Health (IDPH) and Cook County Department of Public Health (CCDPH) guidelines for operations and maintenance activities. The District routinely performs operations and maintenance activities, required inspections, and surveillance activities to verify that the materials are being managed according to IDPH and CCDPH guidelines.

The Building and Grounds Department of each individual facility and the District Operations Department have copies of the AHERA Management Plans that describe the locations of all ACBM. These plans are available for inspection during regular business hours. Contact the Director of Operations for more information at 847-718-7619.

PESTICIDE APPLICATION NOTIFICATION REGISTRY:

All District 214 facilities practice Integrated Pest Management to minimize the use of any pesticides on school grounds. The Structural Pest Control Act (225 ILCS 235/) and the Lawn Care Products Application and Notice Act (415 ILCS 65/) requires public schools to notify parents/guardians and school employees at least 48 hours (two business days) prior to any pesticide applications on school grounds. The term "pesticide" includes insecticides, herbicides, rodenticides, and fungicides. The notification requirement extends to both indoor and outdoor pesticide applications. Excluded from the notification requirement are antimicrobials such as disinfectants, sanitizers or deodorizers, insecticide baits and rodenticide baits.

Dear Parent/Guardian and Staff Members:

In 1999 the Illinois General Assembly passed laws requiring that public schools notify parents/guardians and school employees at least 48 hours prior to any pesticide applications on school property. The term "pesticide" includes insecticides, herbicides, rodenticides, and fungicides. The notification requirement extends to both indoor and outdoor pesticide applications. Excluded from the notification requirement are antimicrobial agents (such as disinfectants, sanitizers, or deodorizers), insecticide baits, and rodenticide baits.

Elk Grove High School has therefore established a registry of people who wish to be notified. To be included in this registry for school year 2022-23, please complete the form below and submit it to the Building and Grounds Supervisor at your school. Any other questions you may have regarding the District's pest management practices may also be directed to the District 214 Director of Operations at (847) 718-7619.

Dear Parent/Guardian,

Immunization Requirement for the 2023-2024 School Year:

For the 2023-2024 school year, **all students entering 12th grade shall show proof of having received two doses of MENINGOCOCCAL CONJUGATE VACCINE (Menactra, Menveo, MCV4) prior to starting school.** The first dose should have been administered on or after their 11th birthday and the second dose on or after their 16th birthday. An interval of at least eight weeks between the first and second dose is required. **Only one dose of the vaccine is required if the first dose is administered when the child is 16 years of age or older. You do not have to wait until your child is going into 12th grade to get the 2nd dose of meningococcal conjugate vaccine - once your child turns 16 years-old they are eligible to receive it.**

Your child may have already received both doses of the required Meningococcal Conjugate Vaccine, however we may not have received proof that they were given. Please check with your child's medical provider to determine if they received the two Meningococcal Conjugate Vaccines and, if they were given, please ask that they complete all information indicated below, including their signature and office stamp. **If your child has not received both doses, you are required to get this vaccination for your child or your child will be subject to exclusion as described in the school code of Illinois.**

Your child will not be able to receive their class schedule or attend school in August until all immunizations are up to date.

Please submit this completed form or an updated immunization record to the Health Office at Elk Grove High School as soon as possible.

Para el año escolar 2023-2024, **todos los estudiantes que ingresen al 12 ° grado deberán mostrar prueba de haber recibido dos dosis de la VACUNA CONJUGADA MENINGOCOCCAL (Menactra, Menveo, MCV4) antes de comenzar la escuela.** La primera dosis debería haberse administrado en o después de su cumpleaños número 11 y la segunda dosis en o después de su cumpleaños número 16. Se requiere un intervalo de al menos ocho semanas entre la primera y la segunda dosis. **Solo se requiere una dosis de la vacuna si la primera dosis se administra cuando el niño tiene 16 años o más. No tiene que esperar hasta que su hijo ingrese al grado 12 para recibir la segunda dosis de la vacuna conjugada contra el meningococo; una vez que cumpla los 16 años, es elegible para recibirla.**

Es posible que su hijo ya haya recibido las dos dosis de la vacuna conjugada meningocócica requerida, sin embargo, es posible que no hayamos recibido pruebas de que se le dieron. Consulte con el proveedor médico de su hijo para determinar si recibieron las dos vacunas conjugadas contra el meningococo y, si se las dieron, solicite que completen toda la información indicada a continuación, incluida su firma y el sello de la oficina. **Si su hijo no ha recibido ambas dosis, se le exige que se vacune para su hijo o su hijo estará sujeto a exclusión según se describe en el código escolar de Illinois.**

Su hijo no podrá recibir su horario de clases o asistir a la escuela en agosto hasta que todas las vacunas estén actualizadas.

Envíe este formulario completo o un registro de vacunación actualizado a la Oficina de Salud de la Escuela Secundaria Elk Grove lo antes posible.

Atentamente,

Sincerely,

From the School Nurse.....

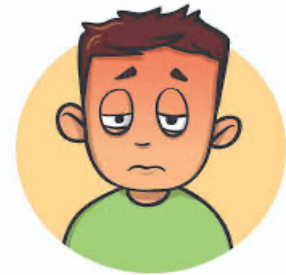

Meningitis Vaccine Requirements:

Please note - all students 16 years of age and older are required to receive a meningococcal vaccine prior to entering 12th grade. If the school health office does not receive proof that your child received the required meningococcal vaccine by the first day of school for the 2022/23 school year, your child can be excluded from school until the appropriate documentation is received by our school health office. Students who have a medical, or other reason, for not receiving the vaccine must provide documentation to the health office indicating the exception.

Chronic Health Conditions:

School achievement is dependent upon effectively meeting the health needs of each student. If your student has a chronic health condition such as asthma, severe allergies, diabetes, or a seizure disorder, it is important for the school, medical provider, and family to work together to provide the best educational experience possible.

In an effort to provide your student the opportunity for a successful school year, a number of printable healthcare plans are available on the Elk Grove High School website under the Health Services tab: <https://www.d214.org/Page/265>. Care plans are designed to help the school nurse collaborate with your student's medical provider and family to ensure that the child's healthcare needs are met at school. You can print the care plan from the link listed above or contact the school health office to receive a care plan by mail or via email. A new/updated care plan must be completed and turned in at the beginning of each school year, or as soon as possible after the school year begins.

Students Needing Medication at School:

If your student requires daily or "as needed" medication at school, or if they require an epinephrine injector or inhaler to self-carry or keep in the health office during the school year, we ask that the district medication permission form be completed for each medication needed. This form is located on the Elk Grove H.S. website under Health Services: <https://www.d214.org/Page/265>. Please sign and date the form and have your child's medical provider complete the section indicated. The form should then be turned into the school health office along with the medication. All medications provided to the school health office must be in their original container or packaging, or alternatively, the medication must be in an appropriately labeled container from a pharmacy.

From the School Nurse.....

If you would like to schedule a meeting with the Elk Grove High School nurse, Morgan Vogel, R.N., regarding your child's healthcare needs, please contact her via email at: morgan.vogel@d214.org. A zoom or phone conference can be arranged at your convenience.

The health office phone number is: 847-718-4473
The health office fax number is: 847-718-4562.

Students with Asthma:

Illinois State Law requires that all students diagnosed with Asthma have an **Asthma Action Plan** on file with their school. An **Asthma Action Plan** is a plan developed by you and your child's medical provider that provides the school nurse with an individualized plan of care for your student in the event that they experience asthma symptoms at school or at school-sponsored events (such as coughing, wheezing, shortness of breath, chest tightness or difficulty breathing). We encourage you to consult with your child's medical provider whether or not the child can self-carry their emergency asthma medication at school or if you prefer to keep it with the school nurse. The **Medication Permission/Medication Self-Carry Form** must be completed and turned in along with the **Asthma Action Plan**. The links to all of the appropriate forms are listed below. We ask that you print out the forms you need, sign/date them, and have your student's medical provider complete their portion of the form. The completed forms should be returned to the School Nurse at your student's school.

From the School Nurse.....

Students with Severe Allergies:

Additionally...It is very important that the school nurse be made aware if your child has a severe allergy to any food, insects, latex, or other allergens. A **Severe Allergy Action Plan** should be completed by you and your student's medical provider and then be turned in to the Health Office at your student's school as soon as possible.

Students with Epilepsy:

On July 1, 2020 the Seizure Smart School Act was signed into law in Illinois. One aspect of this law requires that parents/guardians of children with epilepsy provide a **Seizure Action Plan** to the school nurse so that medical care specific to their child can be provided at school or at school-sponsored activities. A link to further information regarding this new law is listed below. Additionally, a link to our district **Seizure Action Plan** is provided below as well.

Dr. Carson has been a wonderful colleague, but more importantly a tremendous friend over the years and will leave behind some big shoes to fill, as I know she will spend her future days in flip flops! All the best, you deserve it!" - **Mr. Deutsch**

"Dr. Carson has been an incredible advocate for our students with autism!" - **Mrs. Ohler**

"I'm really going to miss Dr. Carson's shenanigans and wise advice." - **Mrs. Foecking**

Strategies to Support Our Students

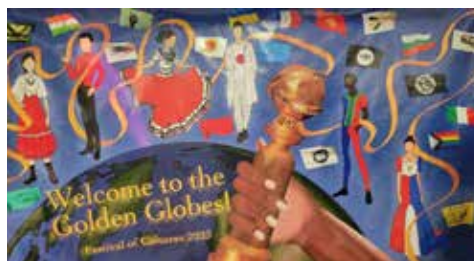

Introducing **Gold Card** shoutouts for students! This initiative focuses on student recognition and improving students performance or engagement within the classroom, as well as building student teacher connections.

These shoutouts are given, by teachers, when students demonstrate a positive behavior within the classroom or even demonstrate improvement within the classroom. At the end of each class period, teachers will enter awarded **Gold Cards** into a designated green box. Then at the end of each week, **Gold Card** winners will be selected randomly where they will receive a prize and their accomplishment will be announced during the morning announcements.

Estrategias para apoyar a nuestros estudiantes

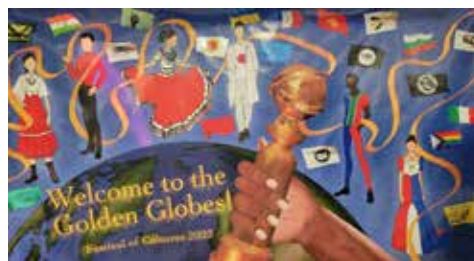

¡Le presentamos la **Tarjeta dorada** para los estudiantes! Esta iniciativa se enfoca en el reconocimiento de los estudiantes y en mejorar el desempeño o la participación de los estudiantes dentro del salón de clases, así como en la creación de conexiones entre los estudiantes y los maestros.

Los maestros dan estas tarjetas cuando los estudiantes demuestran un comportamiento positivo dentro del salón de clases o incluso demuestran una mejora dentro del salón de clases. Al final de cada período de clase, los maestros ingresarán las **Tarjetas doradas** en una casilla verde previamente designada. Luego, al final de cada semana, los ganadores de **Tarjetas doradas** serán seleccionados al azar y recibirán un premio y su logro se anunciará durante los anuncios de la mañana.

Teen REACH!

As we pass the halfway mark for programming, we have seen many successes within the Teen REACH program. Over the winter break, participants enjoyed the following field trips; Feed Our Starving Children, Paint n' Party, local art museums, and a unique activist program hosted by the Skokie Holocaust Museum. Programming has seen an increase in active voices from participants and their desire to learn about STEM (Science, Technology, Engineering, and Mathematics) and an increase in their social/emotional skills. Grove and Friendship Jr. High school have very limited space for new participants and continue to grow in numbers and attendance every week.

Homes Middle School will continue to advertise the Teen REACH program throughout the school and host a pizza party for those interested in learning more about the program in the upcoming weeks. With Summer approaching quickly, staff will introduce our free Summer 2023 program to guardians of those members who are currently enrolled and would like to participate.

Youth Advisory Council (YAC)

The Elk Grove Youth Advisory Council (YAC) is meeting on a weekly basis this month to work on the final stages of their planning for Operation Snowball. Operation Snowball is an international one-day youth program that empowers student leaders through prevention education, community advocacy, and leadership development to create a positive impact. Student leaders have chosen "Under The Sea" as a theme. They have created an agenda with various activities and workshops for students and community members for Operation Snowball. Operation Snowball will take place on March 18th.
