D. Petro thanked everyone for their comments and encouraged everyone to continue to communicate their thoughts with the Board.

4. SUPERINTENDENT’S REPORT

D. Schuler thanked all those men and women who served our country in the military. He reported that the District had a number of powerful Veterans Day programs to honor those who served our country.

This Board meeting was the annual meeting where Comprehensive Annual Financial Report and the 2020 audit are presented to the School Board. The District had another outstanding audit and he commended the business staff and staff from the buildings for their financial management and reporting. Jason Coyle, from Baker Tilly was in attendance during the evening to answer any questions from Board Members.
D. Schuler also noted that this is the meeting the District annually presents the Bond Record Keeping Report and that was included in the Board packet.

Because the Board was not able to visit Prospect High School for the Board Workshop last month, D. Schuler asked Principal Minter and some of his staff and students to share a few updates. D. Schuler introduced G. Minter.

G. Minter thanked the Board for the opportunity for several members of the staff to present this evening on behalf of the 200 staff members of Prospect High School. He introduced C. Cirrincione, the advisor for the Associated Student Body group, which is the newly formed group functioning as an expanded student council to involve a more representative group of students. C. Cirrincione explained that students join one of five teams that more closely align with career pathways of interest. The tagline “Every Knight” was developed to emphasize that everyone has the potential to reach excellence. The school also focused on connecting with the incoming freshmen this year with 47 staff members volunteering time this summer for home visits to start connections with these new Knights. Each freshman has had at least three points of contact and has met at least 10 other freshmen and an additional staff member through the outreach and orientation sessions prior to the start of the school year. G. Minter noted that the school is reimagining all of the student leadership programs through this new lens. He introduced K. Page, the Teaching and Learning Facilitator and a 25-year physics teacher, to provide an example of hybrid learning that is occurring. K. Page showed a video of her teaching using the technology available to all staff to teach the in-person and the remote students simultaneously and showed video of the physics teachers developing materials and labs for their students who are attending remotely and in-person. G. Minter introduced P. Weber, the instructor for the new music production course that has been developed to provide for students who did not start playing an instrument early in their education to become involved in the field of music through other music pathway opportunities. P. Weber described the purpose of the course and the plans for developing a four-year career pathway program. The course this year has fifty students this semester and has a broad demographic mix of students. He played a sample of songs the students have produced.

G. Minter noted that despite the challenges that this year has presented, good education is still being delivered by the creativity of the staff. Board members asked about the difficulties of teaching remotely and how students develop the skills when they are not in person, as well as the concerns about cheating in remote courses. K. Page noted that these circumstances have required teachers to more closely identify the core competencies needed by students and to develop those skills within the students through the work they are doing. Assessments have also changed to be more project based and hands on. Teachers can also assign work that they oversee virtually through Zoom and provide different prompts to students. Board members also asked about the course possibilities for students in the music production pathway and P. Weber described how broad the music field is in terms of both the business and the production of music that can lead to courses as diverse as the science of sound to the science of mixing audio. They are currently looking at university partners for dual-credit opportunities. D. Petro thanked the staff for embracing the use of technology and noted the vision it took by the administration to bring the district to where it is today. D. Schuler thanked the PHS staff for their work and dedication in focusing on the social well-being of students and making those personal connections with the freshmen.

D. Schuler noted that this past year, our associate superintendent for finance and operations, served as president of the Illinois Association of School Business Officials (IASBO) association. Normally, their Executive Director would come and make a personal visit to a Board Meeting of the IASBO President to thank the Board for allowing that individual to serve. With the restrictions on the number of people in a social gathering reduced to 25, they put together a brief video this year to acknowledge C. Johnson for her service IASBO.
M. Altmayer, D. Romano, J. Busch, from the Board of Directors, and M. Jacobi, executive director, from IASBO offered congratulations and thanks to C. Johnson for her time and leadership and thanked the District for supporting C. Johnson’s involvement and commitment to IASBO. In honor of C. Johnson’s commitment and term as president, the IASBO Foundation presented a check for $2500.00 to the District 214 Education Foundation in her name.

D. Schuler noted that this is an incredibly challenging time for students and teachers across Illinois and the country academically. As is the case with just about every other district, students are overcoming countless personal challenges with many having taken on jobs or providing care to younger siblings. High School District 214 is facing these same challenges and it’s measurable in our recent interim grade reports. While the district does have some interim grade reporting, these are not final grades for the semester. Based on our first quarterly progress reports, we had an increase of 2% (1,586) of total grades issued and are maintaining a success rate (A’s, B’s, and C’s) of 86.3% overall, a 4.2% drop from last year. While this is an increase, that is still an excellent percentage for a high school district. There is a potential for impact on final semester grades, but he noted the staff is committed to helping our students succeed.

D. Schuler noted that the District continues to offer on-demand virtual tutoring at all our school sites, the District has hired additional support staff to reach out to students identified by our early intervention teams, teachers are providing access to on-demand curricular resources via our learning management system, and counselors are making personal connections to ensure students are aware of available resources.

D. Schuler acknowledged that noted earlier in public comments that extra-curricular activities are not occurring in the high schools this fall, but that is not the case. Since the school year began, all sports had IHSA-sanctioned contact days and our fall athletic session included boys and girls golf, boys and girls cross country, girls tennis and girls swimming and diving. In addition, the other co-curricular activities that have been meeting this school year include: Math Team, Chess, Band, Orchestra, Choir, robotics, women’s empowerment club, student council, speech, drama, tech crew, NJROTC, Wildcat Robotics, Knight’s United, Orchesis, Honors District Orchestra, Fall Plays, BG Network TV, National Honors Society, DECA, Journalism, and Class Officers. Staff and students are having a robust co-curricular experience this school year, albeit, a different experience than usual.

D. Schuler reported that this is the quarterly meeting where we update the Board on our Food and Nutrition Services program. When schools opened fully remote the week of August 17, weekly curbside meal bag pickup began on Wednesdays, 3:30-5:30 pm. On September 2, 2020, the USDA announced a waiver to allow all school districts to participate in the Summer Food Service Program (SFSP) and provide free meals to all children 18 and under in the community through December 2020. The SFSP allows the District to provide 7 days of breakfast and lunch meals (including weekends and holidays) to children in need. Meal bags consist of seven complete breakfasts and seven complete lunches containing proteins, whole grains, fruit, vegetables, and milk. Bags contain a mixture of fresh, refrigerated and frozen items and items must be stored in refrigeration within one hour of pickup. Instructions for storing and cooking of the meals are provided in the bag and available on the Food and Nutrition Services page of the District 214 website. Children do not need to be present at the time of pick-up. Parents or students can pick up a meal bag at any District school and do not need an ID for pick-up.

On October 9, 2020, The Summer Meals program waiver was extended allowing schools to continue to offer free meals until the end of the 2020-21 school year. From August 17 through October 31,
2020, 143,524 breakfasts and 141,727 lunches were distributed to our students and children in the community (ages 1-18).

D. Schuler reported that on October 15th, our schools moved to a flex-hybrid model where one-third of our students were invited back into the buildings for on-site learning 2 days in a row. A grab and go meal bag is now offered, which includes a breakfast and lunch, to all students free of charge in attendance while continuing our weekly curbside meal bag pick up for remote learners and children in the community. ISBE recently updated the district’s application and the USDA reimburses all meals served.

Students leaving school on Wednesdays can pick up a meal bag on their way home. They speak fondly of seeing our staff members helping distribute food into cars. Our students see the benefits of helping others, and know those in their community care about them.

At 8:13 p.m., B. Dussling left the meeting.

The district received the following Freedom of Information Act requests that were complied with consistent with School Code:

- E. Bauer requested student information.
- R. Degre requested student information.
- Ellingson requested student and staff information.
- V. Espi requested financial information.
- K. Murschel requested student and financial information.
- T. Robb requested personnel information.
- R. Shepard requested financial information.

At 8:16 p.m., B. Dussling reentered the meeting.

D. Schuler announced that there are three resolutions on the Board Agenda for this meeting. This year, November 16-20, 2020 has been declared American Education Week in recognition of the contribution American educators make toward shaping our country's future leaders. This year's tagline is "Reach. Educate. Inspire" and the first resolution is in support of American Education Week.

The second resolution is to support School Board Member Day. To recognize the outstanding efforts of the nearly 6,000 elected school board members throughout the State, November 15, 2020 is designated as “School Board Members Day” in Illinois. This is an opportunity to build community awareness and understanding about the essential role locally elected board of education members assume in a representative democracy. This year’s School Board Members Day theme is “Perseverance through Leadership.” The honorary day offers an opportunity to recognize the leadership provided by local boards of education as they build stronger relationships between the school board members, the community, faculty, business partners, local civic and parent organizations, and other area community leaders.

D. Schuler noted that the third resolution supports High School District 214 commitment to engaging in Anti-Racism, Diversity, Equity, and Inclusionary practices and initiatives. District 214 will continue to work to create a culture and school climate that supports every student and staff member, and the District commits to ensuring that it will not limit student opportunity, access, and success on the basis of a person's actual or perceived characteristics. National events and racial justice awakening in recent months have prompted District 214 to expand actions and efforts that were underway and had stemmed from many discussions among District 214 leadership, employee groups, and students. A Districtwide Anti-
Racism, Diversity, Equity, and Inclusion Strategic Council composed of staff and a student and parent council have been formed. It is the intent to continue to expand anti-racism, diversity, equity and inclusion professional development training for all staff and administrators; to conduct a curriculum and instructional materials audit; present an annual anti-racism, diversity, equity, and inclusion report to the School Board during a workshop or a regularly scheduled meeting and not hold summer school, summer camps, or other activities on June 19. This third resolution supports that work.

D. Schuler commended the staff, who are doing outstanding work in the schools providing instruction to students. He noted that these are not easy times with the number of cases rising dramatically throughout our community, but the District continues to not see many cases in the schools and have not experienced in-building spread of the infection, due to the mitigation efforts of students and staff. They are doing a great job of maintaining social distancing, wearing a mask at all times and washing their hands frequently.

D. Schuler ended his report by celebrating the unsung heroes who are cleaning the facilities on an ongoing and daily basis. He is incredibly proud of the Custodial and Maintenance staff.

5. BOARD MEMBER UPDATES

A. Kreutzer reported on the IASB North Cook Division meetings, announcing that that Spring meeting will be held on March 17, 2021 and will feature a speaker on finance. The evening will include a pre-meeting for school board candidates. She noted that the district was one of three to receive recognition at the Fall division meeting for the Board Governance Recognition award. The IASB Delegate Assembly will be meeting on Saturday to discuss the proposed resolutions for the year. She indicated she is still waiting on two additional ballots from Board members, and based on the current ballots, the District will be supporting the proposed equity belief statement. Additionally, A. Kreutzer attended the Elk Grove TIF Joint Review Board annual meeting. There will be a $600,000 rebate coming from one of the TIFs, and an additional TIF will be coming off the rolls that had an original EAV of just over $656,000 that was frozen for the life of the TIF and the EAV is now projected at over $14,860,000. The Village has preliminary work being done on two additional TIF proposals.

B. Dussling attended the Insurance Committee and reported that expenses are running between 84-85% versus premiums, and that they anticipate that will increase, but it is where it was projected to be for this time of year. He acknowledged E. Bennett, BGHS choir director, who has been nominated for the second year in a row for the High School Educators Grammy Award, and M. Malek, WHS band director, who was named an outstanding educator by University of Chicago students who are District alumni.

D. Petro acknowledged the staff and students at EGHS who have continued their outreach to the Oasis Trailer Park community with a coat drive, in addition to library access. JHHS is also running a blood drive through the Scrubs Club.

M. Palmer acknowledged the work of JHHS graduate Kati Standefer who currently has a book, Lightning Flowers, My Journey to Uncover the Cost of Saving a Life, on the best sellers lists. She acknowledged the emails she receives from the parents and the public, noting she reads them all and is listening to the concerns, but there is no way she can respond to each one personally. She announced that tomorrow evening, RMHS will be virtually hosting it V-Show and as well as PHS hosting theirs. She also reported that she has met with senior officials at Northwest Community Healthcare regarding the community response to COVID-19 and she will be attending additional upcoming meetings.

M. Hineman thanked the community members for their emails and for sharing their concerns. He announced that there is a lot going on with Community Education, including the rebranding of the
swimming programs to “Core Aquatics,” with an overall increase of 25% in participation this fall. They will be including individual swim lessons in the spring. He noted that the Adult Literacy program is celebrating its 35th year of teaching reading and writing skills. The program started in 1985 with 8 students. To date, there have been over 6200 tutors and over 13,000 students. M. Hineman acknowledged the student volunteer efforts at JHHS to host the annual blood drive and the 51st annual food drive, which this year will be this Saturday as a drive through/drop off process due to the pandemic. Individuals can also contribute by purchasing $50.00 gift cards through the JHHS website. All donations are distributed through the St. Alphonsus Liguori food pantry and the Northwest Compass food pantry.

L. Walker reported on the various celebrations honoring veterans held at each of the schools, from videos to new display cases honoring fallen veterans to 5k walks, as he acknowledged all of the veterans who have served over the years, including B. Dussling, a Vietnam veteran. He attended the WHS school band performance for the Friday night lights production and he thanked J. Randall and F. Mirandola for coordinating the district-wide event.

B. Dussling reported that the State Comptroller’s office is approximately $1.2 million behind in remitting Illinois State Board of Education approved funds to the district.

Approved the Resolution on High School District 214's Board of Education's Support for Anti-Racist, Diversity, Equity, and Inclusionary Practices and Initiatives. Resolution attached to official minutes.

10. 2020 TENTATIVE TAX LEVY 2020-143

It was moved by Palmer and seconded by Kreutzer that the Board of Education approve the tentative levy as outlined; that the Board of Education authorize a public hearing to be held concerning the proposed levy on December 10, 2020, at 7:00 p.m. at the Forest View Educational Center, 2121 S. Goebbert Rd., Arlington Heights, Illinois; and that the Board of Education authorize the Secretary to publish notice of the public hearing.

D. Schuler reported that the Tentative Tax Levy is based on the CPI rate of 2.3% and the need to capture new property with three TIFs coming off the tax rolls. The tentative levy is set for 4.99% which is down from last year’s request of 6%. With TIFs, the property tax burden is shifted to the residential owners and other business owners outside of the TIF. To capture those TIF properties now will reduce that burden.

Discussion included:
  o questioning how the 4.99% figure was arrived at versus using a higher percentage, such as 8%, to make sure the District captures all new property;
  o how the new property dollars could potentially affect the average homeowner.

Upon roll call, the motion carried.

12. **RESOLUTION AUTHORIZING AND DIRECTING THE EXECUTION OF A 2020-145 PARAMETERS RESOLUTION: RESOLUTION PROVIDING FOR THE ISSUE OF NOT TO EXCEED $19,800,000 GENERAL OBLIGATION LIMITED REFUNDING SCHOOL BONDS, SERIES 2020, FOR THE PURPOSE OF REFUNDING CERTAIN OUTSTANDING BONDS OF THE DISTRICT, PROVIDING FOR THE LEVY OF A DIRECT ANNUAL TAX TO PAY THE PRINCIPAL AND INTEREST ON SAID BONDS, AND AUTHORIZING THE SALE OF SAID BONDS TO THE PURCHASER THEREOF**

The President announced that the next item for consideration was the issuance of not to exceed $19,800,000 general obligation limited bonds to be issued by the District pursuant to Article 19 of the School Code for the purpose of refunding certain of the District’s outstanding bonds and the adoption of a resolution providing for the issue of said bonds and the levy of a direct annual tax to pay the principal and interest thereon. The resolution sets forth the parameters for the issuance of said bonds and sale thereof by designated officials of the District and summarized the pertinent terms of said parameters, including the specific parameters governing the manner of sale, length of maturity, rates of interest, purchase price and tax levy for said bonds.

It was moved by Dussling and seconded by Hinemen that the Board of Education approve the execution of a Parameters Resolution: Resolution Providing For The Issue Of Not To Exceed $19,800,000 General Obligation Limited Refunding School Bonds, Series 2020, For The Purpose Of Refunding Certain Outstanding Bonds Of The District, Providing For The Levy Of A Direct Annual Tax To Pay The Principal And Interest On Said Bonds, And Authorizing The Sale Of Said Bonds To The Purchaser Thereof.

D. Schuler indicated that C. Johnson was able to identify the potential to refinance these bonds with the same maturity date while saving between $2 million to $2.5 million in interest over the remaining life of the bonds. He noted that the administration recommends approval.

Discussion included:
  - thanking C. Johnson for identifying the advantageous rate.
Upon roll call, the motion carried. *Resolution attached to official minutes.*

Subject: Destruction of Closed Meeting Audio Recordings

BACKGROUND INFORMATION:

The Illinois Open Meetings Act (5 ILCS 120/2.06) requires that Boards of Education keep a verbatim record of their closed meetings in the form of an audio or video recording. SUBJECT: Board of Education Policy Manual Revisions – PRESS Editions

BACKGROUND

One of the goals of the Board of Education and administration for the 2007-08 school year was to conduct a comprehensive review the District 214 Board of Education Policy Manual. After researching possible methods to accomplish a thorough review, the Board agreed to work with the Illinois Association of School Boards (IASB) for a complete review and revision of Board policies. A working group met over the course of five months to review and revise each policy for District 214. The IASB consultant met with the Board of Education on June 30, 2008 to present the revised Policy Manual at a Board Workshop. The Board of Education approved the new manual on August 7, 2008.

In addition to the comprehensive review, the District 214 Board of Education is using the Policy Reference Education Subscription Service (PRESS) of IASB to keep the policy manual up to date. This resource provides the legal rationale and references for suggested policy revisions to assist the Board in focusing on their leadership role while complying with state and federal law.

ADMINISTRATIVE CONSIDERATION

The IASB Policy Reference Manual provides a system for regular updating of policies to ensure legal compliance and provides cross-referencing of related policies and the legal references. Every policy is reviewed at least once every five years or as a result of state or federal, Illinois School Code, or Illinois School Board of Education regulation or rule changes. The administration also makes recommendations for policy revisions as needed. Additionally, the Board is required by School Code to review select policies either annually or biennially.

RECOMMENDATION

That the Board of Education approve the recommended policy revisions from PRESS as presented:

Policies that were reviewed in the five-year cycle that required no new revisions are:

5:270 6:315 7:300

PRESS and Administration Recommended Revised Policies:

Superintendent

Duties and Authority

The Superintendent is the District’s executive officer and is responsible for the administration and management of the District schools in accordance with Board of Education policies and directives, and State and federal law. District management duties include, without limitation, preparing, submitting, publishing, and posting reports and notifications as required by State and federal law. The Superintendent is authorized to develop administrative procedures and take other action as needed to implement Board policy and otherwise fulfill his or her responsibilities. The Superintendent may delegate to other District staff members the exercise of any powers and the discharge of any duties imposed upon the Superintendent by Board policies or by Board vote. The delegation of power or duty, however, shall not relieve the Superintendent of responsibility for the action that was delegated.

Qualifications

The Superintendent must be of good character and of unquestionable morals and integrity. The Superintendent shall have the experience and the skills necessary to work effectively with the Board, District employees, students, and the community. The Superintendent must have and maintain a Professional Educator License with a superintendent endorsement issued by the Illinois State Educator Preparation and Licensure Board.

Evaluation

The Board will evaluate, at least annually, the Superintendent’s performance and effectiveness, using standards and objectives developed by the Superintendent and Board that are consistent with the Board’s policies and the Superintendent’s contract. A specific time should be designated for a formal evaluation session with all Board members present. The evaluation should include a discussion of professional strengths as well as performance areas needing improvement.

The Superintendent shall annually present evidence of professional growth through attendance at educational conferences, in-service training, or similar continuing education pursuits.

Compensation and Benefits

The Board and the Superintendent shall enter into an employment agreement that conforms to Board policy and State law. This contract shall govern the employment relationship between the Board and the Superintendent. The terms of the Superintendent’s employment agreement, when in conflict with this policy, will control.

Use of Credit and Procurement Cards

The Superintendent and employees designated by the Superintendent are authorized to use District credit and procurement cards to simplify the acquisition, receipt, and payment of purchases and travel expenses incurred on the District’s behalf. Credit and procurement cards shall only be used for those expenses that are for the District’s benefit and serve a valid and proper public purpose; they shall not be used for personal purchases. Cardholders are responsible for exercising due care and judgment and for acting in the District’s best interests.

The Superintendent or designee shall manage the use of District credit and procurement cards by employees. It is the Board’s responsibility, through the audit and approval process, to determine whether District credit and procurement card use by the Superintendent is appropriate.

In addition to the other limitations contained in this and other Board policies, District credit and procurement cards are governed by the following restrictions:

1. Credit and/or procurement cards may only be used to pay certain job-related expenses or to make purchases on behalf of the Board or District or any student activity fund, or for purposes that would otherwise be addressed through a conventional revolving fund.

2. The Superintendent or designee shall instruct the issuing bank to block the cards’ use at unapproved merchants.

3. The Superintendent shall limit the amount each cardholder may charge in a single purchase or within a given month and inform the issuing bank of these limitations.

4. The Superintendent or designee must approve the use of a District credit or procurement card whenever such use is by telephone, fax, and the Internet. Permission shall be withheld when the use violates any Board policy, is from a vendor whose reputation has not been verified, or would be more expensive than if another available payment method were used.

5. The consequences for unauthorized purchases include, but are not limited to, reimbursing the District for the purchase amount, loss of cardholding privileges, and, if made by an employee, discipline up to and including discharge.

6. All cardholders must sign a statement affirming that they are familiar with this policy.

7. The Superintendent shall implement a process whereby all purchases using a District credit or procurement card are reviewed and approved by someone other than the cardholder or someone under the cardholder’s supervision.

8. Cardholders must submit the original, itemized receipt to document all purchases.

9. No individual may use a District credit or procurement card to make purchases in a manner contrary to State law, including, but not limited to, the bidding and other purchasing requirements in 105 ILCS 5/10-20.21, or any Board policy.

10. The Superintendent or designee shall account for any financial or material reward or rebate offered by the company or institution issuing the District credit or procurement card and shall ensure that it is used for the District’s benefit.

The Superintendent, in addition to other assigned financial responsibilities, shall report monthly on the District’s financial performance, both income and expense, in relation to the financial plan represented in the budget.

Annual Audit

At the close of each fiscal year, the Superintendent shall arrange an audit of the District funds, accounts, statements, and other financial matters. The audit shall be performed by an independent certified public accountant designated by the Board and be conducted in conformance with prescribed standards and legal requirements. A complete and detailed written audit report shall be provided to each Board member and to the Superintendent.

The Superintendent shall annually, on or before October 15, submit an original and one copy of the audit to the appropriate Intermediate Service Center.

Annual Financial Report

The Superintendent or designee shall annually prepare and submit the Annual Financial Report on a timely basis using the form adopted by the ISBE. The Superintendent shall review and discuss the Annual Financial Report with the Board before it is submitted.

Inventories

The Superintendent or designee is responsible for establishing and maintaining accurate inventory records. The inventory record of supplies and equipment shall include a description of each item, quantity, location, purchase date, and cost or estimated replacement cost, unless the supplies and equipment are acquired by the District pursuant to a federal or State grant award, in which case the inventory record shall also include the information required by 2 C.F.R. 200.313, if applicable. The Superintendent shall establish procedures for the management of property acquired by the District under grant awards that comply with federal and State law.

Capitalization Threshold

To be considered a capital asset for financial reporting purposes, a capital item must be at or above a capitalization threshold of $5,000 and have an estimated useful life greater than one year.

Disposition of District Property

The Superintendent or designee shall notify the Board, as necessary, of the following so that the Board may consider its disposition: (1) District personal property (property other than buildings and land) that is no longer needed for school purposes, and (2) school site, building, or other real estate that is unnecessary, unsuitable, or inconvenient. Notwithstanding the above, the Superintendent or designee may unilaterally dispose of personal property of a diminutive value. The Superintendent
shall establish procedures for the disposition of property acquired by the District under grant awards that comply with federal and State law.

**Taxable Fringe Benefits**

The Superintendent or designee shall: (1) require that all use of District property or equipment by employees is for the District’s convenience and best interests unless it is a Board-approved fringe benefit, and (2) ensure compliance with the Internal Revenue Service regulations regarding when to report an employee’s personal use of District property or equipment as taxable compensation.

**Controls for Revolving Funds and Petty Cash**

Revolving funds and the petty cash system are established in Board policy 4:50, *Payment Procedures*. The Superintendent shall: (1) designate a custodian for each revolving fund and petty cash fund, (2) obtain a bond for each fund custodian, and (3) maintain the funds in compliance with this policy, State law, and ISBE rules. A check for the petty cash fund may be drawn payable to the designated petty cash custodian. Bank accounts for revolving funds are limited to a maximum balance of $1500.00. All expenditures from these bank accounts must be directly related to the purpose for which the account was established and supported with documentation, including signed invoices or receipts. All deposits into these bank accounts must be accompanied with a clear description of their intended purpose. The Superintendent or designee shall include checks written to reimburse revolving funds on the Board’s monthly listing of bills indicating the recipient and including an explanation.

**Control Requirements for Checks**

The Board must approve all bank accounts opened or established in the District’s or a District school’s name or with the District’s Federal Employer Identification Number. All checks issued by the School District must be signed by either the Treasurer or Board President, except that checks from accounts containing student activity funds or fiduciary funds and checks from revolving accounts may be signed by their respective account custodian.

**Internal Controls**

The Superintendent is primarily responsible for establishing and implementing a system of internal controls for safeguarding the District’s financial condition; the Board, however, will oversee these safeguards. The control objectives are to ensure efficient business and financial practices, reliable financial reporting, and compliance with State law and Board policies, and to prevent losses from fraud, waste, and abuse, as well as employee error, misrepresentation by third parties, or other imprudent employee action.

The Superintendent or designee shall annually audit the District’s financial and business operations for compliance with established internal controls and provide the results to the Board. The Board may from time-to-time engage a third-party to audit internal controls in addition to the annual audit.

Substitutions for Required Courses

A student in grades 9-12 may satisfy one or more high school courses (including physical education) or graduation requirements by successfully completing related vocational or technical education courses or a registered apprenticeship program if:

1. The Building Principal approves the substitution(s) and the vocational or technical education course is completely described in curriculum material along with its relationship to the required course; and
2. The student’s parent/guardian requests and approves the substitution(s) in writing on forms provided by the District.

6. All non-academic requirements mandated by School Code for high school graduation that would otherwise prohibit or prevent the student from participating in the registered apprenticeship program are waived.

**Advanced placement computer science.** The advanced placement computer science course is equivalent to a high school mathematics course. A student in grades 9-12 may substitute the advanced placement computer science course for one year of mathematics, in accordance with Section 27-22 of the School Code. The transcript of a student who completes the advanced placement computer science course will state that it qualifies as a mathematics-based, quantitative course.

**Substitutions for physical education.** A student in grades 9-12, unless otherwise stated, may submit a written request to the Building Principal to be excused from physical education courses for the reasons stated below. The Superintendent or designee shall maintain records showing that the criteria set forth in this policy were applied to the student’s individual circumstances, as appropriate.

A student who is eligible for special education may be excused from physical education courses pursuant to 7:260, *Exemption from Physical Education.*

**Volunteer service credit.** A student participating in the District’s Volunteer Service Credit Program, if any, may earn credit toward graduation for the performance of community service. The amount of credit given for program participation shall not exceed that given for completion of one semester of language arts, math, science, or social studies.
Re-Entering Students

Individuals younger than 21 years of age may re-enter high school to acquire a high school diploma or an equivalency certificate, subject to the limitations in Board policy 7:50, School Admissions and Student Transfers To and From Non-District Schools. Re-entering students may obtain credit through the successful completion of the following (not all of these may be available at any one time):

The Superintendent or designee may investigate, coordinate, and implement a program for students in grades 7 and 8 to enroll in a course required for a high school diploma. If a program is available, students in grades 7 and 8 may enroll in a course required for a high school diploma when the course is offered by the high school that the elementary student would attend and either of the following is satisfied: (1) the student participates in the course at the high school and the elementary student’s enrollment in the course would not prevent a high school student from being able to enroll, or (2) upon written agreement with a student’ssender district, the student participates in the course where the student attends school as long as the course is taught by a teacher who holds a professional educator license with an endorsement for the grade level and content area of the course.

Proficiency Credits
Subject to the limitations in this policy and State law, the Superintendent or designee is authorized to establish and approve a program for granting credit for proficiency with the goal of allowing a student who would not benefit from a course because the student is proficient in the subject area to receive credit without having to take the course. Health, Eye, and Dental Examinations; Immunizations; and Exclusion of Students

Required Health Examinations and Immunizations

A student’s parent(s)/guardian(s) shall present proof that the student received a health examination, with proof of the immunizations against, and screenings for, preventable communicable diseases, as required by the Illinois Department of Public Health (IDPH), within one year prior to:

1. Entering the ninth grade; and
2. Enrolling in an Illinois school, regardless of the student’s grade (including nursery school, special education, Head Start programs operated by elementary or secondary schools, and students transferring into Illinois from out-of-state or out-of-country).

Proof of immunization against meningococcal disease is required for students in grade 12.

As required by State law:

1. The required health examinations must be performed by a physician licensed to practice medicine in all of its branches, an advanced practice registered nurse who has a written collaborative agreement with a collaborating physician authorizing the advanced practice nurse to perform health examinations, or a physician assistant who has been delegated the performance of health examinations by a supervising physician.

2. A diabetes screening is a required part of each health examination; diabetes testing is not required.

3. Beginning with the 2017-2018 school year, an age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination. A student will not be excluded from school due to his or her parent/guardian’s failure to obtain a developmental screening or a social and emotional screening.

4. The District will provide informational materials regarding influenza, influenza vaccinations, meningococcal disease, and meningococcal vaccinations developed, provided or approved by the IDPH when it provides information on immunizations, infectious diseases, medications, or other school health issues to the students’ parent(s)/guardian(s).

Unless an exemption or extension applies, the failure to comply with the above requirements by the first day of school of the current school year will result in the student’s exclusion from school until the required health forms are presented to the District. New students who register after the first day of school of the current school year shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by the first day of school, the student must present, by the first day of school, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by the physician, advanced practice nurse, physician assistant, or local health department responsible for administering the immunizations.

A student transferring from out-of-state who does not have the required proof of immunizations by the first day of school may attend classes only if he or she has proof that an appointment for the required vaccinations is scheduled with a party authorized to submit proof of the required vaccinations. If the required proof of vaccination is not submitted within 30 days after the student is
permitted to attend classes, the student may no longer attend classes until proof of the vaccinations is properly submitted.

**Eye Examination**

Parent(s)/guardian(s) are encouraged to have their children undergo an eye examination whenever health examinations are required.

Parent(s)/guardian(s) of students entering an Illinois school for the first time shall present proof before October 15 of the current school year that the student received an eye examination within one year prior to entry of kindergarten or the school. A physician licensed to practice medicine in all of its branches or a licensed optometrist must perform the required eye examination.

If a student fails to present proof by October 15, the school may hold the student’s report card until the student presents proof: (1) of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15. The Superintendent or designee shall ensure that parent(s)/guardian(s) are notified of this eye examination requirement in compliance with the rules of the IDPH. Schools shall not exclude a student from attending school due to failure to obtain an eye examination.

**Dental Examination**

All children in ninth grade must present proof of having been examined by a licensed dentist before May 15 of the current school year in accordance with rules adopted by the IDPH.

If a child in the ninth grade fails to present proof by May 15, the school may hold the child’s report card until the child presents proof: (1) of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

The Superintendent or designee shall ensure that the parent(s)/guardian(s) are notified of this dental examination requirement at least 60 days before May 15 of each school year.

**Exemptions**

In accordance with rules adopted by the IDPH, a student will be exempted from this policy’s requirements for:

1. Religious grounds, if the student’s parent(s)/guardian(s) present the IDPH’s Certificate of Religious Exemption form to the Superintendent or designee. When a Certificate of Religious Exemption form is presented, the Superintendent or designee shall immediately inform the parent(s)/guardian(s) of exclusion procedures pursuant to Board policy 7:280, *Communicable and Chronic Infectious Disease* and State rules if there is an outbreak of one or more diseases from which the student is not protected;

2. Health examination or immunization requirements on medical grounds, if the examining physician, advanced registered nurse, or physician assistant provides written verification; or

4. Dental examination requirement, if the student’s parent(s)/guardian(s) show an undue burden or a lack of access to a dentist.

Search and Seizure

In order to maintain order and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. “School authorities” includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there. This paragraph applies to vehicles parked on school property. In addition, Building Principals shall require each high school student, in return for the privilege of parking on school property, to consent in writing to school searches of his or her vehicle, and personal effects therein, without notice and without suspicion of wrongdoing.

The Superintendent or his/her designee, may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student’s personal effects in the student’s possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the District’s student conduct rules. The search itself must be conducted in a manner that is reasonably related to its objective and not excessively intrusive in light of the student’s age and sex, and the nature of the infraction.

When feasible, the search should be conducted as follows:

1. Outside the view of others, including students,
2. In the presence of a school administrator or adult witness, and
3. By a certificated employee or liaison police officer of the same sex as the student.

Immediately following a search, a written report shall be made by the school authority who conducted the search, and given to the Superintendent or designee.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the District’s policies or rules, such evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities.

Notification Regarding Student Accounts or Profiles on Social Networking Websites

The Superintendent or designee shall notify students and their parents/guardians of each of the following in accordance with the Right to Privacy in the School Setting Act, 105 ILCS 75/:

2. School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student’s account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

For 2020, the tax cap will limit tax growth by the rate of inflation (2019 CPI 2.3 percent), plus any new property, construction, and TIF expirations. Two TIF districts in Prospect Heights are expiring in 2020, Milwaukee & Palatine and the Palatine Road TIFs. The Grove Mall TIF in Elk Grove is also expiring. The additional EAV is projected to be just over $24m. The 2020 tentative tax levy, including debt service, results in an overall levy increase of 4.99% which will capture the value of existing property, new property, and construction, some of which may be greater than projected. The actual tax levy will be established by the Cook County Clerk’s office.

The Tentative 2020 Corporate and Special Purpose Property Tax Levy of $244,125,000 represents a 5.14 percent increase over the 2019 Corporate and Special Purpose Property Tax Extension of $232,198,077.

Additionally, the tentative levy for non-capped funds (Debt Service) of $3,406,000 represents a 4.8 percent decrease over the 2019 extension for Debt Service of $3,578,138. The overall levy increase, which includes Debt Service in 2020, is 4.99 percent.

ADMINISTRATIVE CONSIDERATIONS:

Although the total proposed levy increase is 4.99 percent, it is anticipated that, as in previous years, the actual tax extension will be reduced by the tax cap.

In compliance with the Truth in Taxation Law, a levy hearing has been scheduled for December 10, 2020. After the hearing it is recommended that the Board approve the various levy related resolutions and certifications that are attached.
RECOMMENDED ACTION:

Subsequent to the public hearing regarding the 2020 tax levy:

1) That the Board of Education adopt and certify the Tax Levy Resolution regarding the 2020 Tax Levy as presented.

2) That the President and the Secretary be directed to also certify such levy on the Certificate of Tax Levy form.

3) That the President and the Secretary be directed to execute the Resolution Authorizing Reduction of Certain Fund Levies for the 2020 Levy Year.

4) That the President be directed to sign the Certification of Compliance with the Truth-In-Taxation Law.

5) That the Secretary be directed to file said documents with the Clerk of Cook County on or before December 29, 2020.
