Campus Parent Portal

The Campus Parent Portal is located at [https://ic.d214.org/campus/portal/parents/township_214.jsp](https://ic.d214.org/campus/portal/parents/township_214.jsp). The Portal can be accessed by each parent/guardian of enrolled student(s). Parents will see all children in their household, or students that are related.

First-time parent users that did not activate a portal account using the email sent by the district, must activate their account by obtaining the activation key from their school. Once the activation key is obtained, visit the link above and click New User, to begin the process.
Using the Campus Parent Portal
In the Campus Parent Portal, navigate between tools in the menu on the left. On mobile devices, this menu shrinks to a "hamburger" or "three bars" icon to save space. Click the user icon in the top right to view Notification Settings.

The Campus Parent Portal
Switch between students using the dropdown list in the corner.

If a tool is specific to a single student, such as Grades or Schedule, a student dropdown list displays in the top right corner. This dropdown list does not display for tools that are not student specific like Announcements and Payments.

Fees that are still owed, have been paid, or were made void appear in this list, followed by the ongoing balance for these fees. The School Years dropdown list allows you to view fees assigned to the student according to the school year in which they were assigned. Notification Settings

Notification settings allow users to opt out of receiving specific kinds of notifications and establish thresholds for those they want to receive. Set thresholds to only receive notifications when a grade or score falls below the selected percentage or a lunch balance falls below the selected dollar amount. Click the arrows to change the threshold or click and drag the dot. Notifications are not sent for any tools that have been disabled by the district.

Enable notifications and set thresholds to determine when notifications are sent.
Account Settings

Account settings allow users to update their security email on record or to change their Password and E-Signature PIN.

- The Account Security Email is the email used if a user forgets their username or password.
- Passwords can only be modified if the district has enabled Password Reset. Strong passwords are enforced, meaning that passwords should have a mix of letters, number, and characters to make them more secure.
- E-Signature PINs are used to electronically verify and sign Meal Benefit Applications. This field is only available if enabled by the district.

Access Account Settings to update basic account information.

Contact Preferences

Manage your contact preference by selecting the desired language and when you receive message, and how you receive that message (phone call, email, or text message). If your school has turned on certain options, you may be able to modify your phone numbers and email addresses.

From the User Menu, select Settings, then select Contact Preference. Review existing contact information (phone numbers and email addresses), enter any updates, and mark your desired Messenger Preferences. When phone and email changes are made, an email notification acknowledging the change is sent to the individual, alerting them to changes they may not have made.
