

WHEELING WILDCAT NEWS

QUARTER 1

PARENT NEWSLETTER 2024-2025

A Letter from Principal Hubbard

Dear WHS Families,

We hope this first installment of the 2024-25 WHS Quarterly Newsletter finds you well and enjoying the tail end of this summer. As we approach the beginning of the school year, we do so with an incredible amount of excitement and enthusiasm. We have taken the past couple of months to reflect on, review, and analyze last school year, while feverishly planning, developing, staffing, upgrading, and preparing for another incredible Wildcat academic year.

It is our honor and privilege to welcome all the new families and students joining our learning community, in addition to welcoming back all of our returning families and students. At Wheeling High School, we deeply value the importance of relationships and work tirelessly to ensure that all students feel safe, seen, heard, valued, affirmed, and cared for here. When working with, for, and on behalf of one another, we can collectively accomplish anything - that has been demonstrated in the past and will certainly be on display this school year.

In my third year as the WHS principal, I am very eager to see what this year has in store of us. I understand fully the responsibility that comes along with this position and since my first day in this building, have fostered a profound appreciation, respect, and love for our staff, students, and community. I am so grateful for the opportunity to serve and am genuinely committed to continuous improvement and maintaining the culture of care and celebration of our differences that all make this place so special.

Like all other years, this one will have its challenges, successes, growth opportunities, and wins. Every step of the way, our team will be prepared to and focused on being with your student(s) and family. We are motivated, humbled, ready, and proud to be part of WHS and honored to serve each and every one of you.

If you ever need anything, please do not hesitate to reach out. Thank you for your trust and partnership. Together, we will continue to #makeitmatter.

Yours in Education,

Dr. Bradford Hubbard
Principal
