Quarter 2 Parent Newsletter 2022-2023

A Letter from Principal Hubbard

Dear Wheeling High School Families and Community Members,

We hope this newsletter finds you and your family coming off of a wonderful holiday season and off to a great start in this new year. The last few weeks, we have taken a pause to reflect on what an incredible school year we have had so far here at WHS. We are incredibly proud of what our students and staff have accomplished with one another and we are eager for what second semester has in store.

On a regular basis, we take stock in what has been achieved, while also constantly working to plan, improve, and grow in our relentless pursuit of creating the environment, ensuring the opportunities, affording the access, and fully supporting each student to reach their full potential and succeed in their goals. The natural pause that comes with Winter Break is a time for us to do both the looking back and the looking forward.

What lies ahead is exciting. In future celebrations, events, ceremonies, and communications we will gladly acknowledge what our students and staff are able to realize and attain between now and the end of the year. For now, however, we are thrilled to share a glimpse into some of the amazing things accomplished since the beginning of the year. Certainly, on a daily basis, there are wins, achievements, and successes worthy of praise. During the course of a whole semester or year, they are countless. Knowing this list could be much longer, here are just some of the highlights from this school year:
