WELCOME TO THE 2022-23 SCHOOL YEAR AT EGHS

by Amanda Lamorte - School Social Worker - Junior POD

Our Student Services Department is excited to welcome you and your child(ren) to the 22-23 school year! As a department, we aim to provide the most well-rounded support and guidance for your student(s). Our goal is that they learn to develop and sustain healthy and effective social, emotional, and academic learning skills, both now and for their future. We offer a wide range of social wellness groups, in addition to a number of evidence-based enrichment activities and lessons. We would love to increase our communication and collaboration with parents as well! Please stay tuned for additional information regarding that. We look forward to a great school year! Please don't hesitate to reach out :)

LEGACY

GRENS FIRST DAYS

by Sean Mulcrone - School Psychologist - Sophomore POD

"Yay!! We're so excited to go back to school!" may not be something you hear your child say as the school year grows closer, but the staff at Elk Grove High School have been hard at work trying to make this upcoming school year a successful one. For many kids, these last two school years have been very difficult. To help kids feel more comfortable, the staff at EGHS will take 30 minutes of each class period during the first week of school to focus on topics like: how to manage your time better, what to do when you notice that you need help in class, understanding our new cell phone policy, and other fun activities to help kids get to know one another. Research shows that when kids feel more connected and comfortable in school, they do better in their classes. Our goal is to help build that connection and set them up for lifelong success. So even if your kids aren't excited to be back, we're excited to welcome them back and start the school year off right!

HOW TO HELP THE EMOTIONAL CHILD

by Sean Mulcrone - School Psychologist - Sophomore POD

We've all been there; feeling at a complete loss when our children are having an emotional breakdown and nothing we say or do seems to do any good at all. Reassurances that things aren't as bad as they seem, or that things will be ok don't calm them down; and getting them to think through the problem are met with more anger or "you don't understand!". It can be a helpless feeling for a parent. Our own frustrations might seep in and we might find ourselves getting emotional too; which can make things really interesting! So, what are we to do?

While the individual reasons why our children are so upset can be very different, one helpful thing to do in these types of situations is listen and try to validate how they are feeling or what they are going through. When children feel like they are understood and are able to put words to strong emotions, they become calmer; which then allows them to think more clearly. Anytime we are upset, we want to be understood and validated first. Think back to a time when you might have been upset with someone (maybe your partner or significant other), and imagine how it would feel if you were talking to a friend and the first thing they said was "yeah, but I think they're right, what you did was wrong". Maybe your friend makes a good point--maybe you needed to hear that, but in that moment we are likely to get more upset--to feel like our friend isn't listening or doesn't understand.

With our children it's hard because we often feel like we know them and think we know the real reasons why they are upset. Maybe we do, or maybe we don't; but we'll probably have much more success calming them by approaching the situation with curiosity and a desire to make them feel understood. Validating our children's feelings and making them feel listened to is not the same as agreeing with them, or letting them do whatever they want. We can still understand them and hold them accountable. After we take the time to listen, we can say, for example "so, I heard that you are feeling _____, but we also need to do _____, so given that you are down here, and need to get up here, how can we do that?".

Once our children are calm, they become more rational and better able to think and problem-solve. We can still tell them what they need to hear, and hold them accountable, but we might have an easier time doing it (with a little less yelling) if we seek to understand their perspective first.

2022-2023: Quarter 1

MENTAL HEALTH AWARENESS WEEK 2022

by Amanda Lamorte -
School Social Worker - Junior POD
with excerpts copied from "The
American Foundation for Suicide
Prevention"

People have become increasingly comfortable talking about their mental health, particularly this past year. But the topic of suicide – when it comes up – is still scary for many people to think about.

September is National Suicide Prevention Month. At Elk Grove High School, it is one of the times that we designate to raise awareness around the importance of recognizing and responding to mental health in positive and healthy ways.

It's only by learning more about what leads someone to suicide, the ways we can help to prevent it, learn what resources are available – and not being afraid to ask when we're worried about someone, or for help when we need it ourselves – that we can empower our communities to address this leading cause of death.

We all have mental health. It's time we take the next step, ask more deeply about what someone is experiencing, and if we need it, find help together.

Together, we can help #StopSuicide.

We'll be hosting our "Mental Health Awareness Week" campaign from 9/6-9/9. This will be our 4th consecutive year in which offer a variety of school-wide activities to raise awareness around mental health. Students are able to partake in these activities during their lunch hour.

Please encourage your child to participate in our daily events!

The Ronald McDonald Care Mobile Clinic is coming to Elk Grove High School

August 18, 2022 (Thursday)
October 24, 2022 (Monday)

The Mobile Care Clinic provides free immunizations, as well as free sports physicals and 9th grade school physicals, to any student that attends Elk Grove High School. **In order to qualify, students either have to have Medicaid health coverage or be without any health insurance coverage.** Parents/Guardians who would like their student to participate in the clinic must complete a two-page Care Mobile application/consent form and turn it into the school health office one week prior to the clinic date for which their child is scheduled. If interested, please contact our school health office at 847-718-4473. Our health office can send the application via U.S. Mail, fax or email - whichever way best meets your needs.

La Clínica Móvil proporciona vacunas gratuitas, así como exámenes físicos deportivos y exámenes físicos escolares de noveno grado a cualquier estudiante que asista a la preparatoria Elk Grove. **Para calificar, los estudiantes deben tener cobertura médica de Medicaid o no tener cobertura de seguro médico.** Los padres / tutores que deseen que su hijo participe en la clínica, deben completar una solicitud / formulario de consentimiento de la Clínica Móvil de dos páginas y entregarlo en la oficina de salud de la escuela una semana antes de la fecha de la clínica para la que está programado su hijo. Si está interesado, comuníquese con la oficina de salud de nuestra escuela al 847-718-4473. Nuestra oficina de salud puede enviar la solicitud por correo postal, fax o correo electrónico - de la forma que mejor se adapte a sus necesidades.

Revised 08/01/22

District 214 administers assessments to its students to provide them, their parents, and high school staff with performance information. The information is used for:

- Placement in appropriate courses
- Identifying the need for additional instruction
- Monitoring student growth
- Determining the extent to which students are meeting district and state standards
- Obtaining data to enrich the curriculum and instruction
- Providing information for making post-secondary educational and vocational decisions

District 214 is committed to:

- Providing frequent, purposeful, appropriate, and fair assessments accompanied by timely feedback.
- Helping students and parents make good use of assessment data in the decision making processes.
- Training staff to understand and effectively utilize assessment data.

Township High School District 214 coordinates district-wide assessment programs for high school students:

- **State of Illinois Assessment Program** that complies with the requirements of the State Board of Education.
- **College-Bound Assessments** aid students in making decisions with regards to their college plans. These are assessments such as the National ACT and SAT where students register for the test online.

This brochure describes the assessments, Student Population, date and place for each assessment. Current fees shown for optional tests are subject to change.

TESTING ACCOMMODATIONS

If your student requires accommodations for testing under an IEP or 504 plan and will register for one of the optional assessments, please contact the counselor or case manager in your school at the beginning of the school year to learn how to apply for accommodations for the specific tests.

State of Illinois Assessment Program

PSAT 8/9 and **PSAT 10** are assessments in the College Board's SAT Suite of Assessments. The PSAT 8/9 and PSAT 10 are guidance resources that help students measure their current academic development, explore AP course options, and assess readiness for college and career options. The assessments include Reading, Writing and Language, and Math. The PSAT 8/9 and PSAT 10 will help prepare students for the SAT assessment taken during their junior year and are state required assessments.

SAT STATE TESTING

A state-funded **SAT with Essay** assessment will be administered to all high school juniors and is a graduation requirement. See the College-Bound Assessments section, for more information about the SAT.

Student Population: 11th grade students

Date: April 12, 2023

Locations: BGHS, EGHS, JHHS, PHS, RMHS, WHS, and Specialized Schools

ISA - ILLINOIS SCIENCE ASSESSMENT

The ISA (Illinois Science Assessment) is a state required science assessment that will be administered to all high school juniors. The assessment is aligned to the Illinois Learning Standards for Science incorporating the Next Generation Science Standards (NGSS). For more information <https://www.isbe.net/Pages/Illinois-Science-Assessment.aspx> for more information.

Student Population: 11th grade students

Dates: March/April 2023

Locations: BGHS, EGHS, JHHS, PHS, RMHS, WHS, and Specialized Schools

ACCESS FOR ELLs

ACCESS for ELLs (Assessing Comprehension and Communication in English State-to-State for English Language Learners) is a standard-based English Language Proficiency Test that tests students in the four language domains: Listening, Speaking, Reading, and Writing.

Student Population: All Students in the English Learner (EL) Program

Dates: January/February 2023

Locations: BGHS, EGHS, JHHS, PHS, RMHS, WHS, and Specialized Schools

SEAL OF BILITERACY

Seal of Biliteracy (The Illinois State Board of Education's Seal of Biliteracy Program) will place an official seal on diplomas and official recognition will be placed on transcripts of students who qualify in both English and another language. District 214 offers the AAPPL and Avant Stamp Language Assessments to help students qualify for the Seal of Biliteracy. The AAPPL is available in Arabic, Chinese (Mandarin), French, German, Hindi, Italian, Japanese, Korean, Portuguese, Russian, Spanish and Thai. The Avant Stamp 4S is available in Hebrew and Polish. More information can be found at <https://www.d214.org/assessments>. Registration will be available on the announcement section of the high school website in mid-August.

Student Population: 11th and 12th grade students who have met the English requirement

Fee: \$25

Dates: Tentative September 22, September 28 and November 17, 2022

Location: To be determined

College-Bound Assessments (optional)

ACT

ACT is a college readiness exam. The test measures a student's general educational achievement and ability to complete college level work. The multiple-choice tests covers English, math, reading and science. An optional writing test measures skills in planning and writing a short essay. Test questions are directly related to what students study in their high school courses. Although optional, the ACT or the SAT is required for admission by many post-secondary institutions. For more information and to view all ACT test dates and to register, visit <https://act.org/student>.

Grade: Predominantly college-bound 11th and 12th grade students

Fee: approximately \$63 (ACT + writing test \$88).

District 214 has applied to offer the following test dates, but are not finalized. ACT determines the locations of the tests. All test dates are Saturdays.

ACT Dates*	Registration Deadline	Locations
September 10, 2022	August 5	WHS
October 22, 2022	September 16	RMHS
December 10, 2022	November 4	EGHS, JHHS
February 11, 2023	January 6	EGHS, JHHS

* Note: The ACT will be open for both standard and accommodation testing only on the dates

AP - ADVANCED PLACEMENT

AP (Advanced Placement) exams are offered for students who have pursued college-level AP courses while in high school. Certain score levels on tests may allow students to receive advanced placement and/or credit upon entering college. Registration/payment for AP Exams are now required in the fall through the high school Assessment Center. For more information, visit <https://apstudents.collegeboard.org/>.

Student Population: Students enrolled in AP courses (optional)

Fee: approximately \$96 for each test

Dates: Monday, May 1, through Friday, May 12, 2023

Location: BGHS, EGHS, JHHS, PHS, RMHS, and WHS

PSAT/NMSQT

PSAT/NMSQT (Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test) measures the reading, writing and language, and math skills needed for college and career. Scores from the PSAT/NMSQT may qualify 11th grade students to be National Merit Scholars and enables students who score at the highest levels to qualify for college scholarships. It allows students to compare their academic skills with those of other college-bound students. The PSAT/NMSQT is administered during the school day, and is an optional exam offered to 11th grade students only. Registration/payment will be available in the fall through the high school Assessment Center. For more information visit: <https://satsuite.collegeboard.org/psat-nmsqt>.

If your student requires accommodations for testing under an IEP or 504 plan and will register for PSAT/NMSQT, contact the counselor or case manager in your school as soon as possible. The deadline to apply to College Board for accommodations is August 23, 2022.

Student Population: College-bound 11th grade students to qualify for National Merit Scholars or other college scholarships.

Fee: approximately \$30

Date: October 12, 2022

Location: BGHS, EGHS, JHHS, PHS, RMHS, and WHS

SAT

SAT measures the knowledge and skills that research shows are essential for college and career readiness and success. The assessment is composed of Evidence-Based Reading and Writing, and Math. Although optional, the SAT or the ACT is required for admission by many post-secondary institutions. For more information, to view all SAT dates and to register, visit <https://satsuite.collegeboard.org/sat>.

Student Population: Predominantly college-bound 11th and 12th grade students.

Fee: approximately \$60

Important Parent Information

CONTROVERSIAL ISSUES IN THE CLASSROOM

Township High School District 214's primary mission is to enable all students to learn the skills, acquire the knowledge, and develop the behaviors necessary for them to reach their full potential as citizens who can meet the challenges of a changing society. In a democracy that openly confronts acute and pressing political, social, economic, and moral problems, it is likely that such issues will be evident in classrooms. Discussions about these issues provide students with the type of learning experience that will help prepare them to meet the challenges of a global changing society.

District 214 provides its parents/guardians an opportunity to grant or refuse permission for their son or daughter to participate in a class activity or to request an alternative assignment when study materials are deemed controversial. Parents/guardians with concerns regarding controversial issues, materials, and curricula should contact the school's principal/designee. The administration has established guidelines, procedures, and safeguards for an unbiased, impartial handling of controversial issues in the classroom.

DISTRICT 214 HAS AN APP!

Want on-the-go information from District 214? There's an app for that! The District has officially launched a **free** iPhone and Android supported app that gives you mobile-friendly access to District 214 news and school information. Among other features, the new app offers a password-activated Contact Manager feature that lets parents, students and staff **opt in to receive text messages** in the case of closings or school emergency situations.

To set up the text service, visit www.d214.org/cm.pdf. You'll need your student's school ID# and one of the phone numbers on record in order to opt in. The app also features easy access to District 214's growing social media presence through clickable links to official Twitter, Flickr and Facebook feeds; maps; links to the Board of Education and employee contact pages of District 214's website; and links to all District 214 school and alternative program pages. The goal is to provide even better communication through the use of innovative technology – already a staple in our classrooms. This new app allows us to meet you where you're at and deliver relevant information as it's needed. The District 214 app is available for free download through Google Play and iTunes by searching for High School District 214.

ACCESS TO THE SCHOOL ELEVATOR

If your son or daughter needs the temporary use of an elevator card due to a medical condition, the card can be obtained from the school nurse, Ms. Yamate. If the card is lost or not returned, there will be a \$25 fine. Abuse of the elevator will result in consequences. If you have any questions, the nurse can be reached at 847-718-4473 or at morgan.vogel@d214.org.

D214 BUDGET INFORMATION

Section 17-1.2 of the Illinois School Code (105 ILCS 5/17-1.2) requires school districts to post the current budget, itemized by receipts and expenditures, on their website and to notify parents/guardians that the budget has been posted and the address of the website. Please click on the following link to find the information on the 2021/22 budget. <https://www.d214.org/departments/financial-documents/>

HARPER COLLEGE PROMISE SCHOLARSHIP

A SCHOLARSHIP OFFERED TO EVERY ELIGIBLE PUBLIC HIGH SCHOOL STUDENT IN THE HARPER COLLEGE DISTRICT THAT WOULD FUND UP TO TWO YEARS OF COLLEGE.

What if we could promise every public high school student in the northwest suburbs **an associate degree tuition free if they're willing to earn it?** Think of the possibilities for students, parents and our local workforce. An associate degree. Tuition free.

Under the Harper College Promise Scholarship Program every eligible incoming public high school student in Harper's district can earn an associate degree* at Harper College if they maintain solid grades, have good attendance, don't repeat classes, graduate on time and provide service to their community.

*Students can earn up to 60 credits of tuition inclusive of dual credit, AP credit and other prior credits earned. As of 2021, more than \$2.1 million in scholarship tuition has been administered to Promise students.

Promise scholars Meha Patel, Arij Ahmed, and Madelyn Kuffel at a Harper Foundation Event.

Jobs requiring an **associate degree or higher** are expected to grow at a faster rate than those requiring less than a degree.

Source: Bureau of Labor Statistics

"Our communities are going to thrive (with the help of the Promise Program). We're going to attract good jobs, we're going to attract businesses. I appreciate the collective commitment to what this is going to do to strengthen the entire region. It's a really big deal long term."

—Arne Duncan
former U.S. Secretary of Education

During their Freshman year of high school **34,357 students** have made the initial commitment to their Promise Scholarship.

Source: Harper Promise data as of January 2021

A PROMISE THAT PAYS FORWARD.

HOW IT WORKS

The criteria for the Harper College Promise Scholarship were developed by Harper College, area public high schools and northwest suburban business leaders to promote life skills and habits that will help students succeed in college and provide businesses with smart, skilled and motivated employees. The Promise Scholarship Program enables participating students to attend Harper without having to pay tuition[†] while they earn career certifications and associate degrees. However, signing up for the Promise program does not commit a student to go to Harper. So there's no reason not to sign up!

IN HIGH SCHOOL

The Program starts in the second semester of a student's freshman year in high school. If the student meets attendance, rigor, quality, persistence and community service requirements, the student can earn up to two years tuition at Harper College.

ATTENDANCE

Students may only be absent:

2nd semester of freshman year	5 days or less
Sophomore year	9 days or less
Junior year	8 days or less
Senior year	7 days or less

(3 tardies equal an absence)

RIGOR/QUALITY

Graduate college-ready.

Minimum annual grade point average (unweighted):

2nd semester of freshman year	2.0
Sophomore year	2.25
Junior year	2.25*
Senior year	2.3*

*No semester grades of D or F

PERSISTENCE

✓ Meet minimum credit standards at the end of each year.

✓ Graduate on time with their class.

COMMUNITY SERVICE

Number of hours per year:

2nd semester of freshman year	5
Sophomore year	10
Junior year	15
Senior year	20

AT HARPER COLLEGE

A high school student who meets the Program's requirements will earn the first semester of Harper tuition free. The student can continue to attend Harper College tuition-free, semester by semester, for up to four semesters (for a total of 60 credit hours inclusive of dual credit, AP credit or prior college credits earned before enrolling at Harper.)[†], if the student meets the following criteria.

RIGOR/QUALITY

Minimum grade point average:

1st semester	2.2
2nd semester	2.3
3rd semester	2.5
4th semester	2.5

No grades of D or F or withdrawal

PERSISTENCE

✓ A student must attend full-time each semester. (minimum 15 credit hours)

✓ A student must attend each consecutive semester (fall/spring) until their certificate or degree is completed—up to four semesters.

✓ Summer session tuition is not included in the program.

COMMUNITY SERVICE

Service requirements must be performed through a Harper-related program.

Number of hours per semester:

1st semester	10
2nd semester	10
3rd semester	10
4th semester	10

All participants are required to fill out a Free Application for Federal Student Aid or FAFSA (Social Security number required) and complete the financial aid process. [†] The Promise Scholarship is for tuition only. Fees and books are additional. See Harper's website for current tuition and fees.

Visit harpercollege.edu/promise for full program details. Program requirements subject to change.

Dear Parent/Guardian,

Immunization Requirement for the 2022-2023 School Year:

For the 2022-2023 school year, **all students entering 12th grade shall show proof of having received two doses of MENINGOCOCCAL CONJUGATE VACCINE (Menactra, Menveo, MCV4) prior to starting school.** The first dose should have been administered on or after their 11th birthday and the second dose on or after their 16th birthday. An interval of at least eight weeks between the first and second dose is required. **Only one dose of the vaccine is required if the first dose is administered when the child is 16 years of age or older. You do not have to wait until your child is going into 12th grade to get the 2nd dose of meningococcal conjugate vaccine - once your child turns 16 years-old they are eligible to receive it.**

Your child may have already received both doses of the required Meningococcal Conjugate Vaccine, however we may not have received proof that they were given. Please check with your child's medical provider to determine if they received the two Meningococcal Conjugate Vaccines and, if they were given, please ask that they complete all information indicated below, including their signature and office stamp. **If your child has not received both doses, you are required to get this vaccination for your child or your child will be subject to exclusion as described in the school code of Illinois.**

Your child will not be able to receive their class schedule or attend school in August until all immunizations are up to date.

Please submit this completed form or an updated immunization record to the Health Office at Elk Grove High School as soon as possible.

Requisitos de Vacunación para el año escolar 2022-2023:

Para el año escolar 2022-2023, **todos los estudiantes que ingresen al 12 ° grado deberán mostrar prueba de haber recibido dos dosis de la VACUNA CONJUGADA MENINGOCOCCAL (Menactra, Menveo, MCV4) antes de comenzar la escuela.** La primera dosis debería haberse administrado en o después de su cumpleaños número 11 y la segunda dosis en o después de su cumpleaños número 16. Se requiere un intervalo de al menos ocho semanas entre la primera y la segunda dosis. **Solo se requiere una dosis de la vacuna si la primera dosis se administra cuando el niño tiene 16 años o más. No tiene que esperar hasta que su hijo ingrese al grado 12 para recibir la segunda dosis de la vacuna conjugada contra el meningococo; una vez que cumpla los 16 años, es elegible para recibirla.**

Es posible que su hijo ya haya recibido las dos dosis de la vacuna conjugada meningocócica requerida, sin embargo, es posible que no hayamos recibido pruebas de que se le dieron. Consulte con el proveedor médico de su hijo para determinar si recibieron las dos vacunas conjugadas contra el meningococo y, si se las dieron, solicite que completen toda la información indicada a continuación, incluida su firma y el sello de la oficina. **Si su hijo no ha recibido ambas dosis, se le exige que se vacune para su hijo o su hijo estará sujeto a exclusión según se describe en el código escolar de Illinois.**

Su hijo no podrá recibir su horario de clases o asistir a la escuela en agosto hasta que todas las vacunas estén actualizadas.

Envíe este formulario completo o un registro de vacunación actualizado a la Oficina de Salud de la Escuela Secundaria Elk Grove lo antes posible.

Atentamente,

Sincerely,

D 214 PARENT INFORMATION

ASBESTOS HAZARD EMERGENCY RESPONSE ACT:

In accordance with the Asbestos Hazard Emergency Act (AHERA) and the Illinois Asbestos Abatement Act (105 ILCS 105/), you are being notified that all District 214 facilities contain various amounts and types of asbestos-containing building materials (ACBM). These materials do not pose any hazard to individuals unless the materials are disturbed.

The District maintains compliance with all applicable governmental and regulatory asbestos rules and regulations. The District also maintains compliance with the Illinois Department of Public Health (IDPH) and Cook County Department of Public Health (CCDPH) guidelines for operations and maintenance activities. The District routinely performs operations and maintenance activities, required inspections, and surveillance activities to verify that the materials are being managed according to IDPH and CCDPH guidelines.

The Building and Grounds Department of each individual facility and the District Operations Department have copies of the AHERA Management Plans that describe the locations of all ACBM. These plans are available for inspection during regular business hours. Contact the Director of Operations for more information at 847-718-7619.

PESTICIDE APPLICATION NOTIFICATION REGISTRY:

All District 214 facilities practice Integrated Pest Management to minimize the use of any pesticides on school grounds. The Structural Pest Control Act (225 ILCS 235/) and the Lawn Care Products Application and Notice Act (415 ILCS 65/) requires public schools to notify parents/guardians and school employees at least 48 hours (two business days) prior to any pesticide applications on school grounds. The term "pesticide" includes insecticides, herbicides, rodenticides, and fungicides. The notification requirement extends to both indoor and outdoor pesticide applications. Excluded from the notification requirement are antimicrobials such as disinfectants, sanitizers or deodorizers, insecticide baits and rodenticide baits.

Dear Parent/Guardian and Staff Members:

In 1999 the Illinois General Assembly passed laws requiring that public schools notify parents/guardians and school employees at least 48 hours prior to any pesticide applications on school property. For those who wish to be notified, the term “pesticide” includes insecticides, herbicides, rodenticides, and fungicides. The notification requirement extends to both indoor and outdoor pesticide applications. Excluded from the notification requirement are antimicrobial agents (such as disinfectants, sanitizers, or deodorizers), insecticide baits, and rodenticide baits.

Elk Grove High School has therefore established a registry of people who wish to be notified. To be included in this registry for school year 2021-22, please complete the form below and submit it to the Building and Grounds Supervisor at your school. Any other questions you may have regarding the District’s pest management practices may also be directed to the District 214 Director of Operations at 847-718-7619.

INFORMATION REGARDING “EVERY STUDENT SUCCEEDS” AND ELK GROVE HIGH SCHOOL

The Elementary and Secondary Education Act (also known as the Every Student Succeeds Act or ESSA) is a federal law meant to ensure that all school children, whatever their economic background, can achieve high academic standards. Because of this law, Elk Grove High School receives funding from the federal government in the form of Title I and Title II-A grants. The Title I grant is awarded to the school based on the number of low-income students enrolled. This grant supports programs for children who are at risk of failing. The Title II-A grant helps pay for teacher training and professional development. Title grant funding covers part of the cost of programs at Elk Grove such as supplementary tutoring, field trips to college campuses, summer reading books, Collegepalooza, Estudiantes Unidos, and parent outreach.

ESSA also says that parents have a right to know about the professional qualifications of their children’s classroom teachers. You can ask for information about teachers’ licensing and academic degrees. You also have the right to know whether your child is being provided services by paraprofessionals and what their qualifications are. We are pleased to report all teachers in District 214 are highly qualified, as defined by the Illinois State Board of Education. Highly qualified teachers have a bachelor’s degree or higher and a state teaching license. In addition, for each core subject area of teaching responsibility, all teachers have either passed a content-area test or completed a college degree in that subject. All paraprofessionals are endorsed by the state as paraprofessional educators, having completed at least 60 semester hours of college credit or the equivalent. If this situation ever changes, you will be notified promptly.

Elk Grove High School and District 214 encourage you to become involved in your child’s education, as outlined in the accompanying School-Parent Compact. You are invited to attend the annual Title I meeting and parent-teacher conferences, and you are also encouraged to join groups such as the Parent Teacher Council and Padres Unidos. A schedule of parent activities is published in the quarterly newsletter and on the school website. It is district policy that parents, staff and students share the responsibility for improved academic achievement.

Thank you and please enjoy the upcoming school year.

INFORMACIÓN SOBRE “CADA ESTUDIANTE TRIUNFA” Y ELK GROVE HIGH SCHOOL

La Ley de Educación Primaria y Secundaria (también conocida como Cada Estudiante Triunfa o ESSA, por sus siglas en inglés) es una legislación que intenta asegurar que todos los estudiantes, sin importar sus situaciones económicas, puedan alcanzar altos estándares académicos. Gracias a esta ley, Elk Grove High School recibe fondos del gobierno federal en la forma de subvenciones llamadas Título I y Título II-A. La subvención Título I se otorga a la escuela basándose en el número de estudiantes con bajos recursos. Esta subvención apoya programas para niños en riesgo de reprobar. La subvención Título II-A ayuda a pagar por el entrenamiento y desarrollo profesional de maestros. Estas subvenciones federales cubren parte del costo de los programas en Elk Grove, tales como la tutoría suplementaria, excursiones a recintos universitarios, libros para lectura veraniega, el evento Collegepalooza, Estudiantes Unidos, y reuniones de enlace familiar.

ESSA también dice que los padres tienen derecho a saber acerca de las cualificaciones profesionales de los maestros de sus hijos. Usted puede pedir información sobre las cualificaciones de los maestros de su hijo/a, incluso sus licencias y títulos universitarios. Usted también tiene el derecho de saber si su hijo/a está recibiendo servicios de un asistente y cuales son sus cualificaciones. Nos da gusto informarle que todos los maestros en el Distrito 214 están altamente cualificados, según la definición de la Junta Educativa del Estado de Illinois. Los maestros altamente cualificados tienen al menos una licenciatura (bachelor's degree) y una licencia estatal de enseñanza. Además, para cada asignatura principal que el maestro enseña, él/ella ha pasado un examen estatal o ha completado un título universitario en esa materia. Todos los asistentes del Distrito 214 son aprobados por el estado como educadores paraprofesionales, con al menos 60 horas de estudio universitario o el equivalente. Si esta situación cambia, usted será notificado lo más pronto posible.

Elk Grove High School y el Distrito 214 les recomiendan que se involucren en la educación de su hijo/a, así como se describe en el Pacto adjunto. Se le invita a asistir a la reunión anual de Título I y a las conferencias individuales con sus maestros, y también se le alienta a unirse a grupos como Padres Unidos y el Parent Teacher Council. Un calendario de actividades para padres se publica en el boletín y en el sitio Web de la escuela. Es la norma del distrito que los padres, el personal y los alumnos compartan la responsabilidad de mejorar los logros académicos.

Gracias y que disfruten el próximo año escolar.

Dear Parents, Guardians and Community Members:

I hope that you and your families have enjoyed your summer. While lazy summer days may seem rare in this era, summer remains a good time for families to enjoy time together while refreshing and recharging batteries for a new year. As we eagerly anticipate and prepare for the 2022-23 school year, this newsletter provides a look at the great variety of learning opportunities for District 214 students and the entire community.

For educators, the excitement of welcoming students back to school and getting to know a new class of incoming freshmen never wanes. I can speak for my fellow Board of Education members when I say that we again look forward to meeting students in all of our buildings as we visit classrooms and attend events throughout the year. It is so inspiring to talk with our students and see so many innovative learning experiences - I truly believe they match or surpass those found anywhere else in the country.

As always, I offer a reminder that District 214's learning opportunities extend well beyond our high schools. District 214 Community Education - with new Community Engagement Supervisors Maggie Byrne and Karen Oswald - offers such a wonderful and wide variety of in-person and online classes. Community Education and Adult Education really do provide enrichment opportunities for all ages and all interests, from travel and performing arts to culinary and personal finance courses, to name just a few.

Finally, I would be remiss if I did not mention the D214 Education Foundation. With the leadership of new Executive Director Michael Happ, the Foundation is building a strategic vision that will greatly enhance and expand its ability to support students, strengthening their education, fostering their well-being and expanding their opportunities. The upcoming Tee Up for 214 golf outing is one of many ways to support students via the Foundation. Anyone who would like more information about the D214 Education Foundation may contact Brooke Snell at brooke.snell@d214.org.

Thank you for all you do to support our students and the District. We look forward to a full and successful 2022-23 school year.

Sincerely,

Bill Dussling, President
214 Board of Education

INTERNSHIPS AND APPRENTICESHIPS GIVE STUDENTS A HEAD START ON CAREERS

District 214's Center for Career Discovery supports students with unique opportunities to explore careers through internships and apprenticeships. [District 214 Internships](#) give students opportunities to work in our community and gain real-world experience in a career area of interest. Internships are either 30- or 60-hour experiences that provide students valuable opportunities to explore careers with guidance and feedback from professionals in the field.

[District 214's Youth Apprenticeship Program](#) offers students an opportunity to earn and learn while still in high school by jump-starting their careers not only with paid on-the-job training through local employers, but also through the attainment of college coursework, professional mentoring and even an industry recognized credential.

Currently, District 214 offers apprenticeships across 13 career sectors:

Athletic Training Assistant	Automotive Technician
Certified Nursing Assistant	Construction and Trades
Cybersecurity	Graphic Arts
HVAC	IT Generalist
Manufacturing	Multimedia
Pharmacy Technician	Professional Cook
Veterinary Technician Assistant	

Community Partnerships are the key to our success!

Community partnerships are the key to the success of these programs. Authentic work-based learning experiences have been shown to increase student engagement in school activities, elevate self-efficacy and boost college and career outcomes. If you are interested in hosting a career experience for District 214 students, contact Kelly Broz at kelly.broz@d214.org for internships or Kathy Wicks at kathy.wicks@d214.org for apprenticeships. Interested students can learn more about internships and apprenticeships and how to apply by speaking with their counselor.

**Tee Up for D214:
Join us for the Education Foundation Golf Outing**

Tee Up for D214 is a day of golf, fun and community spirit in support of the District 214 Education Foundation on Monday, September 12 at Rolling Green Country Club in Arlington Heights. The event will feature a shotgun start, 18 holes of golf, grab-and-go brunch bags, an open bar, on-course food, a robust raffle, on-course contests, prizes and more. Foursomes are available, and sponsorships also are available at various levels, allowing local businesses or families to support the event in a prominent way.

Our students are capable of limitless success, as you are undoubtedly aware, and your support demonstrates that you recognize their incalculable potential. Without your support, we will not have the tools to impact large changes in the lives of our students. Proceeds from this event offer opportunities for student success, fuel innovative programs in the classroom and support lifelong learning across the District. In this season of growth and opportunity, we need your support to ensure we can continue to address the serious need we see.

To register or sponsor, visit www.214foundation.org/teeup214.

Students amass nearly \$90,000 in scholarship awards

The District 214 Education Foundation in the spring distributed nearly \$90,000 in postsecondary scholarships to more than 70 graduating seniors from all District schools.

Among the highlights were the Redefining Ready! Awards, which required applicants to create 30-second videos showing why they are college, career and life ready beyond a test score. Students did so in various ways, including through songs and video animation showing off their activities, achievements outside the classroom, early college credit opportunities and more.

In addition, this year the Foundation launched four (4) new scholarships ranging in focus from a student intending on pursuing a degree in the Transportation field (Auto/Aviation) to a student intending on pursuing plans after graduation: participation and/or commitment to the Arts, with plans to pursue teaching or life in the Arts.

Scholarship applications for the upcoming school year will open in mid-January, and students once again will be able to apply for most of them through a one-stop online portal that, based on their answers to screening questions, provides them a list of the scholarships for which they're qualified and allows them to apply directly online.

Foundation offers numerous opportunities for funding

The District 214 Foundation provides a variety of opportunities for funding the future. Donors can make one-time or recurring gifts using the website, www.214foundation.org, or consider sponsoring families through the 214Cares program -- which focuses on basic needs for the District's highest-need families -- to providing a generous unrestricted gift to support students and their families through school and throughout life by strengthening their education, fostering their well-being and expanding their opportunities.

Additionally, the Foundation provides opportunities for naming spaces, including classrooms, in honor of family members or businesses, and also has a Legacy Society for those wishing to make donations through the form of wills and bequests. Scholarships or funds, which provide money for specific causes or students, also are a common way to provide life-changing help.

To discuss opportunities, contact Michael Happ at michael.happ@d214.org.

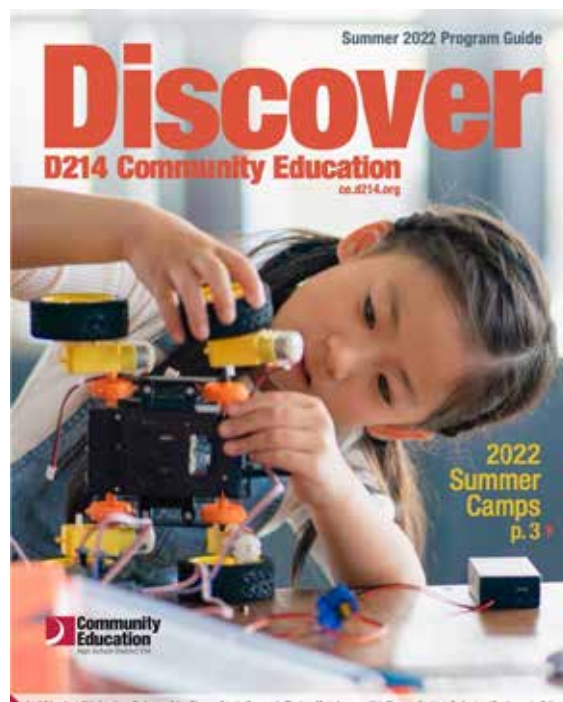

Community Education Fall Program

District 214 welcomes community members of all ages to explore the wide variety of Community Education offerings. From travel and performing arts to culinary and personal finance courses – just to highlight a few examples – there really is something for everyone. Additionally, registration is now currently open for our Adult Education and Family Literacy classes in Community Education which include:

- English as a Second Language (ESL)
- Illinois High School Equivalency Test Preparation Courses (offered in both English and Spanish)
- U.S. Citizenship Assistance
- Basic Reading and Math
- 1-on-1 Reading Tutoring for Beginning Adult Readers
- Manufacturing and Health Career Pathways

It's never too late to continue learning, and at District 214, we are passionate about helping our adult community reach their full potential. Please do not hesitate to reach out; we are here to help.

Check your mailboxes in the coming weeks for the complete Fall Program Guide, and in the meantime, please visit ce.d214.org for additional information and to register for classes. We hope to see you at Community Education events and classes this fall!

Kenneth Young Korner

1st Quarter - July 2022

Thank You EGHS Youth Advisory Council!

Thank you to the Elk Grove High School Youth Advisory Council (YAC) for helping to lead Oasis Summer Camp. YAC members mentored summer campers, leading them through daily activities. Camp included literacy, art projects, STEM, team building and sports.

“I thought it was a really good experience. It can be a challenge getting kids to dance, but I try not to lose hope that kids would want to learn more about their cultural roots,” said YAC Leader Karen Herrera who taught folkloric dance. YAC students reported enjoying the experience and wanting to lead again in future years. Thank you EGHS YAC!!!

¡Gracias Consejo Consultivo Juvenil de EGHS!

Gracias al Consejo Consultivo Juvenil de la Escuela Secundaria Elk Grove (YAC) por ayudar a dirigir el Campamento de Verano en Oasis. Los miembros de YAC fueron mentores de los campistas de verano, guiándolos a través de las actividades diarias. El campamento incluyó alfabetización, proyectos de arte, STEM, formación de equipos y deportes.

"Pensé que fue una muy buena experiencia. Puede ser un desafío hacer que los niños bailen, pero trato de no perder la esperanza de que los niños quieran aprender más sobre sus raíces culturales",

dijo la líder de YAC, Karen Herrera, quien enseñó danza folclórica. Los estudiantes de YAC informaron que disfrutaban de la experiencia y querían liderar nuevamente en los próximos años. Gracias EGHS YAC!!!
