The Annual Comprehensive Financial Report (ACFR) of Township High School District 214, Cook County, Illinois, as of and for the year ended June 30, 2022, is submitted herewith. Submittal of this report complies with the requirements of the Illinois School Code. Responsibility for the accuracy, completeness, and fairness of the presentation, including all disclosures, rests with the District. We believe the data, as presented, is accurate in all material aspects and represents the financial position and results of operations of the District as shown by the disclosure of all financial activity of its various funds; and that all disclosures necessary for public understanding of the District's financial status have been incorporated within this report.

Management's Discussion and Analysis (MD&A) immediately follows the independent auditors' report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter for transmittal and should be read in conjunction with it.

The Annual Comprehensive Financial Report includes all funds of the District and is presented in three sections: introductory, financial, and statistical. The introductory section includes this transmittal letter, the District's organization chart, and a list of principal officers and elected officials. The financial section includes the independent auditors' report on financial statements and schedules, MD&A, basic financial statements, and required supplemental information such as the individual fund financial statements and schedules. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis.

### **Mission and Vision**

Our **primary mission** is to help all students learn the skills, acquire the knowledge, and develop the behaviors necessary for them to reach their full potential as citizens who can meet the challenges of a changing society. Our secondary mission is to provide residents with opportunities for lifelong learning. The District 214 vision embraces continuous improvement and includes:

**Students who demonstrate...**

- use student learning data to inform instructional decisions and practices

**A Board of Education that...**

- provides high quality resources for students and staff
- respects successful programs and practices
- encourages continual improvement through risk-taking and innovation
- cooperates and communicates as a partner with parents and the community in the education of students
- celebrates student and staff success
- promotes lifelong learning
- involves school and community members in decision-making processes

## **District Organization and History**

Township High School District 214's creation in 1914 can, in part, be attributed to the Women's Suffrage Movement. As the creation of the District was a hotly contested election issue, men's ballots opposed the proposition while women's ballots supported the proposition. With the subsequent validation of the Women's Suffrage Act came the creation of Township High School District 214.

The District was established on March 28, 1914. In 1922, the school board adopted plans for construction of nine classrooms, an auditorium, and a gymnasium. Arlington High School opened to students in 1923. Increasing enrollment necessitated that several additions were constructed. The second high school constructed was Prospect High School in Mt. Prospect in 1957. In 1962, Forest View High School in Arlington Heights was constructed due to district enrollment topping over 6,300 students. Wheeling High School was constructed in 1964, Elk Grove High School in 1966, John Hersey High School in 1968, Rolling Meadows High School in 1971, and Buffalo Grove High School in 1973. By 1973, there were 19,000 students enrolled in the district. The District's enrollment peaked at 19,823 students during 1975-1976. Enrollment has declined since that time. Due to declining enrollment, Arlington High School closed in June 1984, and Forest View closed in June 1986. Forest View currently houses the administration offices and alternative programs.

Township High School District 214 is recognized as a Blue Ribbon High School District by the United States Department of Education. Located approximately 25 miles northwest of Chicago in a 68.3 square mile area, we are the state's largest high school district serving students from Arlington Heights, Buffalo Grove, Des Plaines, Elk Grove Village, Mount Prospect, Prospect Heights, Rolling Meadows, and Wheeling. Nearly 300,000 residents comprise our diverse middle to upper middle-class demographic. More than 67 languages are spoken in the homes of our students. Projected student enrollment for the 2022-2023 school year is 11,670.

Township High School District 214 currently has seven campuses. The six comprehensive high schools include: Buffalo Grove, Elk Grove, John Hersey, Prospect, Rolling Meadows, and Wheeling. The Forest View Educational Center houses: The Academy at Forest View, Vanguard School, Newcomer Center, Community Education, and the District 214 administration offices.

Township High School District 214 students matriculate from several elementary districts including: District 15, District 21, District 23, District 25, District 26, District 57 and District 59. District 214 is a member of Northwest Suburban Special Education Organization (NSSEO) which provides specific special needs services to our qualifying students.

## **Performance Results**

The District's primary mission is to help all students learn the skills, acquire the knowledge, and develop the behaviors necessary for them to reach their full potential as citizens who can meet the challenges of a changing society. Our secondary mission is to provide residents with opportunities for lifelong learning.

Township High School District 214 has a complete academic program with more than 600 courses, as well as many programs and services for students with special needs. District 214 offers courses in language arts, mathematics, science, computer science, world language, social science, business, technology, life studies, fine arts, physical education, health, driver education, and NJROTC. Advanced Placement courses are available in English, U. S. History, European History, World History, Biology, Chemistry, Physics, Environmental Science, Computer Science, Calculus, Chinese, German, French, Spanish, Art, Psychology, Statistics, Economics, Government and Politics, Human Geography, and Music. World Language programs of study are provided in French, German, Spanish, Italian, Japanese, Mandarin Chinese, and American Sign Language.

Each school participates in the Talent Development Program. The Young Adult Education Program (YAP) is offered to students who are unable to attend day school. An English Language Learner/Bilingual program is also offered. Social, academic, and career counseling is provided at each school. Each school has a psychologist, social worker, resource officer, nurse, and school counselor available.

District 214 is committed to offering students a variety of opportunities to earn early college credits while they are in high school, with an ultimate goal of ensuring our students leave our doors poised to excel. Most credits transfer to any public college or university in the nation, offering our students a low-cost head start on their postsecondary journey. Our partner higher education institutions include Arizona State University, Eastern Illinois University, Harper College, Lewis University, National Louis University, and Northeastern Illinois University. Each institution establishes its own fees for credit or course enrollment. In all instances, these fees represent a significant value savings to families compared to typical tuition rates on campus. District 214 offers over 60 dual credit course opportunities, partnering with colleges to provide classes that simultaneously offer both high school and college credit. These classes tie directly into District 214's Career Pathways, allowing students to explore career interests with college-level classwork. Through our Career Pathways program, our students have logged more than 2 million internship hours with our community partners.

District 214 offers more than 40 Advanced Placement and dual credit courses with our higher education partners. These classes are rigorous, mirroring college-level work. Successful completion can lead to transcript college credit, saving students both time and money. On a yearly basis, our students earn more than 600 industry certificates and complete more than 35,000 early college credit hours. The program encompasses over 40 career programs of study from aviation maintenance to architecture to entrepreneurship to business management and health sciences before high school graduation.

The Power of 15 Partnership with Harper College provides opportunities for college credit. District 214 offers a number of college-level courses taught by our teachers. Research shows that students who enter college with 15 or more college credits are twice as likely to graduate with a degree.

District 214 students have the opportunity by meeting strict eligibility requirements to earn up to two years free Harper tuition through the Harper Promise Scholarship Program. Promise students can miss no more than 5 days of school their freshman year, 9 days sophomore year, 8 days junior year, and 7 days senior year. They must maintain a minimum 'C' average as freshmen. The minimum grade-point average progressively increases to 2.3 on a 4.0 scale by students' senior year. The program also requires 5 hours of community service for freshmen, increasing incrementally to 20 hours for seniors. The program has already changed the way many students see their life's journey.

District 214 was named to the "Districts of Distinction" list by District Administration magazine. The District was recognized for its Youth Apprenticeship program, which provides concrete job skills and training to students in cybersecurity, HVAC, and automotive services. Through this youth apprenticeship program, students are developing the skills needed to thrive in the workforce, and gaining valuable experiences that will help them succeed.

The District's Educator Prep program recruits students interested in education and ensures they are highly qualified for teaching positions in Chicago's northwest suburbs and beyond. Students receive a sequence of education coursework, dual-credit opportunities and external teaching experiences. As part of the Educator Prep program, students can study education at National Louis University or Northeastern Illinois University, where they will continue to receive professional development opportunities from District 214 and partnering elementary districts, including a guaranteed student teaching position. If students successfully complete their higher education programs, they are guaranteed a job interview at District 214 or a partnering district in open positions.

The Next Generation Pathway to Completion engages students, families, and District 214 alumni to provide broad-based strategic support for select first-generation students from the district's high schools. The students are identified as incoming juniors, and their parents are involved every step of the way.

The District also has a comprehensive extra-curricular offering including drama, service clubs, special interest clubs, music groups, and a full slate of athletic offerings available to the students.

The Community Education department has many offerings for lifelong learners. Over 500 courses are offered annually. Approximately 50,000 participate in the program yearly.

Redefining Ready! is a new multi-metric, research based approach to determine what it means to be college ready, career ready, and life ready. It is designed to change the narrative of public education from a standardized test philosophy to a focus on global readiness for

public school students, who are driven by ideas and innovation. In considering the whole child, redefining readiness focuses on three main areas of importance: college readiness, career readiness, and life readiness. Students learn in a variety of ways and should be able to demonstrate readiness in a variety of ways. Like the global economy, today's students are driven by ideas and innovations.

The District has equipped all students with an iPad since the 2015-2016 school year. This iPad deployment and teaching concept has been extremely well received by students and staff, with 24/7 iPad access. This has allowed students to learn at their own pace and created learning environments that are more engaging and relevant to college and career preparation. Through partnerships with our local cell phone providers during the COVID-19 pandemic, our students were able to attend classes remotely through various platforms, such as Schoology. This allows students to attend, participate, and complete assignments online.

District 214 was the recipient of the American Association of School Librarians' (AASL) 2019 National School Library of the Year (NSLY) Award, sponsored by Follett. The award annually honors a single library that exemplifies the criteria. The decisive point for the committee was the depth and richness of the collaboration among the administrators and school librarians. The committee was further impressed by the integration of programming and service delivery with local public libraries, and the rich educational partnerships with local businesses to promote authentic, project-based inquiry learning for the students.

#### **District 214 Board of Education Goals**

1. **Provide quality education** that is relevant to membership in a global society and economy while maintaining a balanced operating budget and serving the student population.
2. **Increase student learning** through engagement and innovative programs to ensure students will develop self-awareness, self-management, interpersonal, and decision-making skills as measured by social and emotional learning growth objectives to establish and maintain positive relationships and achieve school and life success in a global society and economy.
3. **Promote and expand life-long learning** opportunities for residents of all ages through positive relationships, community involvement, community engagement and outreach, and collaborative planning in the efficient use of resources.

## **District 214 Instructional Goals**

1. As measured by the Board-approved College/Career Readiness indicators, the District will **increase student success annually or will exceed a threshold** established by the Board after two years of data are collected and analyzed.

### **College Ready Indicators**

Students are College Ready if they meet either the academic or standardized testing benchmarks listed below.

**GPA 2.8 out of 4.0** and one or more of the following benchmarks:

- Advanced Placement Exam (3+)
- Advanced Placement Course (A, B or C)
- Dual Credit College English and/or Math (A, B or C)
- College Developmental/Remedial English and/or Math (A, B or C)
- Algebra II (A, B or C)
- International Baccalaureate Exam (4+)
- College Readiness Placement Assessment (Standardized test benchmarks minimum score)  
SAT Exam: Math (530) / Reading and Writing (480)  
ACT Exam: English (18) / Reading (22) / Science (23) / Math (22)

**Additional Factors that Contribute to College Success:** Earning As, Bs, Cs; FAFSA completion; enrollment in career pathway course sequence; college academic advising; participation in college bound bridge programs; senior year math class; completion of a math class after Algebra II.

### **Career Ready Indicators**

Students are Career Ready if they have identified a career interest and meet two of the behavioral and experiential benchmarks listed below. In addition, students entering the military upon graduation must meet the passing scores on the Armed Services Vocational Aptitude Battery (ASVAB) for each branch of the military.

**Career Cluster Identified** and **two or more** of the following benchmarks:

- 90% Attendance
- 25 hours of Community Service
- Workplace Learning Experience
- Industry Credential
- Dual Credit Career Pathway Course
- Two or more organized Co-Curricular Activities

2. As measured by the growth from PSAT to SAT, **the percent of students meeting or exceeding national growth norms from PSAT to SAT will increase annually or will exceed a threshold** established by the Board after two years of data are collected and analyzed.\*

\*For the transitional years as the new SAT suite of assessments are being completely implemented, the District will use national norm data for comparison purposes.

The measurable goal related findings in the supplemental section of this document demonstrate the increase in student success in District 214. The fiscal and human capital costs related to the measurable goals are incorporated in the total operating cost per pupil.

### **Historical and Projected Student Enrollment**

Enrollment projections based on two-year enrollment history provides a better estimate of enrollment for the near future. Our projection history has shown that it projects the district total better than the enrollment for each school.

The enrollment changes for each high school over the past ten years fluctuated around the trend line of the district total enrollments. Total student enrollment for the 2021-22 school year was 11,736. The enrollment projections for 2022-23 reflect an expected student population of 11,670.

### **Employees**

The District has approximately 1,740 employees of whom 975 are certified and 765 are non-certified. The contracts expire as follows: Education Association – June 30, 2024; Educational Support Personnel Association – June 30, 2023; and Custodial Maintenance Association – June 30, 2024. The District considers its relationship with employees to be stable.

Located approximately 25 miles northwest of Chicago in a 68.3 square mile area, we are the state's largest high school district serving students from Arlington Heights, Buffalo Grove, Des Plaines, Elk Grove Village, Mount Prospect, Prospect Heights, Rolling Meadows, and Wheeling. District 214 serves an engaged community with a strong economy. There are several principal employers within our community.

### **Summary of Outstanding Debt**

Moody's has affirmed its municipal bond rating of Aa1 with a positive outlook to the outstanding General Obligation Limited Tax debt. This rating reflects the district's large, suburban tax base, strong financial position and very low dependence on state aid for general operating purposes. This low reliance on the state, combined with very healthy liquidity, enables the district to withstand delays in state aid distributions should they persist. The strengths include healthy general fund reserves, low debt burden, strong financial management team that utilizes long-term and multi-scenario financial planning, and large and diverse tax base located within the Chicago metropolitan area. Challenges include state shifts of pension liability to the school district.

Bond refunding occurred during December 2016, resulting in an approximate present value savings of \$1.5 million. Bond refunding occurred during September 2017, resulting in an approximate present value savings of \$1.1 million. Bond refunding occurred during December 2020, resulting in an approximate present value savings of \$4.0 million.

## **Financial Profile**

Since spring of 2003, the Illinois State Board of Education (ISBE) has utilized a system for assessing a school district's financial health. The financial assessment system is referred to as the "School District Financial Profile".

The system uses five indicators which are individually scored and weighted in order to arrive at a composite district financial profile. The indicators are as follows: fund balance to revenue ratio; expenditures to revenue ratio; days' cash on hand; percent of short-term borrowing ability remaining; and percent of long-term margin remaining.

The best category of financial strength is Financial Recognition. A school district with a score of 3.54 – 4.00 is assigned to this category. These districts require minimal or no active monitoring by ISBE unless requested by the district. The District's overall score for Fiscal Year 2009, as reported by the Illinois State Board of Education was 3.90. Township High School District 214's overall score for Fiscal Year 2010 through 2022, as reported by the Illinois State Board of Education was 4.0, which is the highest Financial Recognition issued by ISBE.

## **Financial Management Controls and Current Financial Update**

- The School Budget is available for public inspection and comment at least 30 days prior to the Budget hearing.
- Within 30 days of adoption by the Board of Education, the Budget is filed with the Cook County Clerk and the Illinois State Board of Education.
- District 214 holds a Truth in Taxation hearing each year, regardless of the percentage increase over the prior year's tax extension.
- The Tax Levy Certificate is filed with the Cook County Clerk prior to the last Tuesday in December of each year.
- It is a goal of the School Board to maintain an operating and working cash fund balance to cover at least 4 to 6 months of expenditures.
- An annual review of internal controls is completed each year during the Audit process.
- The School Board shall act on:
  - All expenditures
  - All inter-fund loans and inter-fund transfers.
- As part of the District's monthly financial packet, the Board receives fund balances, a list of bills payable, a summary of investments, and the District's current cash position as well as year-to-date and month-to-date budget-to-actual figures.
- The District maintains a long term capital facilities plan.
- The District prepares long range financial projections using the Financial Planning Program (FPP) model which provides the ability to address "what if" scenarios.
- The District's auditor attends the Board of Education meeting to address any questions the Board may have regarding the audit and questions they may have in regard to audit findings.
- The District has not issued any tax anticipation warrants or revenue anticipation notes in order to meet its short-term current year cash flow requirements.
- The District has no record of default and has met its debt repayment obligations promptly.

### **Reporting Entity**

The District included all funds that are controlled by or dependent on the Board of Education of the District, as determined on a basis of financial accountability over any other entity and thus does not include any other entity as a component unit in this report. Additionally, the District is an independent entity, not includable as a component unit of any other reporting entity.

### **Accounting Systems and Budgetary Control**

The financial statements have been prepared in accordance with Generally Accepted Accounting Principles, which are appropriate to local government units of this type. Audits are made up of all Governmental Funds including: Education, Operations & Maintenance, Debt Service, Transportation, Municipal Retirement/Social Security, and Capital Projects. The presentation allows the reader to obtain an overview of the District's financial operations by viewing the combined statements. Detailed representations of the combined statements are available throughout the remainder of the report.

The District administration is responsible for establishing and maintaining internal controls designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with Generally Accepted Accounting Principles. The internal controls are designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived and the valuation of costs and benefits requires estimates and judgments by management.

As part of the audit of the District, the District's independent auditor considered the District's internal controls, to determine auditing procedures for the purpose of expressing an opinion on the financial statements. The auditor also performed tests of the District's compliance with certain provisions of laws, regulations, contracts and grants. The results of the audit for the fiscal year ended June 30, 2022 are included. The District maintains sound budgetary controls to ensure compliance with legal provisions embodied in the annual budget approved by the District's Board of Education.

The District maintains an encumbrance accounting system as one technique of accomplishing budgetary control. As demonstrated by the statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management.

The legal level of budgetary control is the function level.

### **Budget Process**

The budget process consists of several distinct phases - Development of the Budgeting Calendar, development of preliminary budget assumptions/guidelines, Quarterly Budget meetings, and finally Board approval of the Tentative and Final Budgets. These are established on a fiscal year basis, which begins on July 1 and ends June 30.

The District begins the budgeting process in October when the Board approves the annual Budget Calendar for the upcoming fiscal year. In the following months, the Business Office develops its preliminary budget guidelines regarding both Revenues and Expenditures, and are provided to the Board in January, February, and March.

In addition, quarterly budget meetings are held with each school and central office department. These meetings assist with the preparation of the Tentative Budget where each budget administrator provides general assumptions and budget adjustments in order to allocate resources accordingly.

The Associate Superintendent for Finance & Operations and the Director of Business Services then compile all budget assumptions for the preparation of the Tentative budget. In the following months, budget adjustments are made based on any new information gathered from ISBE, the Cook County Assessor's Office, and all budget administrators. The Final budget is then approved by the Board of Education. Within 30 days of adoption, the budget is filed with the Cook County Clerk and Illinois State Board of Education.

The District shall maintain a five year long term financial projection, which provides the ability to address “what if” scenarios. The Board, Superintendent, Associate Superintendent for Finance, and Director of Business Services review the budget preparation to see that the budget is in accordance with these guidelines.

### **District Treasurer**

Cash and Investments of the District are maintained by the District Treasurer. The Board of Education appointed the Director of Business Services to serve as the District Treasurer. The Treasurer is responsible for the investment of funds. Investments are maintained in deposits with financial institutions, savings and checking accounts and non-negotiable certificates of deposit, repurchase agreements, and U.S. Treasury obligations. Certificates of deposits are covered under FDIC insurance limits or are privately insured or collateralized. The treasurer submits monthly investment reports to the Board of Education. The District secures investment bids prior to investing funds. Investment strategies are structured to obtain the best yield for all invested funds, while meeting the District’s goals of safety and liquidity.

### **Capital Assets**

The District utilizes an outside appraisal service for the appraisal, control and inventory of capital assets. Industrial Appraisal Company last completed a comprehensive appraisal of the District’s assets during fiscal year 2019, with an updated appraisal taking place in fiscal year 2023. The results of the external appraisal are reviewed with the financial software fixed asset module to verify the accuracy of the capital asset data. Appraisals are used for verification and updating of replacement values for inventory and insurance purposes. The financial software system includes a fixed asset module to assist with the accuracy of the capital asset data.

## **District Departments**

District 214's departments are both informed and vested in their specialized roles to achieve the District goals. Communicating the progress toward these goals is essential for ongoing work process improvement.

## **Teaching and Learning**

The Teaching and Learning department provides instructional leadership and coordinates District curriculum, instruction, and instructional materials for the purpose of student achievement and learning. Teaching and Learning encompasses many departments, including: academic programs, instructional materials and media, summer school, fine arts, and Navy Junior Reserve Officer Training (NJROTC).

## **Career and Technical Education**

The Career and Technical Education department oversees several instructional opportunities for students. The District CTE Internship Program works with students to fully explore and consider the extent of their career development, outside the conventional classroom, working with employers who serve as inspirational role-models. The District Practical Architecture Program (PAC) provides students with actual on-site work experience in the construction trades. Project Lead the Way (PLTW) is a sequential engineering program that can potentially lead to 15 college credits.

## **Center for Career Discovery**

The Center for Career Discovery facilitates the development and coordination of customized, authentic learning experiences which provide opportunities to support students' skill development, decision-making, post-secondary goals and future career path. These experiences provide students the opportunity to observe and engage with professionals in their typical work setting. Students learn specific job tasks, gain insight into the career planning process, identify potential career opportunities with possible areas of study, and develop critical thinking competencies and problem solving abilities. The program gives students the opportunity to improve communication, including developing and utilizing networking skills. From internships to micro-internships to community-based supported work sites, all students have access to workplace learning experiences which aligns with their individual career interests, passions, and needs.

## **English Language Learner Program (ELL)**

Newcomer Center is designed to meet the learning and acculturation needs of students who 1) are recent arrivals to the United States, 2) are at the beginning level of English fluency, and 3) might have gaps in their formal education. The center provides a flexible program of instruction combining comprehensive diagnostic and placement assessment, intensive English language and content instruction, and counseling with a strong emphasis on transitioning students to their home high schools.

## **Grants and Special Programs**

The Grants and Special Programs department provides a variety of services to the district. The primary role is to secure external funding for developing new programs and sustaining existing programs through federal, state, and private grants. The department works closely with the District 214 Education Foundation for obtaining corporate funding. Partnerships are also cultivated with state and local agencies to provide grant funded services to students, staff, and the community.

## **Professional Learning**

The primary mission is to promote the continuous improvement of district staff and increase student achievement. The department provides and encourages active participation in a variety of experiences that will lead to continued professional growth and renewal.

## **Research and Evaluation**

The Department of Research and Evaluation provides information about student performance to enhance student learning and school improvement. The department provides services and support to schools for test-taking, overseeing testing, processing and analyzing test data, conducting timely applied research and promoting accountability by linking school and departmental practice to performance in the classroom and on standardized tests.

## **Human Resources**

The Human Resources Department is dedicated to promoting a positive work environment that encourages employees to perform at the highest level of achievement and to contribute in meaningful ways to the district.

- Recruitment, development, and retention of high caliber staff are key components in enabling District 214 to perform at the highest level of achievement.
- District 214 utilizes Global Compliance Network (GCN) online training modules as a component of yearly staff orientation related to compliance issues, such as, blood-borne pathogens, crisis plan, drug/alcohol policy, internet policy, mandated reporter policy, and general/sexual harassment. In addition, custodial maintenance employees are required on a yearly basis to review hazard communications, personal protection equipment, and slip & fall prevention videos.
- Manages work group negotiations, FMLA, staff evaluations, and unemployment issues.
- Frontline Absence Management is the electronic absence reporting and substitute system that can be accessed 24 hours a day, seven days a week. The system accurately tracks sick, personal, and vacation time for employees.

## **Student Services**

The Student Services Department provides information that pertains to a student's legal rights and responsibilities. The department provides support and direction to district counselors, special education teams, nurses, data processors, and registrars. Township High School District 214 is committed to serving students with special needs. The Bridge program allows for an extended educational experience in the way of daily living skills and community connections for students with special needs between the ages of 18 – 21. To meet the needs of our alternative school students, instructional coaches were hired to observe and coach new and experienced teachers as they assist in the implementation of school and district instructional goals.

## **The Career Life Skills Program (CLS)**

CLS provides students with significant cognitive delays, an opportunity for academic, vocational, and social growth.

### **The Academy at Forest View (TAFV)**

The Academy at Forest View gives students an opportunity to deal with significant emotional or behavioral challenges through a therapeutic approach while continuing their progress toward a high school diploma. Students focus on developing independence, belonging, mastery, and generosity in the school and community.

### **Vanguard School**

Vanguard School is an alternative program that provides a nontraditional educational experience for District 214 students who are not meeting the educational credits. Through social emotional support we build positive relationships that help students find their pathway to success. Vanguard is a pioneering effort that provides a nontraditional education where a team of teachers implements new instructional techniques, uses innovative curriculum, and utilizes community resources to meet the academic needs and career aspirations of students.

### **Newcomer Center**

Newcomer Center is designed to meet the learning needs of high school aged second language learners who recently arrived in the United States. After completing the program, students are transitioned to their home high school.

### **Young Adult Program**

The Young Adult Program is designed to help young adults earn their high school diploma in the evening. It also offers credit recovery for students who are currently enrolled in day school.

### **Community Engagement and Outreach**

- The Community Engagement and Outreach Department focuses on raising awareness of and creating a dialogue among internal and external stakeholders regarding the innovative examples of teaching and learning in the District.
- The department is charged with enhancing the national narrative of public education to include examples, as illustrated by District 214, in which public education is working.
- The department develops strategic communications and community engagement solutions, including overseeing the District 214 Education Foundation, to support the vision and goals of the District and works to promote the achievements of District 214 students, faculty and staff.
- Coordinates communication between the district and community.
- Handles media requests and work to promote the achievements of District 214 students, faculty, and staff.

### **Community Education**

- The mission of Community Education is to provide opportunities for lifelong learning and improve the quality of life in our community.
- The Continuing Education program offers more than 500 courses annually in the following categories: Arts, Culinary, Finance, Law and Real Estate, Fitness and Athletics, Health and Wellness, Hobbies and Leisure, Home and Garden, Languages, Professional Development, Technology and Youth and Family Programs.
- The Adult Education & Family Literacy program provides basic educational services to adults who are English-as-a-Second-Language (ESL) learners, the undereducated, the unemployed or underemployed or low income and who reside or work in this

community. Services include preparation to take the Illinois High School Equivalency test, U.S. Citizenship Training, Basic Reading and Math and one-to-one tutoring for beginning adult readers.

- Shows, performances and festivals, through the Cultural & Performing Arts program, promote diversity and provide access to quality and affordable events. To keep the arts alive in our community, Community Education partners with community organizations, produces a concert series and provides a platform for local talents through The Theater Lab, a grassroots community theater that was launched in the fall of 2015.
- The Community Education Travel program, referred to as CET, provides a one-stop and hassle-free service, offering day trips, motor coach tours or worldwide travel and cruises.
- The department provides community connections through various communication materials including the Continuing Education program guide, Gold Card Club newsletter, Community Education Travel newsletter and website and collaboration through the Community Education Advisory Council and our partnerships with local organizations.
- Through Intergenerational programs, the department spearheads the annual Senior Celebration Day and provides help to low-income seniors through the Acts of Kindness (A-OK) Maintenance program that is offered in the spring and fall.
- Participation in all Community Education programs, workshops, advisory council, service-learning activities, committees and volunteers involves approximately 57,000 people annually.

### **Finance and Operations**

The Finance and Operations Department has been recognized for financial excellence by receiving the Meritorious Budget Award from ASBO International for the budget documents from 2010-2011 through 2021-2022. The Department strives for excellence in financial reporting. District 214 has received the Certificate of Excellence Award in Financial Reporting for the Annual Comprehensive Financial Report (ACFR) from 2009 through 2021. The District has received the Certificate of Financial Recognition from the Illinois State Board of Education (ISBE) "School District Financial Profile" scoring system since 2003. The District has received a perfect 4.0 School District Financial Profile score from ISBE since 2010.

### **Food and Nutrition Services**

- Provides safe, nutritious, and appetizing meals and snacks at a fair price to promote and encourage the development of sound nutrition habits that will foster academic success.
- The School Breakfast Program is available to all students every weekday morning school is in session.

### **Operations**

- On a yearly basis, update and implement the long range capital projects program. The District prides itself on outstanding and continual upkeep and improvement to all facilities. The District has eight campuses (7 main campuses and our Career Life Skills home).

Name of Bldg	Year Built	Square Footage
Prospect	1957	359,828
Forest View	1962	322,184
Wheeling	1964	337,357
Elk Grove	1966	338,102
John Hersey	1968	364,847
Rolling Meadows	1971	379,629
Buffalo Grove	1973	419,068

- Responsible for life safety, security, operations, maintenance, cleanliness, design, construction, and renovation of District facilities.
- Annually the Operations Department reviews infrastructure and facilities-related academic priorities of the District and incorporates these priorities in the five-year planning process.
- Maintain in-house trades professionals that help us reduce costs and repair response times on a multitude of electrical, plumbing, mechanical, equipment and carpentry work.
- Several comprehensive facilities use and/or intergovernmental agreements have been developed and implemented for effective resource utilization, including:
  - District 214 and Robert Morris University developed a comprehensive Facility Use Agreement through June 30, 2027, which has been integrated with Roosevelt University.
  - District 214 and the Mount Prospect Park District, Wheeling Park District, Rolling Meadows Park District, Elk Grove Park District, Buffalo Grove Park District, and Arlington Heights Park District have developed intergovernmental agreements for the mutual use of facilities that benefit both agencies, providing substantial cost savings to District 214 and increased access to our students for activities and athletics.
  - District 214 and the City of Rolling Meadows have developed an intergovernmental agreement for the emergency use of Rolling Meadows High School as an emergency shelter for the community, if needed in a crisis or disaster.

## Technology

- The District is committed to the use of technology to enhance learning opportunities of all learners to develop the 21<sup>st</sup> century skills of inventive thinking, effective communication, high productivity, and digital-age literacy to create innovative solutions to real world problems.
- By using technology to track and analyze incoming data, District 214 is better able to identify emerging student needs, both for opportunities and interventions.
- The Technology Department follows the Information Technology Infrastructure Library to improve technology efficiencies, effectiveness, and processes.
- District 214 uses a mass notification system called “School Messenger” which allows the District to communicate the goals and support achievement by informing community, parents, and students through emails or voice messages.

## **Business Services**

- Secondary School Cooperative Risk Management Program (SSCRMP) with District 211, District 207, District 212, and District 225. We have contracted with a full time dedicated adjuster and safety director who are both placed on site at District 214. The expanded workers compensation model reduces the number of student, staff, visitor, and transportation accidents, saving District 214 (and SSCRMP in its entirety) significant money.
- The District maintains a set of procedures and approval processes for contract approval, bid requirements and awards and for purchasing in accordance with 105 ILCS 5/10-20.21. The policy includes:
  - Guidelines and dollar amounts for bids and quotes.
  - Guidelines and dollar amounts for contract approvals.
  - Pre-approval of purchase orders before purchasing.
  - Purchasing within budgetary limitations.
  - Board approval of lease agreements.
  - Cooperative purchasing.
  - Conflict of interest and ethical guidelines.

## **Economic Condition and Outlook of Local Economy**

The 2021 Equalized Assessed Value for the District was \$9.45 billion, a 7.3% decrease from the prior year. The 2020 EAV for the District was \$10.2 billion. The 2019 EAV for the District was \$10 billion.

Tax Increment Financing (TIF) is a program designed to create economic growth in areas of a community where redevelopment likely would not occur without public investment. When a TIF is created, the EAV is frozen, and the school district does not receive additional tax dollars produced within the TIF district during the duration of the TIF. Therefore, incremental EAV accumulates within the TIF district and tax revenue generated is redirected to the respective village for economic development purposes within the TIF boundaries. Township High School District 214 currently has nineteen active TIF districts within our boundaries which are at various points in the life cycles.

District 214 is part of each municipal Joint Review Board within district boundaries that allows participation and discussion on upcoming economic development. Within most of the nineteen TIF districts, there are both Residential and Commercial development that will provide tax growth and student enrollment.

## **Long-Term Financial Planning**

The District maintains a Fund Balance policy which provides a goal to maintain 4-6 months of Fund Balance reserves in Operating Funds. This allows the district to develop short and long term financial goals that put the District in a sound financial position.

As Township High School District 214 has developed long-range financial projections, it has considered enrollment projections, staffing plans, program evaluation and needs, special education services, technology, facilities improvement and maintenance on both a short-term and long-term basis. These factors have been evaluated with an overall goal to maintain quality educational programs.

There are several key areas that are out of the District's control that may influence its long term financial goals, including state legislation like a potential property tax freeze, state funding model adjustments, and pension reform. Other potential factors include inflation, property tax refunds from major commercial properties, and interest rates.

An important factor to long-term planning is our Capital Improvements plan, which in December of 2021 was approved by the Board of Education. Projects for this five-year plan include new roofs, curtain walls, parking lot improvements, classroom and administrative office renovations, lighting upgrades, and outdoor athletic field renovations.

#### **Independent Audit**

The District complies with Illinois School Code regarding the annual audit of the District's financial records and transactions of all funds of the District. The independent certified public accountant auditors' reports are an integral part of this report.

#### **Closing Statement**

It is our belief that this Annual Comprehensive Financial Report will provide the District 214 management, community members, and stakeholders with a meaningful financial presentation. Our goal is, all readers of this report will obtain a clear and concise understanding of the Township High School District 214 financial condition as of June 30, 2022.

#### **Acknowledgment**

We wish to thank the members of the Board of Education for their interest and support in planning and conducting the financial operations of the District.

The preparation of this report on a timely basis could not be accomplished without the efficient and dedicated services of all the members of the Business Office who assisted in the closing of the District's financial records and the preparation of this report.

## **Independent Auditors' Report**

To the Board of Education of  
Township High School District 214

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities and each major fund of Township High School District 214 (the District), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District, as of June 30, 2022 and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (GAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Emphasis of Matter***

As discussed in Note 3, the District adopted the provisions of GASB Statement No. 87, *Leases*, effective July 1, 2021. Our opinions are not modified with respect to this matter.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that rise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and GAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and GAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

## ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit for the year ended June 30, 2022 was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information for the year ended June 30, 2022 as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ended June 30, 2022, and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects, in relation to the basic financial statements as a whole for the year ended June 30, 2022.

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statements of the District as of and for the year ended June 30, 2021 (not presented herein), and have issued our report thereon dated November 19, 2021, which contained unmodified opinions on the respective financial statements of the governmental activities and each major fund. The supplementary information for the year ended June 30, 2021 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2021 basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare those basic financial statements or to those basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements as a whole for the year ended June 30, 2021.

### ***Other Information***

Management is responsible for the other information. The other information comprises the introductory section and statistical section but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated January 16, 2023 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

## **Management's Discussion and Analysis (Unaudited)**

### **As of and for the Year Ended June 30, 2022**

---

The discussion and analysis of Township High School District 214's (the "District") financial performance provides an overall review of the District's financial activities as of and for the year ended June 30, 2022. The management of the District encourages readers to consider the information presented herein in conjunction with the transmittal letter found in the introductory section and the basic financial statements to enhance their understanding of the District's financial performance. All amounts, unless otherwise indicated, are expressed in millions of dollars. Certain comparative information between the current year and the prior is required to be presented in the Management's Discussion and Analysis (the "MD&A").

#### **Financial Highlights**

- > In total, net position increased by \$45.3. This represents a 17% increase from 2021.
- > General revenues accounted for \$276.7 in revenue or 75% of all revenues. Program specific revenues in the form of charges for services and fees and grants accounted for \$91.8 or 25% of total revenues of \$368.5
- > The District had \$323.2 in expenses related to government activities. However, only \$91.8 of these expenses were offset by program specific charges and grants.
- > The District has received the Meritorious Budget Award (MBA) from the Association of School Business Officials (ASBO) International for the eleventh consecutive year, most recently for the 2021-22 school year. This award recognizes the district for its excellence in school budget presentation and has exceeded state standards.
- > The District received the Certificate of Excellence Award in Financial Reporting for the fiscal years ending June 30, 2009 through June 30, 2021 from ASBO International. This award reflects the District's commitment to the highest standards of financial reporting.
- > The District received the Financial Profile Designation of 4.0 for the eleventh consecutive year from the Illinois State Board of Education.
- > The Board adopted a Fund Balance White Paper and has maintained an adequate fund balance level.

#### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The basic financial statements are comprised of three components:

- > Government-wide financial statements,
- > Fund financial statements, and
- > Notes to basic financial statements.

This report also contains other supplementary information in addition to the basic financial statements.

#### *Government-wide financial statements*

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

# **Township High School District 214**

## **Management's Discussion and Analysis (Unaudited)**

### **As of and for the Year Ended June 30, 2022**

---

The statement of net position presents information on all of the District's assets/deferred outflows of resources and liabilities/deferred inflows of resources, with the difference between them reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the fiscal year being reported. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements present the functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities). The District has no business-type activities; that is, functions that are intended to recover all or a significant portion of their costs through user fees and charges. The District's governmental activities include instructional services (regular education, special education and other), supporting services, operation and maintenance of facilities and transportation services.

#### *Fund financial statements*

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District are governmental funds (the District maintains no proprietary or fiduciary funds).

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a school district's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains six individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, Operations and Maintenance Fund, Transportation Fund, IMRF/Social Security Fund, Debt Service Fund and Capital Projects Fund, all of which are considered to be major funds.

The District adopts an annual budget for each of the funds listed above. A budgetary comparison schedule has been provided for each fund to demonstrate compliance with this budget.

#### *Notes to basic financial statements*

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

#### *Other information*

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's progress in funding its obligation to provide pension and OPEB benefits to its employees.

#### **Government-Wide Financial Analysis**

The District's combined net position was higher on June 30, 2022, than it was the year before, increasing 17% to \$318.3.

**District-Wide Expenses by Function**

**Financial Analysis of the District's Funds**

The District's Governmental Funds balance increased from \$192.5 to \$195.4.

The General Fund increased \$1.3 mostly due to additional grant revenue and expenditures that were received but not originally budgeted for.

The Operations and Maintenance Fund increased \$6.1 due to actual capital outlay less than budgeted.

# **Township High School District 214**

## **Management's Discussion and Analysis (Unaudited)**

### **As of and for the Year Ended June 30, 2022**

---

The Transportation Fund decreased \$6.9 due to a budgeted increased in purchased services occurring during the year.

The Municipal Retirement/Social Security Fund decreased \$0.8 due to decreased property tax revenue.

The Debt Service Fund increased \$0.1.

The Capital Projects Fund increased \$3.1 due to increased corporate personal property replacement taxes coupled with increased capital outlay.

### **General Fund Budgetary Highlights**

Due to the COVID 19 pandemic, the District used conservative estimates for several revenue sources in the 2021 22 budget.

The District was able to receive additional Federal revenue through the expansion of food service programs that provided the opportunity to serve free meals to all students.

Health insurance costs were increased from the prior year, due in part to medical procedures being deferred in the prior year.

### **Capital Assets and Debt Administration**

#### *Capital assets*

By the end of 2022, the District had compiled a total investment of \$502.5 (\$290.6 net of accumulated depreciation) in a broad range of capital assets including buildings, land and equipment. Total depreciation expense for the year was \$14.6. More detailed information about capital assets can be found in Note 7 of the basic financial statements.

#### **Factors Bearing on the District's Future**

At the time these financial statements were prepared and audited, the District was aware of the following circumstances that will significantly affect financial operations in the future:

The District will continue to work to obtain the best interest rates possible on its investments in a changing interest rate market. Even with interest rates at an extremely low level, the pooling of investments with Treasury districts increases yield. District 214 is actively evaluating various sources of additional revenue, such as increased rental income, and increased partnership opportunities.

The District entered into a contractual agreement with the Custodial Maintenance Association beginning July 1, 2019. The contract will expire June 30, 2024.

The District entered into a contractual agreement with the Education Association beginning July 1, 2019. The contract will expire June 30, 2024.

The District has 16 TIF Districts within our boundaries which are at various points in the life cycles.

Redefining Ready! introduces a new multi metric, research based approach to determine what it means to be college ready, career ready, and life ready. It is designed to change the narrative of public education from a standardized test philosophy to a focus on global readiness for public school students, who are driven by ideas and innovation. In considering the whole child, redefining readiness focuses on three main areas of importance: college readiness, career readiness, and life readiness.

The District has older buildings needing large renovations, such as roofs, parking lots, curtain wall improvements. These projects are within a 3 – 5 year plan to upgrade the status of the buildings for our future generations.

Net change in fund balances - total governmental funds	\$ 2,831,983
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report capital outlay as expenditures. However, in the Statement of Activities, the cost of these assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeds depreciation expense and losses in the current period.	13,883,237
Certain revenues included in the Statement of Activities do not provide current financial resources and, therefore, are included as deferred inflows of resources in the fund statements:	
Interest revenue	\$ 62,449
State and Federal Aid	457,549
Local revenue	<u>(41,667)</u>
	478,331
The issuance of long-term debt (bonds, capital leases, etc.) provides current financial resources to the governmental funds, while its principal repayment and refunding consumes current financial resources of the governmental funds. Neither transaction, however, has any effect on net position. This is the amount of current year principal repayments and write-down of cancelled leases.	3,062,497
Governmental funds report the effects of premiums, discounts and similar items when the debt is issued. However, these amounts are deferred and amortized in the Statement of Activities. This is the amount of the current year, net effect of these differences.	461,002
In the Statement of Activities, operating expenses are measured by the amounts incurred during the year. However, certain of these items are included in the governmental funds only to the extent that they require the expenditure of current financial resources:	
Interest payable	\$ 5,874
Compensated absences	687,596
IBNR	112,407
State on-behalf contribution revenue	(4,156,797)
State on-behalf contribution expense	4,156,797
Deferred charge on refunding	(42,982)
Net/total OPEB liability	20,710,080
Deferred outflows of resources due to OPEB	414,249
Deferred inflows of resources due to OPEB	(18,747,170)

Proceeds from issuance of debt are recorded as financing sources in the governmental funds. However, in the government-wide statements, issuing debt increases the long-term liabilities in the Statement of Net Position and does not effect the Statement of Activities. Following were the sources of proceeds.	<u>(1,119,691)</u>

### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Township High School District 214 (the "District") operates as a public school system governed by a seven-member board. The District is organized under the School Code of the State of Illinois, as amended. The accounting policies of the District conform to accounting principles generally accepted in the United States of America, as applicable to local governmental units of this type. The following is a summary of the more significant accounting policies of the District:

#### **Reporting Entity**

This report includes all of the funds of the District. The reporting entity for the District consists of the primary government and its component units. Component units are legally separate organizations for which the primary government is financially accountable or other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the reporting entity's financial statements to be misleading. The District has not identified any organizations that meet this criteria.

#### **Basis of Presentation**

##### ***Government-wide Financial Statements***

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District. The effect of interfund activity has been removed from these statements. The District's operating activities are all considered "governmental activities", that is, activities normally supported by taxes and intergovernmental revenues. The District has no operating activities that would be considered "business activities".

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: (1) amounts paid by the recipient of goods or services offered by the program and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

##### ***Governmental Funds Financial Statements***

Governmental funds financial statements are organized and operated on the basis of funds and are used to account for the District's general governmental activities. Fund accounting segregates funds according to their intended purpose, and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, reserves, fund balance, revenues and expenditures. The minimum number of funds is maintained consistent with legal and managerial requirements.

Separate financial statements are provided for all governmental funds.

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

#### Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue when all eligibility requirements have been met.

Governmental fund financial statements are reported using the flow of current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both "measurable and available". "Measurable" means that the amount of the transaction can be determined, and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers all revenues available if they are collected within 60 days after year-end. Expenditures are recorded when the related fund liability is incurred. However, expenditures for unmatured principal and interest on general long-term debt are recognized when due; and certain compensated absences, claims and judgments are recognized when the obligations are expected to be liquidated with expendable available financial resources.

#### Major Governmental Funds

General Fund - the general operating fund of the District. It accounts for all financial resources except those required to be accounted for in another fund. This fund is primarily used for most of the instructional and administrative aspects of the District's operations. Revenues consist largely of local property taxes and state government aid.

This fund also includes student activity funds held and controlled by the District, under the direction of District personnel, and administrative involvement of the board of education.

Special Revenue Funds - account for the proceeds of specific revenue sources that are legally restricted or committed to expenditures for specified purposes, other than those accounted for in the Debt Service Fund or Capital Projects Fund.

*Operations and Maintenance Fund* - accounts for expenditures made for repair and maintenance of the District's buildings and land. Revenue consists primarily of local property taxes.

*Transportation Fund* - accounts for all revenue and expenditures made for student transportation. Revenue is derived primarily from local property taxes and state reimbursement grants.

*Municipal Retirement/Social Security Fund* - accounts for the District's portion of pension contributions to the Illinois Municipal Retirement Fund, payments to Medicare, and payments to the Social Security System for non-certified employees. Revenue to finance the contributions is derived primarily from local property taxes and personal property replacement taxes.

Debt Service Fund - accounts for the accumulation of resources that are restricted, committed, or assigned for, and the payment of, long-term debt principal, interest and related costs. The primary revenue source is local property taxes levied specifically for debt service and general state aid.

Capital Project Fund - accounts for the financial resources that are restricted, committed, or assigned to be used for the acquisition or construction of, and/or additions to, major capital facilities.

### **NOTES TO BASIC FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2022**

---

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)**

*Capital Projects Fund* - accounts for construction projects and renovations financed through bond issues and transfers from other funds.

On-behalf payments (payments made by a third party for the benefit of the district, such as payments made by the state to the Teachers' Retirement System) have been recognized in the financial statements.

Property taxes, replacement taxes, certain state and federal aid, and interest on investments are susceptible to accrual. Other receipts become measurable and available when cash is received by the District and recognized as revenue at that time.

Grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant. Accordingly, when such funds are received, they are recorded as unearned revenues until earned.

#### ***All Financial Statements***

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources and disclosure of contingent assets, deferred outflows of resources, liabilities, and deferred inflows of resources at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

#### **Assets, Liabilities and Net Position or Equity**

##### ***Deposits and Investments***

State statutes authorize the District to invest in obligations of the U.S. Treasury, certain highly-rated commercial paper, corporate bonds, repurchase agreements, and the State Treasurer's Investment Pool. Investments are stated at fair value. Changes in fair value of investments are included as investment income.

##### ***Receivables and Payables***

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds". These amounts are eliminated in the governmental activities column in the statement of net position. Receivables are expected to be collected within one year.

##### ***Property Tax Revenues***

The District must file its tax levy resolution by the last Tuesday in December of each year. The District's 2021 levy resolution was approved during the December 9, 2021 board meeting. The District's property tax is levied each year on all taxable real property located in the District and it becomes a lien on the property on January 1 of that year. The owner of real property on January 1 in any year is liable for taxes of that year.

The tax rate ceilings are applied at the fund level. These ceilings are established by state law subject to change only by the approval of the voters of the District.

## TOWNSHIP HIGH SCHOOL DISTRICT 214

NOTES TO BASIC FINANCIAL STATEMENTS  
AS OF AND FOR THE YEAR ENDED JUNE 30, 2022

---

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

The PTELA limitation is applied in the aggregate to the total levy (excluding certain levies for the repayment of debt). PTELA limits the increase in total taxes billed to the lesser of 5% or the percentage increase in the Consumer Price Index (CPI) for the preceding year. The amount can be exceeded to the extent there is “new growth” in the District’s tax base. The new growth consists of new construction, annexations and tax increment finance district property becoming eligible for taxation. The CPI rates applicable to the 2021 and 2020 tax levies were 1.4% and 2.3%, respectively.

Property taxes are collected by the Cook County Collector/Treasurer, who remits to the District its share of collections. Taxes levied in one year become due and payable in two installments: the first due on March 1 and the second due on the later of August 1 or 30 days after the second installment tax bill is mailed. The first installment is an estimated bill, and is fifty-five percent of the prior year's tax bill. The second installment is based on the current levy, assessment and equalization, and any changes from the prior year will be reflected in the second installment bill. Property taxes are normally collected by the District within 60 days of the due date.

The 2021 property tax levy is recognized as a receivable in fiscal 2022, net of estimated uncollectible amounts approximating 1% and less amounts already received. The District considers that the first installment of the 2021 levy is to be used to finance operations in fiscal 2022. The District has determined that the second installment of the 2021 levy is to be used to finance operations in fiscal 2023 and has included the corresponding receivable as a deferred inflow of resources.

#### *Personal Property Replacement Taxes*

Personal property replacement taxes are first allocated to the Municipal Retirement / Social Security Fund, and the balance is allocated to the remaining funds at the discretion of the District.

#### *Prepaid Items*

Certain payments to vendors that reflect costs applicable to future accounting periods are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures when consumed rather than when purchased.

#### *Capital Assets*

Capital assets, which include land, land improvements, buildings, building improvements, vehicles and equipment, are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial individual cost of more than \$5,000 and an estimated useful life of more than 1 year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

Depreciation of capital assets is provided using the straight-line method over the following estimated useful lives:

<i>Assets</i>	<i>Years</i>
Buildings	20 - 50
Land improvements	10 - 45
Equipment	5 - 20

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

#### **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)**

##### ***Compensated Absences***

Under terms of employment, employees are granted sick leave and vacations in varying amounts. Only benefits considered to be vested are disclosed in these statements.

All vested vacation and sick leave pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements, or are payable with expendable available resources.

Payments for vacation and sick leave will be made at rates in effect when the benefits are used. Accumulated vacation and sick leave liabilities at June 30, 2022 are determined on the basis of current salary rates and include salary related payments.

Employees who work a twelve-month year are entitled to be compensated for vacation time. Administrators, supervisors, and ROTC employees receive a full year's allotment of vacation days on the first day of the fiscal year. A maximum of twenty or twenty-five (depending on the employee's years of service) vacation days earned and not taken can be carried forward to the next fiscal year. Carryover days expire on December 31 of the succeeding year in which they were earned. Support staff and custodians receive a year's allotment of vacation days on the first day of the fiscal year following the year it was earned. At year end, a maximum of five vacation days earned in the prior fiscal year and not taken can be carried forward to the next fiscal year. Carryover days expire on December 31 of the following year. The District's entire compensated absences liability is reported on the government-wide financial statements.

##### ***Long-Term Obligations***

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the applicable bonds using the effective interest method. The balance at year end for premiums/discounts is shown as an increase or decrease in the liability section of the statement of net position.

In the fund financial statements, governmental funds recognize bond premiums and discounts during the period incurred. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

##### ***Equity Classifications***

Equity is classified as net position in the government-wide financial statements and displayed in three components:

*Net investment in capital assets* - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets less than any unspent debt proceeds.

*Restricted net position* - Consists of net position with constraints placed on its use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or, 2) law through constitutional provisions or enabling legislation.

## TOWNSHIP HIGH SCHOOL DISTRICT 214

### NOTES TO BASIC FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2022

---

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

*Unrestricted net position* - All other net position that does not meet the definition of "restricted" or "net investment in capital assets."

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first and then unrestricted resources.

Equity is classified as fund balance in the fund financial statements and displayed in five components:

*Nonspendable* - includes amounts not in spendable form, such as inventory, or amounts required to be maintained intact legally or contractually (principal endowment) (e.g. inventory, pre-paid items, permanent scholarships).

*Restricted* - includes amounts constrained for a specific purpose by external parties (e.g. Debt Service, Capital Projects, State and Federal Grant Funds).

*Committed* - includes amounts constrained for a specific purpose by a government using its highest level of decision making authority, the Board of Education. This formal action (a resolution) must occur prior to the end of the reporting period, but the amount of the commitment, which will be subject to the constraints, may be determined in the subsequent period. Any changes to the constraints imposed require the same formal action of the Board of Education board that originally created the commitment.

*Assigned* - includes general fund amounts constrained for a specific purpose by the Board of Education or by an official that has been delegated authority to assign amounts. The Board of Education has declared that the Associate Superintendent of Finance and Operations may assign amounts for a specific purpose. The Board of Education may also take official action to assign amounts. Additionally, all remaining positive spendable amounts in governmental funds, other than the General Fund, that are neither restricted nor committed are considered assigned. Assignments may take place after the end of the reporting period.

*Unassigned* - includes residual positive fund balance within the General Fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed or assigned for those specific purposes.

In circumstances where an expenditure is to be made for a purpose for which amounts are available in multiple fund balance classifications, the order in which resources will be expended in the General Fund and in all other funds (Special Revenue, Debt Service, Capital Projects) is as follows: restricted fund balance, followed by committed fund balance, assigned fund balance, and lastly, unassigned fund balance.

Governmental fund balances reported on the fund financial statements at June 30, 2022 are as follows:

The nonspendable fund balance in the General Fund is comprised of \$1,235,106 for prepaid items. The nonspendable fund balance in the Operations and Maintenance Fund is comprised of \$43,138 for prepaid items. The restricted and committed fund balances in the General Fund is comprised of \$2,112,070 for nutrition services and \$2,206,486 for medical insurance, respectively. The remaining restricted fund balances are for the purpose of the respective funds as described above in the Major Governmental Funds section. The assigned fund balance of \$3,450,347 in the General Fund is for student activity funds. The remaining assigned fund balances are also for the purpose of the respective fund as described above in the Major Governmental Funds section.

#### ***Comparative Data***

The financial statements include summarized prior-year comparative information. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the District's financial statements for the year ended June 30, 2021, from which such summarized information was derived.

#### ***Eliminations and Reclassifications***

In the process of aggregating data for the government-wide financial statements, some amounts reported as interfund activity and balances were eliminated or reclassified.

### **NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

#### **Excess of Expenditures over Budget**

For the year ended June 30, 2022, expenditures exceeded budget in the General Fund, Operation and Maintenance Fund, Transportation Fund, Municipal Retirement/Social Security Fund, Debt Service Fund and Capital Projects Fund. by \$11,551,545, \$325,399, \$657,902, \$181,620, \$374,807 and \$4,402,261, respectively. These excesses were funded by available fund balances or transfers.

### **NOTE 3 - CHANGES IN ACCOUNTING PRINCIPLES**

In June 2017, the Governmental Accounting Standards Board issued statement No. 87 - Leases. This Statement establishes a single model for lease accounting based on foundational principle that leases are financings of the right to use an underlying asset. The statement requires lessees to recognize a lease liability and an intangible right-to-use lease asset and lessors to recognize a lease receivable and a deferred inflow of resources. This standard was implemented July 1, 2021.

### **NOTE 4 - DEPOSITS AND INVESTMENTS**

#### **Cash & Investments under the custody of the Township Treasury**

The voters of the respective school districts located within the boundaries of the offices of the Wheeling Township School Treasurer passed a referendum abolishing the offices of the Township School Treasurer effective July 1, 1996. The Boards of Education of the respective school districts and the Board of Education of Township High School District 214 (also located in Wheeling Township) entered into an intergovernmental agreement creating the Wheeling Township Treasury Intergovernmental Agreement ("Treasury") administered by District 214. The Treasury agreed to provide to the respective school districts many of the services that were provided by the Township School Treasurer. These services are provided on an optional basis and without costs to the districts.

The Wheeling Township School Treasury is the lawful custodian of all school funds. The Treasury is the direct recipient of property taxes, replacement taxes and most state and federal aid and disburses school funds upon lawful order of the school board. The Treasury invests excess funds at its discretion, subject to the legal restrictions discussed below. For these purposes, the Treasury is permitted to combine monies from more than one fund of a single district and to combine monies of more than one district in the township. Monies combined under these circumstances, as well as investment earnings, are accounted for separately for each fund and/or district.

### NOTE 4 - DEPOSITS AND INVESTMENTS - (CONTINUED)

Cash and investments, other than the student activity and convenience accounts, petty cash, and imprest funds, are part of a common pool for all school districts and cooperatives within the township. The Treasury maintains records that segregate the cash and investment balance by district or cooperative. Income from investments is distributed monthly based upon the District's percentage participation in the pool. All cash for all funds, including cash applicable to the Debt Service Fund and the Illinois Municipal Retirement/Social Security Fund, is not deemed available for purposes other than those for which these balances are intended.

The Treasury's investment policies are established by the Wheeling Township School Trustees as prescribed by the Illinois School Code and the Illinois Compiled Statutes. The Treasury is authorized to invest in obligations of the U.S. Treasury, backed by the full faith and credit of the U.S. Government, certificates of deposit issued by commercial banks and savings and loan associations, and commercial paper rated within the three highest classifications by at least two standard rating services (subject to certain limitations). Further information on the Treasury's policies are available from the Treasury's financial statements.

The Treasury operates as a non-rated, external investment pool. The fair value of the District's investment in the Treasurer's pool is determined by the District's proportionate share of the fair value of the investments held by the Treasurer's office.

The weighted average maturity of all investments exposed to interest rate risk held by the Treasury was 1.55 years at June 30, 2022. The Treasury also holds money market type investments, certificates of deposits and other deposits with financial institutions. As of June 30, 2022, the fair value of all cash and investments held by the Treasury was \$410,314,856 and the fair value of the District's proportionate share of the pool was \$189,198,706.

Because all cash and investments are pooled by a separate legal governmental agency (Treasury), categorization by risk category is not determinable. Further information about whether investments are insured, collateralized, or uncollateralized is available from the Treasury's financial statements.

#### Cash & Investments in the Custody of the District

Deposits of the student activity and imprest funds, which are held in the District's custody, consist of deposits with financial institutions. The following is a summary of such deposits:

	<b><i>Carrying Value</i></b>	<b><i>Bank Balance</i></b>

Total	<u>\$ 3,550,347</u>	<u>\$ 3,192,705</u>

The District maintains \$5,250 in petty cash.

*Custodial Credit Risk - Deposits.* With respect to deposits, custodial credit risk refers to the risk that, in the event of a bank failure, the District's deposits may not be returned to it. The District's investment policy limits the exposure to deposit custodial credit risk by requiring all deposits in excess of FDIC insurable limits to be secured by collateral in the event of default or failure of the financial institution holding the funds. As of June 30, 2022, the bank balance of the District's deposits with financial institutions totaled \$3,192,705; the entire amount was collateralized or insured.

### **NOTE 5 - LESSOR AGREEMENTS**

The District has entered into a lease agreement as lessor for leasing the use of training facilities, championship stadium, and a gym to Roosevelt University for its athletic programs and uses associated with the football program. Roosevelt University agrees to pay the District bi-annual rental fees which will increase by 3% annually on July 1. On August 1, 2021, elements of the agreement were terminated to reduce space currently leased from the District. The District recognized \$373,893 in lease revenue and \$56,049 in interest revenue during the current fiscal year related to these leases. As of June 30, 2022, the District's receivable for lease payments was \$2,235,107. Additionally, the District reported deferred inflows of resources associated with the leases that will be recognized as revenue over the lease term. As of June 30, 2022, the District reported deferred inflows of resources of \$2,235,107.

### **NOTE 6 - INTERFUND TRANSFERS**

During the year, the District transferred \$346,782 to the Debt Service Fund from the General Fund (Educational Accounts) to provide a funding source for lease payments.

During the year, the Board of Education transferred \$6,000,000 to the Capital Projects Fund from the Operations and Maintenance Fund for capital project purposes.

State law allows for the above transfers.

### NOTE 9 - RISK MANAGEMENT

The District is exposed to various risks of loss related to theft of, damage to, and destruction of assets and natural disasters. To protect from such risks, the District participates in the following public entity risk pool: Secondary School Cooperative Risk Management Program (SSCRMP). The District pays annual premiums to the pool for insurance coverage. The arrangements with the pool provide that it will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of certain levels established by the pool. There have been no significant reductions in insurance coverage from coverage in any of the past three fiscal years nor claims that exceeded coverage.

The District is self-insured for risks related to for medical, dental, and workers' compensation coverage that is provided to District personnel. A third party administrator administers claims for a monthly fee per participant. Expenditures are recorded as incurred in the form of direct contributions from the District to the third party administrator for payment of employee health claims and administration fees. The District's liability will not exceed \$350,000 per employee for workers' compensation and \$250,000 or \$125,000 per employee for medical insurance for PPO or HMO plans, respectively, as provided by stop-loss provisions incorporated in the plans.

### NOTES TO BASIC FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2022

#### NOTE 9 - RISK MANAGEMENT - (CONTINUED)

At June 30, 2022, total unpaid claims were \$3,388,647. This includes an estimate of claims that have been incurred but not reported to the administrative agent relating to long-term claims totaling \$250,933, which is included in long-term liabilities reported on the statement of net position. The remaining \$3,137,714 is classified as health claims payable and included in other current liabilities in the Statement of Net Position. The estimates are developed based on reports prepared by the administrative agent. The District does not allocate overhead costs or other nonincremental costs to the claims liability. For the two years ended June 30, 2021 and June 30, 2022, changes in the liability reported in the entity-wide and governmental funds statements for unpaid claims are summarized as follows:

	<i>Claims Payable Beginning of Year</i>	<i>Current Year Claims and Changes in Estimates</i>	<i>Claims Payments</i>	<i>Claims Payable End of Year</i>
Fiscal Year 2021	<u>\$ 2,834,984</u>	<u>\$ 21,715,636</u>	<u>\$ 21,449,544</u>	<u>\$ 3,101,076</u>

#### NOTE 10 - JOINT AGREEMENTS

The District is a member of various joint agreements that provide certain special education services to residents of many school districts. The District believes that because it does not control the selection of the governing authority, and because of the control over employment of management personnel, operations, scope of public service, and special financing relationships exercised by the joint agreement governing boards, these are not included as component units of the District.

#### NOTE 11 - OTHER POST-EMPLOYMENT BENEFITS

##### Teachers' Health Insurance Security

*Plan Description.* The District participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan.

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General: <http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp>. The current reports are listed under "Central Management Services."

### NOTE 11 - OTHER POST-EMPLOYMENT BENEFITS - (CONTINUED)

*Benefits Provided.* The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The plan is administered by the Illinois Department of Central Management Services (CMS) with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to TRS who are not employees of the state to make a contribution to the THIS Fund.

*On Behalf Contributions to THIS Fund.* The State of Illinois makes employer retiree health insurance contributions on behalf of the District. State contributions are intended to match contributions to THIS Fund from active members which were 0.90% of pay during the year ended June 30, 2022. State of Illinois contributions of \$1,108,616 were recognized as revenues and expenditures by the District during the year in the General Fund based on the current financial resources measurement basis. On the economic resources measurement basis, the District recognizes revenues and expenses of (\$3,191,422) in Governmental Activities equal to the proportion of the State of Illinois's OPEB expense associated with the employer.

*Contributions.* The District also makes contributions to THIS Fund. The District's THIS Fund contribution was 0.67% during the year ended June 30, 2022. The percentage of employer required contributions in the future will not exceed 105% of the percentage of salary actually required to be paid in the previous fiscal year. For the year ended June 30, 2022, the District paid \$825,303 to the THIS Fund, respectively, which was 100 percent of the required contribution for the year.

*THIS Fiduciary Net Position.* Detailed information about the THIS Fund's fiduciary net position as of June 30, 2021 is available in the separately issued THIS Annual Financial Report.

*Net OPEB Liability.* At June 30, 2022, the District reported a liability for its proportionate share of the net OPEB liability (first amount shown below) that reflected a reduction for the state's retiree insurance support provided to the District. The state's support and total are for disclosure purposes only. The amount recognized by the District as its proportionate share of the net OPEB liability, the related state support, and the total portion of the net OPEB liability that was associated with the District were as follows:

District's proportionate share of the collective net OPEB liability	\$ 99,819,193
State's proportionate share of the collective net OPEB liability associated with the District	<u>135,340,257</u>
Total	<u>\$ 235,159,450</u>

The net OPEB liability was measured as of June 30, 2021, and the total OPEB liability was determined by an actuarial valuation as of June 30, 2020 rolled forward to June 30, 2021. The District's proportion of the net OPEB liability was based on the District's share of contributions to THIS for the measurement year ended June 30, 2021, relative to the projected contributions of all participating THIS employers and the state during that period. At June 30, 2021 and 2020, the District's proportion was 0.452345% and 0.447604%, respectively.

### NOTE 11 - OTHER POST-EMPLOYMENT BENEFITS - (CONTINUED)

*Actuarial Assumptions.* The net OPEB liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50%
Salary Increases	4.00% to 9.50%
Investment Rate of Return	2.75%
Healthcare Cost Trend Rates - Initial	Medicare and Non-Medicare - 8.00%
Healthcare Cost Trend Rates - Ultimate	4.25%
Fiscal Year the Ultimate Rate is Reached	2038

Mortality rates were based on the RP-2014 White Collar Annuitant Mortality Table, adjusted for TRS experience. For disabled annuitants, mortality rates were based on the RP-Disabled Annuitant table. Mortality rates for pre-retirement were based on the RP-2014 White Collar Table. All tables reflect future mortality improvements using Projection Scale MP-2017.

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2014 through June 30, 2017.

*Discount Rate.* At June 30, 2021, the discount rate used to measure the total OPEB liability was a blended rate of 1.92%, which was a change from the June 30, 2020 rate of 2.45%. Since THIS is financed on a pay-as-you-go basis, the discount rate is based on the 20-year general obligation bond index.

*Sensitivity of the Net OPEB Liability to Changes in the Discount Rate.* The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (0.92%) or 1-percentage-point higher (2.92%) than the current discount rate:

	<b>1% Decrease</b>	<b>Current Discount Rate</b>	<b>1% Increase</b>
District's proportionate share of the collective net OPEB liability	<u>\$ 119,848,881</u>	<u>\$ 99,819,193</u>	<u>\$ 83,848,385</u>

*Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rate.* The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using a healthcare cost trend rate that is 1-percentage-point lower (initial rate of 7.00% decreasing to an ultimate rate of 3.25%) for Medicare and non-Medicare coverage or 1-percentage-point higher (initial rate of 9.00% decreasing to an ultimate of 5.25%) for Medicare and non-Medicare coverage than the current healthcare cost trend rate:

	<b>1% Decrease</b>	<b>Healthcare Cost Trend Rate</b>	<b>1% Increase</b>
Net OPEB Liability	<u>\$ 79,868,065</u>	<u>\$ 99,819,193</u>	<u>\$ 126,796,934</u>

### NOTE 11 - OTHER POST-EMPLOYMENT BENEFITS - (CONTINUED)

*Contributions and Benefits Provided.* Contribution requirements are established through collective bargaining agreements and may be amended only through negotiations between the board and the union. For teachers and administrators whose intent to retire was approved prior to July 1, 2009, who retire after age 55 with at least 15 years of experience and are eligible for health benefits from the Teachers Retirement System (TRS), the District pays 25% of the premiums of individual health care coverage until the retiree reaches the age of 65 (TRS pays 50% and the retiree pays the other 25%). Upon reaching the age of 65, the District pays 25% of the premiums for supplemental insurance to Medicare until the retiree reaches the age of 70. Retirees may not convert the benefit into an in-lieu payment to secure coverage under independent plans. For members whose intent to retire is approved after July 1, 2009 and before June 30, 2012, the District will pay 25% of the premiums of individual health care coverage up to a calendar year maximum of \$2,500 until the retiree reaches the age of 65. Upon reaching the age of 65, the District will pay 25% of the premiums for supplemental insurance to Medicare up to a maximum amount of \$1,100 per calendar year until the retiree reaches age 70. Members whose intent to retire is approved beginning July 1, 2012, will have no amount of their TRS premium covered by the District.

The District pays 50% of the premium of individual health care coverage for Education Support Personnel and custodial employees who retired after age 55 with at least 15 years of experience, until the retiree reaches the age of 65 and who put in their intent to retire no later than 1/15 of the year in which they retire. The District pays 100% of the premium of individual health care coverage for administrators and supervisors who were not eligible for health benefits from TRS and retired after age 55 with at least 15 years of experience, until the retiree reaches the age of 65. Administrative costs of the Health Benefit Plan are financed through employer contributions.

### NOTE 12 - RETIREMENT SYSTEMS

The retirement plans of the District include the Teachers' Retirement System of the State of Illinois (TRS) and the Illinois Municipal Retirement Fund (IMRF). Most funding for TRS is provided through payroll withholdings of certified employees and contributions made by the State of Illinois on-behalf of the District. IMRF is funded through property taxes and a perpetual lien of the District's corporate personal property replacement tax. Each retirement system is discussed below.

#### Teachers' Retirement System

*Plan Description.* The District participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active nonannuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at <https://www.trsil.org/financial/acfrs/fy2021>; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 678-3675, option 2.

*Benefits Provided.* TRS provides retirement, disability, and death benefits. *Tier 1* members have TRS or reciprocal system service prior to January 1, 2011. *Tier 1* members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service.

*Tier 2* members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the highest four. Disability provisions for *Tier 2* are identical to those of *Tier 1*. Death benefits are payable under a formula that is different from *Tier 1*.

#### NOTE 12 - RETIREMENT SYSTEMS - (CONTINUED)

Essentially all *Tier 1* retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. *Tier 2* annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional *Tier 3* hybrid retirement plan, but it has not yet gone into effect. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2024. One program allows retiring Tier 1 members to receive a partial lump-sum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs began in 2019 and are funded by bonds issued by the state of Illinois.

*Contributions.* The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2022 was 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the District, is submitted to TRS by the District.

*On Behalf Contributions to TRS.* The State of Illinois makes employer pension contributions on behalf of the District. For the year ended June 30, 2022, State of Illinois contributions recognized by the District were based on the state's proportionate share of with the pension expense associated with the District, and the District recognized revenue and expenses of \$61,518,392 in governmental activities based on the economic resources measurement basis and revenues and expenditures in the amount of \$61,375,151 in the General Fund based on the current financial resources measurement basis.

*2.2 Formula Contributions.* Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2022, were \$714,504 , and are deferred because they were paid after the June 30, 2021 measurement date.

*Federal and Special Trust Fund Contributions.* When TRS members are paid from federal and special trust funds administered by the District, there is a statutory requirement for the District to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total District normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much more higher.

For the year ended June 30, 2022, the District pension contribution was 10.31 percent of salaries paid from federal and special trust funds. Contributions for the year ended June 30, 2022, were \$103,378, which was equal to the District's required contribution. These contributions are deferred because they were paid after the June 30, 2021 measurement date.

#### NOTE 12 - RETIREMENT SYSTEMS - (CONTINUED)

*Salary increases over 6 percent.* The District is also required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary. For the year ended June 30, 2022, the District paid \$3,513 to TRS for employer contributions due on salary increases in excess of 6 percent.

*Excess sick leave.* A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2022, the District paid \$494 to TRS for sick leave days granted in excess of the normal annual allotment.

*TRS Fiduciary Net Position.* Detailed information about the TRS's fiduciary net position as of June 30, 2021 is available in the separately issued TRS Annual Comprehensive Financial Report.

*Net Pension Liability.* At June 30, 2022, the District reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for state pension support provided to the District. The state's support and total are for disclosure purposes only. The amount recognized by the District as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the collective net pension liability	\$ 10,233,622
State's proportionate share of the collective net pension liability associated with the District	<u>857,686,309</u>
Total	<u>\$ 867,919,931</u>

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2020, and rolled forward to June 30, 2021. The District's proportion of the net pension liability was based on the District's share of contributions to TRS for the measurement year ended June 30, 2021, relative to the projected contributions of all participating TRS employers and the state during that period. At June 30, 2021 and 2020, the District's proportion was 0.01311813 percent and 0.01348319 percent, respectively.

*Summary of Significant Accounting Policies.* For purposes of measuring the collective net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of TRS and additions to/deductions from TRS fiduciary net position have been determined on the same basis as they are reported by TRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

*Actuarial Assumptions.* The assumptions used to measure the total pension liability in the June 30, 2021 actuarial valuation included (a) 7.00% investment rate of return net of pension plan investment expense, including inflation, (b) projected salary increases varies by amount of service credit, and (c) inflation of 2.25%.

*Mortality.* Mortality rates were based on the Society of Actuaries PubT-2010 mortality tables, adjusted for TRS experience, with generational improvements based on Scale MP-2020. The actuarial assumptions used were based on the results of an experience study dated August 12, 2021.

### NOTE 12 - RETIREMENT SYSTEMS - (CONTINUED)

*Long-Term Expected Real Rate of Return.* The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

<i>Asset Class</i>	<i>Target Allocation</i>	<i>Long-Term Expected Real Rate of Return</i>
U.S. equities large cap	16.70 %	6.20 %
U.S. equities small/mid cap	2.20 %	7.40 %
International equities developed	10.60 %	6.90 %
Emerging market equities	4.50 %	9.20 %
U.S. bonds core	3.00 %	1.60 %
Cash equivalents	2.00 %	0.10 %
TIPS	1.00 %	0.80 %
International debt developed	1.00 %	0.40 %
Emerging international debt	4.00 %	4.40 %
Real estate	16.00 %	5.80 %
Private debt	10.00 %	6.50 %
Hedge funds	10.00 %	3.90 %
Private equity	15.00 %	10.40 %
Infrastructure	4.00 %	6.30 %

*Discount Rate.* At June 30, 2021, the discount rate used to measure the total pension liability was a blended rate of 7.00 percent, which was the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and state contributions will be made at the current statutorily-required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2021 was projected to be available to make all projected future benefit payments of current active and inactive members and all benefit recipients. *Tier 1's* liability is partially funded by *Tier 2* members, as the *Tier 2* member contribution is higher than the cost of *Tier 2* benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### Illinois Municipal Retirement Fund

*Plan Description.* The District's defined benefit pension plan for Regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer pension plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained on-line at [www.imrf.org](http://www.imrf.org).

All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. Public Act 96-0889 created a second tier for IMRF's Regular Plan. IMRF assigns a benefit tier to a member when he or she is enrolled in IMRF. The tier is determined by the member's first IMRF participation date. If the member first participated in IMRF before January 1, 2011, they participate in *Regular Tier 1*. If the member first participated in IMRF on or after January 1, 2011, they participate in *Regular Tier 2*.

For *Regular Tier 1*, pension benefits vest after eight years of service. Participating members who retire at or after age 60 with 8 years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under *Regular Tier 1*, the pension is increased by 3% of the original amount on January 1 every year after retirement. For *Regular Tier 2*, pension benefits vest after ten years of service. Participating members who retire at or after age 67 with 10 years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under *Regular Tier 2*, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of 3% of the original pension amount, or 1/2 of the increase in the Consumer Price Index of the original pension amount. IMRF also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute.

*Plan Membership.* At December 31, 2021, the measurement date, membership of the plan was as follows:

Retirees and beneficiaries	1,205
Inactive, non-retired members	778
Active members	<u>770</u>
Total	<u><u>2,753</u></u>

*Contributions.* As set by statute, District employees participating in IMRF are required to contribute 4.50 percent of their annual covered salary. The statute requires the District to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's actuarially determined contribution rate for calendar year 2021 was 9.74 percent of annual covered payroll. The District also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

*Net Pension Liability/(Asset).* The net pension liability/(asset) was measured as of December 31, 2021, and the total pension liability used to calculate the net pension liability/(asset) was determined by an annual actuarial valuation as of that date.

*Summary of Significant Accounting Policies.* For purposes of measuring the net pension liability/(asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of IMRF and additions to/deductions from IMRF fiduciary net position have been determined on the same basis as they are reported by IMRF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

*Actuarial Assumptions.* The assumptions used to measure the total pension liability in the December 31, 2021 annual actuarial valuation included (a) 7.25% investment rate of return, (b) projected salary increases from 2.85% to 13.75%, and (c) price inflation of 2.25%. The retirement age is based on experience-based table of rates that are specific to the type of eligibility condition. The tables were last updated for the 2020 valuation pursuant to an experience study of the period 2017-2019.

*Mortality.* For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020 were used. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020 were used. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020 were used.

*Long-Term Expected Real Rate of Return.* The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

*Discount Rate.* The discount rate used to measure the total pension liability for IMRF was 7.25%, the same rate as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that District contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits payments to determine the total pension liability.

*Discount Rate Sensitivity.* The following is a sensitivity analysis of the net pension liability/(asset) to changes in the discount rate. The table below presents the pension liability of the District calculated using the discount rate of 7.25% as well as what the net pension liability/(asset) would be if it were to be calculated using a discount rate that is 1 percentage point lower (6.25%) or 1 percentage point higher (8.25%) than the current rate:

### NOTE 13 - CONSTRUCTION COMMITMENTS

As of June 30, 2022, the District is committed to approximately \$6,512,587 in expenditures in the upcoming years for various construction projects. These expenditures will be paid through the available fund balances and capital improvement bonds already issued.

### NOTE 14 - STATE AND FEDERAL AID CONTINGENCIES

The District has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to the grantor agency for expenditures disallowed under terms of the grants. Management believes such disallowance, if any, would be immaterial.

## **STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

### **Budgetary Data**

Except for the exclusion of on-behalf payments from other governments, discussed below, the budgeted amounts for the Governmental Funds are adopted on the modified accrual basis, which is consistent with accounting principles generally accepted in the United States of America.

The Board of Education follows these procedures in establishing the budgetary data reflected in the general purpose financial statements:

1. The Administration submits to the Board of Education a proposed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted and the proposed budget is available for inspection to obtain taxpayer comments.
3. Prior to September 30, the budget is legally adopted through passage of an resolution. By the last Tuesday in December, a tax levy resolution is filed with the county clerk to obtain tax revenues.
4. Management is authorized to transfer budget amounts, provided funds are transferred between the same function and object codes. The Board of Education is authorized to transfer up to a legal level of 10% of the total budget between functions within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the Board of Education, after following the public hearing process mandated by law.
5. Formal budgetary integration is employed as a management control device during the year for all governmental funds.
6. All budget appropriations lapse at the end of the fiscal year.

The budget amounts shown in the financial statements are as originally adopted because there were no amendments during the past fiscal year.

### **Budget Reconciliations**

The Statement of Revenues, Expenditures and Changes in Fund Balance - Governmental Funds (GAAP basis) includes "on-behalf" payments received and made for the amounts contributed by the State of Illinois for the employer's share of the Teachers Retirement System pension. The District does not budget for these amounts in the Educational Accounts of the General Fund. The differences between the budget and GAAP basis are as follows:

	<i><b>Revenues</b></i>	<i><b>Expenditures</b></i>
General Fund Budgetary Basis	\$ 232,402,249	\$ 231,892,723
To adjust for on-behalf payments received	62,483,767	-
To adjust for on-behalf payments made	<u>-</u>	<u>62,483,767</u>
General Fund GAAP Basis	<u><u>\$ 294,886,016</u></u>	<u><u>\$ 294,376,490</u></u>

### **Excess of Expenditures over Budget**

For the year ended June 30, 2022, expenditures exceeded budget in the General Fund, Operations and Maintenance Fund, Transportation Fund and Municipal Retirement/Social Security Fund by \$11,551,545, \$325,399, \$657,902 and \$181,620, respectively. These excesses were funded by available fund balance.
