DISTRICT 214 STUDENT & PARENT HANDBOOK

This handbook is a summary of the school's rules and expectations, and is not a comprehensive statement of school procedures. The Board of Education's comprehensive policy manual is available for public inspection through the District's website or at the Board office, located at 2121 S. Goebbert Rd., Arlington Heights, IL 60005. School rules published in this handbook are subject to such changes as may be needed to insure continued compliance with federal, State or local regulations, and are subject to such review and alteration as becomes necessary for the routine operation of the school. Not all rules of behavior can be written and inserted in a guidebook; however, we expect students to follow reasonable rules and not violate the rights of others. All rules and regulations are set forth for all District 214 High Schools by the Board of Education Township High School District 214. For a complete list of Board of Education Policies visit: <http://www.d214.org/board-of-education/>

RULES AND REGULATIONS

The following rules, rights, and responsibilities regarding student behavior stem from State law, School Board policies, court rulings, the District 214 Parent/Legal Guardian-Teacher Discipline Advisory Committee, and student and staff recommendations. These rules reflect the feelings and values of the majority of citizens in the District 214 communities.

The Board of Education and administration have the responsibility to manage student conduct. Students are expected to comply with regulations of the school, to obey promptly all directions of the school staff, to observe good order, and to conduct themselves at school, or at school-related activities, in such a manner that their conduct will neither harm nor bring discredit to the schools of the district. For those students who do not conduct themselves accordingly, disciplinary action will be taken pursuant to the established Illinois School Code, district procedures, and any other relevant Board policy. The Board of Education also authorizes the administration to pursue appropriate criminal charges against students who are suspected of violating the criminal laws of the State of Illinois.

All District 214 schools utilize positive behavioral approaches which provide instruction to help students make positive choices and avoid disciplinary action. Good discipline is necessary if a school is to function in the most effective manner for students. Through good discipline and self-control, the student can work with the school to form a productive partnership. Good discipline requires teamwork and is the combined responsibility of students, parent(s)/guardian(s), and staff.

TITLE IX SEXUAL HARASSMENT GRIEVANCE PROCEDURE

Sexual harassment affects a student's ability to learn and an employee's ability to work. Providing an educational and workplace environment free from sexual harassment is an important District goal. The District does not discriminate on the basis of sex in any of its education programs or activities, and it complies with Title IX of the Education Amendments of 1972 (Title IX) and its implementing regulations (34 C.F.R. Part 106) concerning everyone in the District's education programs and activities, including applicants for employment, students, parents/guardians, employees, and third parties.

Title IX Sexual Harassment Prohibited

Sexual harassment as defined in Title IX (Title IX Sexual Harassment) is prohibited. Any person, including a District employee or agent, or student, engages in Title IX Sexual Harassment whenever that person engages in conduct on the basis of an individual's sex that satisfies one or more of the following:

- 1. A District employee conditions the provision of an aid, benefit, or service on an individual's participation in unwelcome sexual conduct; or*
- 2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's educational program or activity; or*
- 3. Sexual assault as defined in 20 U.S.C. §1092(f)(6)(A)(v), dating violence as defined in 34 U.S.C. §12291(a)(10), domestic violence as defined in 34 U.S.C. §12291(a)(8), or stalking as defined in 34 U.S.C. §12291(a)(30).*

Examples of sexual harassment include, but are not limited to, touching, crude jokes or pictures, discussions of sexual experiences, teasing related to sexual characteristics, spreading rumors related to a person's alleged sexual activities, rape, sexual battery, sexual abuse, and sexual coercion.

Supportive measures mean non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the Complainant or the Respondent before or after the filing of a Formal Title IX Sexual Harassment Complaint or where no Formal Title IX Sexual Harassment Complaint has been filed.

Title IX Sexual Harassment Prevention and Response

The Superintendent or designee will ensure that the District prevents and responds to allegations of Title IX Sexual Harassment as follows:

- 1. Ensures that the District's comprehensive health education program in Board policy 6:60, Curriculum Content, incorporates (a) age-appropriate sexual abuse and assault awareness and prevention programs in grades pre-K through 12, and (b) age-appropriate education about the warning signs, recognition, dangers, and prevention of teen dating violence in grades 7-12. This includes incorporating student social and emotional development into the District's educational program as required by State law and in alignment with Board policy 6:65, Student Social and Emotional Development.*
- 2. Incorporates education and training for school staff pursuant to policy 5:100, Staff Development Program, and as recommended by the Superintendent, Title IX Coordinator, Nondiscrimination Coordinator, Building Principal, Assistant Building Principal, Division Head for Student Success, Safety and Wellness, or a Complaint Manager.*

A person who wishes to make a report under this Title IX Sexual Harassment grievance procedure may make a report to the Title IX Coordinator, Nondiscrimination Coordinator, Building Principal, Assistant Building Principal, Division Head for Student Success, Safety and Wellness, a Complaint Manager, or any employee with whom the person is comfortable speaking. A person who wishes to make a report may choose to report to a person of the same gender.

School employees shall respond to incidents of sexual harassment by promptly making or forwarding the report to the Title IX Coordinator. An employee who fails to promptly make or forward a report may be disciplined, up to and including discharge.

The Superintendent shall insert into this policy and keep current the name, office address, email address, and telephone number of the Title IX Coordinator.

Title IX Coordinator:

Name: Kate Kraft, Associate Superintendent for Human Resources

Address: 2121 S. Goebbert Rd., Arlington Heights, IL 60005

Email: kate.kraft@d214.org

Telephone: 847-718-7647

Processing and Reviewing a Report or Complaint

Upon receipt of a report, the Title IX Coordinator and/or designee will promptly contact the Complainant to: (1) discuss the availability of supportive measures, (2) consider the Complainant's wishes with respect to supportive measures, (3) inform the Complainant of the availability of supportive measures with or without the filing of a Formal Title IX Sexual Harassment Complaint, and (4) explain to the Complainant the process for filing a Formal Title IX Sexual Harassment Complaint.

Further, the Title IX Coordinator will analyze the report to identify and determine whether there is another or an additional appropriate method(s) for processing and reviewing it. For any report received, the Title IX Coordinator shall review Board policies 2:260, Uniform Grievance Procedure; 5:20, Workplace Harassment Prohibited; 5:90, Abused and Neglected Child Reporting; 5:120, Employee Ethics; Conduct; and Conflict of Interest; 7:20, Harassment of Students Prohibited; 7:180, Prevention of and Response to Bullying, Intimidation, and Harassment; 7:185, Teen Dating Violence Prohibited; and 7:190, Student Behavior, to determine if the allegations in the report require further action.

Reports of alleged sexual harassment will be confidential to the greatest extent practicable, subject to the District's duty to investigate and maintain an educational program or activity that is productive, respectful, and free of sexual harassment.

Formal Title IX Sexual Harassment Complaint Grievance Process

When a Formal Title IX Sexual Harassment Complaint is filed, the Title IX Coordinator will investigate it or appoint a qualified person to undertake the investigation.

The Superintendent or designee shall implement procedures to ensure that all Formal Title IX Sexual Harassment Complaints are processed and reviewed according to a Title IX grievance process that fully complies with 34 C.F.R. §106.45. The District's grievance process shall, at a minimum:

1. *Treat Complainants and Respondents equitably by providing remedies to a Complainant where the Respondent is determined to be responsible for sexual harassment, and by following a grievance process that complies with 34 C.F.R. §106.45 before the imposition of any disciplinary sanctions or other actions against a Respondent.*

2. *Require an objective evaluation of all relevant evidence – including both inculpatory and exculpatory evidence – and provide that credibility determinations may not be based on a person’s status as a Complainant, Respondent, or witness.*
3. *Require that any individual designated by the District as a Title IX Coordinator, investigator, decision-maker, or any person designated by the District to facilitate an informal resolution process:*
 - a. *Not have a conflict of interest or bias for or against complainants or respondents generally or an individual Complainant or Respondent.*
 - b. *Receive training on the definition of sexual harassment, the scope of the District’s education program or activity, how to conduct an investigation and grievance process (including hearings, appeals, and informal resolution processes, as applicable), and how to serve impartially.*
4. *Require that any individual designated by the District as an investigator receiving training on issues of relevance to create an investigative report that fairly summarizes relevant evidence.*
5. *Require that any individual designated by the District as a decision-maker receive training on issues of relevance of questions and evidence, including when questions and evidence about the Complainant’s sexual predisposition or prior sexual behavior are not relevant.*
6. *Include a presumption that the Respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.*
7. *Include reasonably prompt timeframes for conclusion of the grievance process.*
8. *Describe the range of possible disciplinary sanctions and remedies the District may implement following any determination of responsibility.*
9. *Base all decisions upon the preponderance of evidence standard.*
10. *Include the procedures and permissible bases for the Complainant and Respondent to appeal.*
11. *Describe the range of supportive measures available to Complainants and Respondents.*
12. *Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.*

Enforcement

Any District employee who is determined, at the conclusion of the grievance process, to have engaged in sexual harassment will be subject to disciplinary action up to and including discharge. Any third party who is determined, at the conclusion of the grievance process, to have engaged in sexual harassment will be addressed in accordance with the authority of the Board in the context of the relationship of the third party to the District, e.g., vendor, parent, invitee, etc. Any District student who is determined, at the conclusion of the grievance process, to have engaged in sexual harassment will be subject to disciplinary action, including, but not limited to, suspension and expulsion consistent with student behavior policies. Any person making a knowingly false accusation regarding sexual harassment will likewise be subject to disciplinary action.

This policy does not increase or diminish the ability of the District or the parties to exercise any other rights under existing law.

Retaliation Prohibited

The District prohibits any form of retaliation against anyone who, in good faith, has made a report or complaint, assisted, or participated or refused to participate in any manner in a proceeding under this policy. Any person should report claims of retaliation using Board policy 2:260, Uniform Grievance Procedure.

Any person who retaliates against others for reporting or complaining of violations of this policy or for participating in any manner under this policy will be subject to disciplinary action, up to and including discharge, with regard to employees, or suspension and expulsion, with regard to students.

ADOPTED: September 2020

EQUAL EDUCATIONAL OPPORTUNITIES POLICY – Policy 7:10

Equal educational and extracurricular opportunities shall be available for all students without regard to color, race, nationality, religion, sex, sexual orientation, ancestry, age, physical or mental disability, gender identity, status of being homeless, immigration status, order of protection status, actual or potential marital or parental status, including pregnancy. Further, the District will not knowingly enter into agreements with any entity or any individual that discriminates against students on the basis of sex or any other protected status, except that the District remains viewpoint neutral when granting access to school facilities under Board of Education policy 8:20, Community Use of School Facilities. Any student may file a discrimination grievance by using Board policy 2:260, Uniform Grievance Procedure.

Sex Equity

No student shall, based on sex, sexual orientation, or gender identity be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student may file a sex equity complaint by using Board policy 2:260, Uniform Grievance Procedure. A student may appeal the Board's resolution of the complaint to the appropriate Intermediate Service Center (pursuant to 105 ILCS 5/3-10) and, thereafter, to the State Superintendent of Education (pursuant to 105 ILCS 5/2-3.8).

Gender-Based Discrimination is Prohibited

School districts must provide equal educational opportunities to transgender students and gender non-conforming students. Under State law, sex discrimination extends to claims of discrimination based on sexual orientation and gender identity. 775 ILCS 5/5-101(11):23 Ill.Admin.Code §1.240. The Ill. Human Rights Act defines sexual orientation as the "actual or perceived heterosexuality, homosexuality, bisexuality, or gender-related identity, whether or not traditionally associated with the person's designated sex at birth." 775 ILCS 5/1-103(0-1).

Federal law prohibits exclusion and discrimination on the basis of sex. 20 U.S.C. §1681 (a). Title IX of the Education Amendments of 1972. According to the U.S. Department of Education's Office for Civil Rights (OCR) and the U.S. Department of Justice, Title IX protects lesbians, gay, bisexual, and transgender students, from gender discrimination.

School Board policy 7:10 Equal Educational Opportunities, recognizes the legal requirements described above. This procedures guidance on accommodating transgender students or gender non-conforming students is based on OCR pronouncements.

Gender-Based Bullying and/or Harassment is Prohibited

The School Code prohibits bullying on the basis of actual or perceived sexual orientation, gender-related identity or expression, and/or association with a person or group with one of the aforementioned actual or perceived characteristics. 105 ILCS 5/27-23.7(a). The Board policy on bullying and the District's suite of bullying prevention materials must be used to address and resolve peer bullying and harassment of transgender or gender non-conforming students. See 7:180, Prevention of and Response To Bullying, Intimidation, and Harassment.

ADOPTED: September 2020

EDUCATION OF CHILDREN WITH DISABILITIES – Policy 6:120

The District shall provide a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the District, as required by the Individuals With Disabilities Education Act (IDEA) and implementing provisions of the School Code, Section 504 of the Rehabilitation Act of 1973, and the Americans With Disabilities Act. The term "children with disabilities," as used in this policy, means children between ages 3 and 21 (inclusive) for whom it is determined, through definitions and procedures described in the Illinois State Board of Education's Special Education rules, that special education services are needed.

It is the intent of the District to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated, and provided with appropriate educational services. Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to the IDEA.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in the Illinois State Board of Education's Special Education rules. For those students who are not eligible for services under IDEA, but, because of disability as defined by Section 504 of the Rehabilitation Act of 1973, need or are believed to need special instruction or related services, the District shall establish and implement a system of procedural safeguards. The safeguards shall cover students' identification, evaluation, and educational placement. This system shall include notice, an opportunity for the student's parent(s)/guardian(s) to examine relevant records, an impartial hearing with opportunity for participation by the student's parent(s)/guardian(s), and representation by counsel, and a review procedure.

The District may maintain membership in one or more cooperative associations of school districts that shall assist the School District in fulfilling its obligations to the District's disabled students.

If necessary, students may also be placed in nonpublic special education programs or education facilities.
ADOPTED: June 2018

Students attending private or parochial schools located in Township High School District 214's attendance area or students living in the attendance area and being homeschooled may be eligible for certain special education services as determined through the timely and meaningful consultation meeting.

REQUEST FOR EVALUATION

If a student has been consistently struggling in school, his or her problems may be due to a disability that falls under Individuals with Disabilities Act (IDEA) or Section 504 of the Rehabilitation Act. Referrals for an evaluation may be made by individuals with knowledge of the student's needs and/or educational programming, including teachers, other staff members, parent(s)/guardian(s), etc. The purpose of the evaluation is to determine if the student has a disability and requires special education services or services under Section 504. This evaluation is free of charge. Parent(s)/Guardian(s) can make a request for an evaluation at any time. Requests should be written including the date and reason. This request is to be directed to the student's home school counselor for team consideration. If the student has been identified by a doctor or other professional as having a disability, the information should be included in the request.

If the school determines an evaluation is warranted for the student, an assessment or evaluation team, consisting of parent/guardian and persons knowledgeable about the student, will conduct an individual evaluation of a student initially referred for IDEA or Section 504 evaluation. Parent/Guardian consent will be obtained prior to the evaluation completed by the school. The team will review all submitted documentation, past records, current teacher reports and tests as a part of the student's evaluation. Additional evaluation tests will be conducted by the school if deemed necessary. If a parent/guardian declines consent for an evaluation, the school district may (but is not required to) use hearing procedures to seek to override the denial of consent.

If the school declines to evaluate the student, the district will provide written notice to the student's parent/guardian of procedural safeguards, including the parent's/guardian's right to challenge the school's refusal to evaluate the student.

Students with disabilities who do not qualify for an individualized education program, as required by the federal Individuals with Disabilities Education Act and implementing provisions of this Code, may qualify for services under Section 504 of the federal Rehabilitation Act of 1973 if the child (i) has a physical or mental impairment that substantially limits one or more major life activities, (ii) has a record of a physical or mental impairment, or (iii) is regarded as having a physical or mental impairment.

Parent(s)/Guardian(s) have the right to be involved in each step of the evaluation and placement process. For additional information about parent/guardian rights under IDEA go to: <http://www.isbe.net>

RESIDENCE

Resident Students

A student must reside in the Township High School District 214 attendance area in order to be entitled to a tuition-free education in the district. A student is presumed to be a resident if he/she lives with a natural parent who maintains a full-time home in the district. The student is also presumed to be a resident if he/she lives with a legal guardian, or is under the physical custody and control of an adult resident, so long as the guardianship and/or living arrangement is **not maintained** solely for the purpose of obtaining a free education in district schools. **A comprehensive residency affidavit questionnaire is required to be completed in all non-traditional residency situations.**

As part of the registration process, parent(s)/guardian(s) of freshman students are required to present an original birth certificate. Residency must also be verified. For students enrolled prior to April 15, an electronic residency verification process will be utilized. If residency cannot be verified electronically, parent(s)/guardian(s) will be required to provide proof of residency. Parent(s)/guardian(s) of students new to the district who enroll any time after April 15 will be required to provide proof of residency and provide an original birth certificate prior to registration at the home school.

A person who knowingly or willfully presents to Township High School District 214 any false information regarding the residency of a student for the purpose of enabling that student to attend any school in Township High School District 214 without payment of a non-resident tuition charge shall be guilty of a Class C Felony.

Non-Resident Student Tuition

All non-residents applying for enrollment in Township High School District 214 schools are referred to the Superintendent for approval, unless such admission is covered by a previous cooperative agreement. All non-resident students shall pay tuition charges as provided for in the Illinois School Code. The cost of tuition will be 100 percent of the student per capita cost. The Superintendent has discretion to disenroll a non-resident student admission at any time. Tuition paid for any period after the student's disenrollment, minus any outstanding fees and/or obligations, will be refunded by the District's Finance and Operations office to the parent(s)/guardian(s). For more information, contact the assistant superintendent for student services at 847-718-7657.

Students Who Become Non-Residents

Students who become non-residents during the school year may complete that school year without a tuition charge. However, transportation will be the responsibility of the student. The student must attend school in their new district of residence beginning the next school year.

Family Relocation Within The School District

A student currently attending a District 214 school, whose family moves from one District 214 attendance area to another, will be allowed the option of continuing at the current school for the remainder of their high school education, or enrolling in the school in the new attendance area. A student who elects to attend the school in the new attendance area is expected to remain at that school. A student who elects to attend the current school may, at a later date, transfer to the school in the new attendance area. If the student elects to attend the current school, transportation will be the responsibility of the parent/guardian. Siblings of students electing to remain in the original high school of attendance will need to attend the District 214 school in which the new residence is located.

This policy does not apply to students who are transferred to a new school because of Township High School District 214 Board of Education modifications in school attendance areas. Other exceptions to school attendance area restrictions may be made. For more information, contact the school principal or the assistant superintendent for student services, 847-718-7657.

Homeless Children

Parent(s)/Guardian(s) who feel they may be eligible for benefits under the McKinney-Vento Homeless Assistance Act should contact the school homeless liaison. Board of Education policy 6:140, *Education of Homeless Children*, and its implementing administrative procedure, govern the enrollment of homeless children.

Student Residency Assignments

Students are assigned to the high school that is within the same attendance area as their residence. Rare exceptions to this policy will be carefully considered according to established procedures.

For more information, reference Board policies 7:30 – Student Assignment and Intra-District Transfer and 7:60 - Residence.

The Superintendent or designee shall notify in writing the person enrolling the student that within 30 days he or she must provide a certified copy of the student's birth certificate or other reliable proof with a signed, notarized affidavit. ADOPTED: June 2018

105 ILCS 5/2-3.13(a) of the Illinois School Code requires Illinois public schools to verify whether the student is “in good standing” and whether or not his/her medical records are up to date and complete.

The parent(s)/guardian(s) of a student who is transferring from an Illinois public school shall present a completed Student Transfer Form (Good Standing Form) from the Illinois public school from which the student is transferring (105 ILCS 5/2-3.13a). The Student Transfer Form (Good Standing Form) (ISBE Form 33-78) indicates whether the student's medical records are current and whether the student is in “good standing”, or if the student is currently being disciplined by a suspension or expulsion. If the student is transferring from any private school (whether located in Illinois or not) or any non-Illinois public school, the parent(s)/guardian(s) shall certify in writing that the student is not currently serving a suspension or expulsion imposed by the school from which the student is transferring (105 ILCS 5/2-3.13a).

The Building Principal or designee shall deny admittance to any student who was suspended or expelled for any reason from any public or private school in this or any other state until the student completes the entire term of the suspension or expulsion (105 ILCS 5/2-3.13a).

If the student is transferring from an Illinois public school, the Building Principal or designee shall refuse to admit the student unless the student can produce a Student Transfer Form (Good Standing Form) from the student's previous school. If the student is transferring from any private school (whether located in Illinois or not) or any non-Illinois public school, the Building Principal or designee shall refuse to admit the student unless his or her parent(s)/guardian(s) certify in writing that the student is not currently serving a suspension or expulsion imposed by the school from which the student is transferring.

The Superintendent or designee may, upon the request of the parent(s)/guardian(s) of a student suspended or expelled for any reason, place the student in an alternative school program established under The School Code (105 ILCS 5/2-3.13a).

FOREIGN EXCHANGE STUDENTS

The District accepts foreign exchange students with a J-1 visa and who reside within the District as participants in an exchange program sponsored by organizations screened by administration. Exchange students on a J-1 visa are not required to pay tuition, but are required to pay registration fees.

The Board of Education may limit the number of exchange students admitted in any given year and reserves the right to deny admission to any foreign exchange student as long as the denial is not based on the applicant's race, color, gender, religion, or nationality. Exchange students must comply with District immunization requirements. Once admitted, exchange students become subject to all District policies and regulations governing students.

For a foreign exchange student to be admitted, the District or sponsoring cultural exchange organization must be willing to resolve problems that may arise between the student, host family, and/or District, including the changing of host families to address personal difficulties, health, or safety concerns. Additionally, students participating in a foreign exchange program may be denied entrance, even after the application has been approved, to address the health and safety of students, staff, and the community.

Township High School District 214 has no control over the choice of a program of foreign study for Township High School District 214 students who go abroad to study. It is recommended that students, parents/guardians, and staff members of the District be guided by the foreign exchange procedures, where applicable, in making a choice of a foreign study program.

For more information, reference Board policy 7:50 - School Admissions and Student Transfers To and From Non-District Schools.

A student entering and enrolled in Township High School District 214 is required to have on file proof of a physical exam and proof of the appropriate immunization series as required by the School Code of Illinois and the Department of Public Health. SCHOOL FEES

Township High School District 214 uses an On-Line Registration and Fee Payment Process. Parent(s)/guardian(s) must register their student(s) and pay fees, and/or apply for a fee waiver at their respective home school main office, including all students attending alternative schools or programs outside the district. If parent(s)/guardian(s) do not have access to a computer, or prefer to pay using cash, check, or money order, they must go to the home school main office to complete the registration and payment process. In addition, parent(s)/guardian(s) of students attending alternative schools or programs outside the district must register and pay fees at the home school main office.

FAILURE TO PAY SCHOOL FEES

Privileges withheld due to overdue payment of school fees and obligations include, but are not limited to, such items as: release of official transcripts/records, prom tickets, parking passes, discretionary purchases such as yearbooks, and/or delay of next year's registration. Students who qualify for fee waiver are subject to overdue obligations and fines.

WAIVER OF SCHOOL FEES

The Township High School District 214 Board of Education will waive all school fees if the parent(s)/guardian(s) income is below the federal income guidelines as determined by the U.S. Department of Agriculture (see Federal Income Eligibility Guidelines). Fees will also be waived if the family experiences a very significant loss of income because of severe illness or injury in the family. **Fee waivers will be considered only if written evidence is presented by the person applying for the waiver.**

"School fees" refers to any monetary charge collected by the school or district from a student or the parent(s)/guardian(s) as a prerequisite for the student's participation in any curricular or co-curricular program of the school or district during the school year. A school does not impose a "fee" when it requires that students provide their own ordinary supplies or materials (e.g., pencil, paper, notebooks) that are necessary to participate in any curricular or co-curricular program.

"School fees" include: All charges for required textbooks, instructional materials; all charges and deposits collected by a school for use of school property (e.g., locks, towels, laboratory equipment); charges for field trips made during school hours, or made after school hours if the field trip is a required or customary part of a class or co-curricular activity (e.g., annually scheduled trips to museums, concerts, places of business and industry or field trips related to instruction in social studies, the fine arts, career/vocational education or the sciences); charges or deposits for uniforms or equipment related to varsity and intramural sports or to fine arts programs; charges for supplies required for a particular class (e.g., shop or home economics materials, laboratory or art supplies); graduation fees (e.g., caps, gowns); school records fees; school health services fees; and driver education fees assessed pursuant to Section 27-24.2 of the School Code (105 ILCS 5/27-24.2). District 214 school fees also include a technology device and device insurance cost.

"School fees" do not include: charges for the loss, misuse, or destruction of school property (e.g., musical instruments, library books, etc.); charges for the purchase of class rings, yearbooks, pictures, diploma covers, or similar items; charges for optional travel undertaken by a school club or group of students outside of school hours (e.g., a trip to Spain by the Spanish Club or a senior class trip); charges for admission to school dances, athletic events, or other social events; optional community service programs for which fees are charged (e.g., preschool, before and after school childcare, recreational programs).

For more information, reference Board policy 4:140 – Waiver of Student Fees.

WAIVER OF SCHOOL FEES APPLICATION

An application form for school fee waiver is available in the principal's/director's office and on the district website at: <http://www.d214.org/about-district-214/fee-waivers/>

The completed form, along with documentation of the household's gross income, including a copy of the parent(s)/guardian(s) Federal Income Tax Form 1040 or Illinois Income Tax Return (or other evidence of documentation acceptable to the district), should be submitted to the principal/director or designee. One application form should be submitted at the beginning of each school year to determine the eligibility for the waiver of all applicable fees for that school year. No fee shall be collected from any parent(s)/guardian(s) who are seeking a fee waiver in accordance with this policy until they have been notified of the district's decision regarding the request or appeal, if one is made.

Parent(s)/guardian(s) are advised that supplying false information to obtain a fee waiver is a Class 4 Felony under Illinois Compiled Statutes 7-20 ILCS 5/17.6. If the amount of benefit obtained is over \$300, it is a Class 3 Felony.

The principal/director or designee will notify the parent(s)/guardian(s) within 30 days of receipt of the request, as to whether the request has been granted or denied. **If the request is denied, or a subsequent decrease in family income occurs, you may reapply for a waiver at any time during the school year.** A denial of a waiver request may be appealed to the associate superintendent for finance and operations by submitting a completed appeal form within two weeks of the denial. A decision will be mailed to the parent(s)/guardian(s) within 30 calendar days of the receipt of the request. If this appeal is denied, a

waiver request may be appealed to the Board of Education by submitting the completed appeal form to the superintendent within two weeks of the denial. The Board of Education will consider such appeals within 30 calendar days of the receipt of the request for appeal. Parent(s)/guardian(s) have the right to meet with the Board of Education to explain their reasons for the fee waiver to be granted. The Board of Education will notify the parent(s)/guardian(s) in writing of its decision, including its reasons, if it denies the appeal request. The decision of the Board of Education is final and binding.

Questions concerning the fee waiver process should be addressed to the principal's/director's office.

SCHOOL NUTRITION PROGRAM

The Department of Food and Nutrition Services of Township High School District 214 is committed to providing fresh, nutritious meals and snacks each school day, and encouraging students to eat a balanced meal by offering all food groups and a variety of fresh fruits and vegetables daily. A la carte items are available for purchase daily in the cafeterias and in the vending machines.

Prepay System for Meal Service

The Department of Food and Nutrition Services has a computerized debit system in the schools that allows parent(s)/guardian(s) to establish a prepaid account for school food services. The funds are loaded to the student's photo ID card. The account may be used for breakfast, lunch and a la carte service. After the student has selected his/her meal choices, he/she will need to present the student identification card to the cashier.

Payment can be made by check or credit card on a weekly or monthly basis in lieu of giving students cash for meals. This system is convenient for parent(s)/guardian(s) and students. Parent(s)/guardian(s) can monitor what their students are purchasing regardless of payment method through the online prepaid account.

How is the prepaid account established?

There are several ways to establish a prepaid account for students:

By check or cash - To establish a prepaid account, send cash or check with the student to the school cafeteria and turn it in at breakfast or lunch. Make sure to include student's name and ID on the check. Make check payable to "(school's name) Cafeteria."

By credit card or e-check – To set up an online account at MySchoolBucks.com, go to <https://www.MySchoolBucks.com> and click on "Sign Up Today". Follow the instructions to set up the student's account. A convenience fee of \$2.49 will be charged to the credit card for each deposit made per site. If a family has more than one student in the same school, the card will be charged only one fee of \$2.49, if funds are deposited into each of the students' accounts during the same transaction session. For assistance in setting up or using an account, contact the MySchoolBucks.com support team at 855-832-5226 or email: parentsupport@myschoolbucks.com.

How long does it take to post funds to a prepaid account?

Payments made using checks or cash will be credited to a student's account that day. Payments made using credit cards or e-check at MySchoolBucks.com are generally credited to a student's account within 24 hours.

Free and Reduced Meal Eligibility

Children may qualify for free milk and/or meals. An email message to all registered households will be sent out in the summer with instructions on how to apply for meals and access the Special Milk/Meals Program application through the Infinite Campus (IC) Parent Portal. Parent(s)/guardian(s) can also visit the food and nutrition service page of the District's website in August to download a printable Special Milk/Meals Program Application at: www.d214.org/departments/school-lunch-application/. The Department of Food and Nutrition Services can only review complete applications. Fill out all required information. If students do not qualify for free milk and /or meals, the current prices are: milk \$.60, breakfast \$2.00, and lunch \$3.00/\$3.25/\$3.50. If students qualify for reduced price meals, breakfast is \$1.00, lunch is \$2.00. Return the completed application to the school cafeteria or: The Department of Food and Nutrition Services, 2121 S. Goebbert Rd., Arlington Heights, IL 60005. For more information, call 847-718-7640.

Students may qualify for free milk and/or meals if a household income falls at or below the limits on this chart:

ATTENDANCE AND TRUANCY POLICY – Policy 7:70

Compulsory School Attendance

This policy applies to individuals who have custody or control of a child: (a) between the ages of six (on or before September 1) and 17 years (unless the child has graduated from high school) or (b) who is enrolled in any of grades, kindergarten through 12, in the public school regardless of age. Subject to specific requirements in State law, the following children are not required to attend public school: (1) any child attending a private school (including a home school) or parochial school, (2) any child who is physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), (3) any child lawfully and necessarily employed, (4) any child over 12 and under 14 years of age while in confirmation classes, (5) any child absent because his or her religion forbids secular activity on a particular day, and (6) any child 16 years of age or older who is employed and is enrolled in a graduation incentives program.

The parent/guardian of a student who is enrolled must authorize all absences from school and notify the school in advance or at the time of the student's absence. A valid cause for absence includes illness, observance of a religious holiday, death in the immediate family, family emergency, other situations beyond the control of the student as determined by the Board, voting pursuant to Policy 7:90, Release During School Hours (10 ILCS 5/7-42 and 5/17-15), other circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, or other reason as approved by the Superintendent or designee.

Absenteeism and Truancy Program

The Superintendent or designee shall manage an absenteeism and truancy program in accordance with the School Code and Board of Education policy.

ADOPTED: April 16, 2020

Local community ordinances enforced by judges imposing fines also require school attendance for students 17 years old and under (P.A. 093-0858 as of January 1, 2005). Therefore the Board of Education authorizes the administration in each building to enforce procedures that ensure regular student attendance and accurate accounting for student absences. If a student has been truant in one of our schools or programs, the parent(s)/guardian(s) will be contacted by the attendance office, teachers, or counselors. Class cutting is defined as any absence without the approval of the parent/guardian.

Off Campus Learning Experiences

High School District 214 offers a number of off campus learning experiences such as college coursework or work based learning opportunities at employer sites. In many cases, these off campus experiences will not meet five days a week. During periods when attendance is not required, the student may elect to be enrolled in an open study and be allowed to work in other designated areas in the building, or elect an early dismissal option with parent permission. In granting this permission, parents take responsibility for students' conduct, whereabouts and welfare while off campus.

Blended Learning Courses

Select courses may be offered in a blended learning format. These courses do not typically meet on a daily basis throughout the term. During periods when attendance is not required, students may be allowed to work in designated areas of the building. Depending on the school site, with prior parent permission, students may be permitted to leave the building by meeting minimum expectations and following the required procedures during lunch hours or at the start or end of the day only. In granting this permission, parents take responsibility for students' conduct, whereabouts and welfare while off campus. The privilege of leaving the building may be revoked if students do not follow appropriate procedures or engage in behavioral infractions.

ATTENDANCE CONSEQUENCES/REFERRALS

Class cutting or truancy may result in any of the following actions: detention, Saturday detention, lunch detention, in-school suspension, restorative practices, loss of privileges (i.e., parking, after school and co-curricular activities, off campus lunches, etc.), truancy referral, and/or parent/guardian conference. **Excessive class cuts can also be a violation of local city ordinances.**

AUTHORIZED ABSENCES

Authorized absences are absences for "valid cause", which include, but are not limited to, the following:

- Death in the immediate family;
- Family emergency (reviewable);
- Court appearance;
- Religious observances;
- Parent/Guardian indicating student is ill (reviewable);
- Medical (a documented, health-related absence, i.e., medical or dental appointments);
- Administrative approval;
- Field trips which follow the District field trip guidelines;
- Nurse visit;
- Prearranged college campus visit with submitted documentation signed by college official;
- Student services department approved activity:
 - College counselor appointment;
 - College representative meeting;
 - Assessment program;
 - Armed forces recruiter visit;
 - Related service appointment.
- Out-of-school suspension (Administrative removal from school property for a school day or portion thereof for violations of school disciplinary policies);
- In-school suspension (an in-building administrative reassignment from a class period or periods for violations of school disciplinary policies).

NOTE: The above absences are examples of "valid cause" absences, i.e., absences cited in the Illinois School Code and/or District 214 School Board policy.

Excessive absences, as defined as 4 or more days per semester, may result in parent/guardian contact by the attendance office. Students who accumulate 4 or more days of absences per semester, whether excused or unexcused, will be listed as unauthorized. In order to have an absence classified as excused after 4 days of absence in a semester, a doctor's note may be required.

If a student is habitually absent from school and/or has been warned by the division head for student success, safety and wellness in regards to attendance, the division head and the school nurse may feel it is in the student's best interest to remain at school if there are no outward signs of illness as identified by the nurse. If the parent/guardian disagrees with this procedure, they may take the child directly to the doctor and bring a doctor's note to the division head's office excusing the absence.

UNAUTHORIZED ABSENCES

An unauthorized absence is any absence caused by a failure to follow prescribed school procedures or reasons not accepted by the school. Examples include, but are not limited to, the following:

- Failure to sign in or out with attendance office;
- Oversleeping;
- Missed school bus;
- Car trouble;
- Late call;
- Excessive parent/guardian calls;
- Undocumented health-related absences;
- Pre-approved family-related activity days exceeding the pre-approval limit.

NOTE: Any unauthorized absence is reviewable by the administration.

UNEXCUSED ABSENCES

- Class Cut – An absence without the approval of the parent/guardian and/or verification by an authorized staff member.
- Truancy - An absence from a school day without valid cause.

According to Illinois School Code 105 ILCS 5/26-2a, "chronic or habitual truant" shall be defined as a child who is subject to compulsory school attendance and who is absent without valid cause from such attendance for 5% or more of the previous 180 regular attendance days.

Parent(s)/guardian(s) may also obtain assistance in dealing with truancy or other problems by contacting the counselor or division head for student success, safety and wellness for a review of available services.

REPORTING DAILY ABSENCES

If a student is absent from school, a parent/guardian needs to call the attendance office to report the student's absence. Authorized calls will be accepted by the attendance office up to 48 hours following the absence. In the event a call is made after 48 hours, the absence will be considered unauthorized. Failure of a parent/guardian to call will result in the absence being considered unexcused. Appeals may be made to the division head for student success, safety and wellness. Actual reasons or valid cause should be given for absences to be considered excused.

PERIOD ABSENCES/SIGN IN & SIGN OUT PROCEDURE

A parent/guardian call is required to the attendance office prior to the time of a student's departure for approved outside appointments. Students are unable to leave campus without verbal parent/guardian authorization. Prior to leaving the premises, the student must **sign out** through the attendance office and **sign in** upon their return to school. Failure to do so will result in an unauthorized absence. If there is a necessary outside appointment, please make sure that your child is not absent for the entire day. The primary purpose of the attendance system is to make the students accountable for their attendance.

PREARRANGED ABSENCES

When it is necessary for a student to be absent from school, the attendance office must receive prior notification according to the following procedures in order for the absence to be considered authorized:

College Visits – All college visits must be pre-approved through the attendance office. The student must obtain signed documentation from the college verifying the college visit.

Religious Program of Instruction or Conference – A parent/guardian must notify the attendance office approximately two weeks before the absences.

Family-Related Absences – Parents/guardians should make every attempt to schedule family trips around the school schedule. However, when such trips must be made while school is in session, an application for pre-approved family-related activities will be reviewed and considered for authorized status when students are absent from school. These absences are to be reviewed by, but not limited to: a division head for student success, safety and wellness; an associate principal; and the principal.

MAKE-UP WORK FOR ABSENCES

A student who is absent will be permitted to complete the missed work. The teacher will establish reasonable time limits for its completion.

LATE TO SCHOOL AND LEAVING SCHOOL EARLY

When arriving late to school or leaving early, it is necessary for a student to have a parent/guardian call and for the student to **sign in** or **sign out** at the attendance office. Failure to call will result in an unauthorized absence.

STUDENT TARDINESS

Tardiness to class creates a disruption to the learning environment and takes time away from the class activity. Students are expected and required to report to class on time with their class materials. The classroom teacher may assign disciplinary measures for tardiness to class. Teachers may refer students who are chronically tardy to the office of the division head for student success, safety and wellness. Students who are chronically tardy may be subject to disciplinary consequences.

LUNCH PERIOD

All District 214 schools have closed campus for freshmen during lunch period. Open campus lunch is a privilege that can be earned by sophomores, juniors and seniors. The criteria for students to earn open campus lunch is available in the office of the division head for student success, safety and wellness. Parent(s)/guardian(s) must sign a consent form for their student to have an open campus lunch.

Sophomores, juniors, and seniors who have earned open campus lunch are required to have their student ID with them to exit and enter the building during their lunch period. Students that leave campus without their student ID will be subject to disciplinary consequences. The open campus privilege is subject to change based on maintaining the criteria.

FIELD TRIPS

Field trips are a privilege for students. Students must abide by all school policies during transportation and field trip activities and shall treat all field trip locations as though they are school grounds. Failure to abide by school rules and/or location rules during a field trip may subject the student to discipline. All students who wish to attend a field trip must receive written permission from a parent/guardian with authority to give permission. Students may be prohibited from attending field trips for any of the following reasons:

- Failure to receive appropriate permissions from parent/guardian or teacher;
- Failure to complete appropriate coursework;
- Behavioral or safety concerns;
- Denial of permission from administration;
- Other reasons as determined by the school.

SENIOR NON-ATTENDANCE DAY (“DITCH DAY”)

District 214 does not support a senior non-attendance day. The District asks parent(s)/guardian(s) to support the district in taking a stance against “ditch day”. When an excessive number of students are out of class(es), their absence negatively impacts the educational process. Should a student make the decision to participate in a “ditch day”, this absence is considered unauthorized when a parent phone call is made. If a parent phone call is not received, the absence will be considered unexcused.

PROOF OF ATTENDANCE

Schools in Township High School District 214 do not issue individual letters of enrollment, attendance and/or graduation for any reason. Parent(s)/Guardian(s) and students may use a student’s schedule, report card, or transcript to show proof of high school enrollment, attendance and/or graduation (see “Procedure to Request a Transcript and/or Immunization Records” pg. 65).

HOMEBOUND/HOSPITAL INSTRUCTION

Homebound/hospital instruction is provided to a student when a physician licensed to practice medicine in all of its branches, a licensed physician assistant (PA), or a licensed Advanced Practice Registered Nurse (APRN) determines that the student will: (1) be unable to attend school, for medical reasons, for two or more consecutive weeks, or (2) be absent on an ongoing intermittent basis. The term “ongoing intermittent basis” is defined as the student’s medical condition being of such a nature or severity that it is anticipated that the student will be absent for periods of at least 2 days at a time multiple times during the school year totaling at least 10 days or more of absences. A physician’s statement must be provided to the District which states the medical need for student absence and length of time the services should be provided. Once this statement is received by the assistant principal for student services, educational services can be arranged. If there is no physician restriction on student attendance, there is no eligibility for home/hospital instruction.

The goal of home/hospital instruction is to afford the student experiences equivalent to those afforded to other students at the same grade level. The substance or content of the instruction, generally academic, is to enable the student to remain synchronized with the other students in his/her class.

Section 14-13.01a of the School Code states, “Children must regularly receive a minimum of one hour of instruction each school day, or in lieu thereof, a minimum of 5 hours of instruction in each school week...unless the attending physician for such a child has certified that the child should not receive as many as 5 hours of instruction in a school week.”

For more information, reference Board policy 6:150 – Home and Hospital Instruction.

GRADING AND PROMOTION – Policy 6:280

The Superintendent shall establish a system of grading and reporting academic achievement to students and their parents/guardians. The system shall also determine when promotion and graduation requirements are met. A student shall not be promoted based upon age or any other social reason not related to academic performance.

Teachers use letter grades to report and document student achievement of course standards. Standards, which are established and communicated by teachers at the outset of each course, are used to evaluate student achievement.

Grading should reflect a demonstrated understanding of content and skills and shall not be based on external factors such as discipline. Every teacher shall maintain an evaluation record for each student in the teacher’s classroom, and shall use the following Standard Score Scale to determine grades:

<i>A</i>	<i>90-100</i>
<i>B</i>	<i>80-89</i>
<i>C</i>	<i>70-79</i>
<i>D</i>	<i>60-69</i>
<i>F</i>	<i>0-59</i>

All letter grades are available to all students in all courses.

No grade may be changed without notification to the teacher concerning the nature and reason for the change. The administrator making the change must sign the changed record.

STUDENT BEHAVIOR POLICY – Policy 7:190

The goals and objectives of this policy are to provide effective discipline practices that: (1) ensure the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; (4) address the causes of a student's misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

When and Where Conduct Rules Apply

A student is subject to disciplinary action for engaging in prohibited student conduct, as described in the section with that name below, whenever the student's conduct is reasonably related to school or school activities, including, but not limited to:

- 1. On, or within sight of, school grounds before, during, or after school hours or at any time;*
- 2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;*
- 3. Traveling to or from school or a school activity, function, or event; or*
- 4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including, but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.*

Prohibited Student Conduct

The school administration is authorized to discipline students for gross disobedience or misconduct, including but not limited to:

- 1. Using, possessing, distributing, purchasing, or selling tobacco or nicotine materials, including without limitation, electronic cigarettes.*
- 2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.*
- 3. Using, possessing, distributing, purchasing, selling, or offering for sale:*
 - a. Any illegal drug or controlled substance, or cannabis (including marijuana, hashish, and medical cannabis unless the student is authorized to be administered a medical cannabis infused product under Ashley's Law).*

- c. Any performance-enhancing substance on the Illinois High School Association's most current banned substance list unless administered in accordance with a physician's or licensed practitioner's prescription.
- d. Any prescription drug when not prescribed for the student by a physician or licensed practitioner, or when used in a manner inconsistent with the prescription or prescribing physician's or licensed practitioner's instructions. The use or possession of medical cannabis, even by a student for whom medical cannabis has been prescribed, is prohibited unless the student is authorized to be administered a medical cannabis infused product under Ashley's Law.
- e. Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
- f. Any substance inhaled, injected, smoked, consumed, or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in tablet or powdered form.

- h. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances. Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they had the prohibited substance, as applicable, in their possession.
4. Using, possessing, controlling, or transferring a "weapon" as that term is defined in the Weapons section of this policy, or violating the Weapons section of this policy.
 5. Using or possessing an electronic paging device. Using a cellular telephone, video recording device, personal digital assistant (PDA), or other electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Prohibited conduct specifically includes, without limitation, creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device, or cellular phone. Unless otherwise banned under this policy or by the Building Principal, all electronic devices must be kept powered-off and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's individualized education program (IEP); (c) it is used during the student's lunch period, or (d) it is needed in an emergency that threatens the safety of students, staff, or other individuals.
 6. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.
 7. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a District staff member's request to stop, present school identification, or submit to a search.

Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct.
 10. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning), and sexual assault. This does not include the non-disruptive: (a) expression of gender or sexual orientation or preference, or (b) display of affection during non-instructional time.

11. *Teen dating violence, as described in Board policy 7:185, Teen Dating Violence Prohibited.*
12. *Causing or attempting to cause damage to, or stealing or attempting to steal, school property or another person's personal property.*
13. *Entering school property or a school facility without proper authorization.*

15. *Being absent without a recognized excuse; State law and School Board policy regarding truancy control will be used with chronic and habitual truants.*
16. *Being involved with any public school fraternity, sorority, or secret society, by: (a) being a member; (b) promising to join; (c) pledging to become a member; or (d) soliciting any other person to join, promise to join, or be pledged to become a member.*
17. *Being involved in gangs or gang-related activities, including displaying gang symbols or paraphernalia.*

20. *Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.*
21. *Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.*

For purposes of this policy, the term "possession" includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board's authority to impose discipline, including suspension or expulsion, for such behavior. No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following:

1. *Notifying parent(s)/guardian(s).*
2. *Disciplinary conference.*
3. *Withholding of privileges.*
4. *Temporary removal from the classroom.*
5. *Return of property or restitution for lost, stolen, or damaged property.*
6. *In-school suspension. The Building Principal or designee shall ensure that the student is properly supervised.*
7. *After-school study or Saturday study provided the student's parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.*

8. *Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.*
9. *Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.*
10. *Suspension of bus riding privileges in accordance with Board policy 7:220, Bus Conduct.*
11. *Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, Suspension Procedures. A student who has been suspended may also be restricted from being on school grounds and at school activities.*
12. *Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years in accordance with Board policy 7:210, Expulsion Procedures. A student who has been expelled may also be restricted from being on school grounds and at school activities.*
13. *Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.*
14. *Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), "look-alikes," alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.*

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Neither isolated time out, time out, nor physical restraints shall be used to discipline or punish a student. These methods are only authorized for use as permitted in 105 ILCS 5/10-20.33, State Board of Education rules (23 Ill.Admin.Code §§ 1.280, 1.285) and the District's procedure(s).

Weapons

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than 2 calendar years:

1. *A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1).*
2. *A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alike" of any firearm as defined above.*

The expulsion requirement under either paragraph 1 or 2 above may be modified by the Superintendent, and the Superintendent's determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy's prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

Re-Engagement of Returning Students

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student's ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

Required Notices

A school staff member shall immediately notify the office of the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member. Upon receiving such a report, the Building Principal or designee shall immediately notify the local law enforcement agency, State Police, and any involved student's parent/guardian. "School grounds" includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated [licensed] educational employees, and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent; Building Principal; Assistant Building Principal; or Division Head for Student Success, Safety and Wellness is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons.

Student Handbook

The Superintendent, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District disciplinary policies and rules, shall be distributed to the students' parents/guardians within 15 days of the beginning of the school year or a student's enrollment.

The Board of Education will establish and maintain a committee to develop, implement, and monitor procedures on the use of behavioral interventions for children with disabilities.

Discipline of Special Education Students

The District shall comply with the Individuals With Disabilities Education Improvement Act of 2004 and the Illinois State Board of Education's Special Education rules when disciplining special education students. No special education student shall be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of his or her disability.

TECHNOLOGY GUIDELINES

District 214 fully supports the principle of digital citizenship, in other words the norms of appropriate, responsible behavior with regard to technology use. Throughout the District 214 curriculum, students will receive instruction regarding responsible use practices to be successful citizens in our rapidly changing digital society. These practices include norms for communication and etiquette, information literacy, and the appropriate ethical and legal understanding to engage in 21st century learning.

The following sections of this handbook detail the District 214 expectations for appropriate use of technology and the consequences that apply to students who fail to meet those expectations.

District 214 provides Internet access to its students and staff. Responsible use procedures and guidelines are provided to each student through the registration process and govern websites and social media sites including, but not limited to,

Twitter, Facebook, YouTube, Instagram, LinkedIn, and Snapchat. The responsible use procedures and guidelines will outline general responsibilities and expectations that accompany Internet access and accounts using District 214 networks and facilities. Inappropriate use will result in loss of privileges and other appropriate consequences.

INTERNET SAFETY – Policy 6:235

The Board of Education of Township High School District 214 (“Board”) has adopted the following policy in accordance with the Children’s Internet Protection Act and the Neighborhood Children’s Internet Protection Act (P.L. 106-554).

This policy provides for the monitoring of the online activities of minors, and addresses the following areas:

- use of technology measures to restrict minors’ access to materials harmful to minors and/or inappropriate;*
- the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications;*
- unauthorized access, including so-called “hacking,” and other unlawful activities by minors online; and*
- unauthorized disclosure, use and dissemination of personal information regarding minors.*

Section I. - Curriculum

By being connected to the Internet, students and staff have potential access to electronic mail communication; to information via the World-Wide Web; and to various research sources including certain university library catalogs, the Library of Congress, and other research databases. Access to the Internet and Township High School District 214’s (the “District’s”) network is a privilege and is not a public forum for general use. Employees and students may load District-assigned student work onto the District’s network. However, employees and students shall not load onto the District’s network or Internet any unlawful, inappropriate, or copyrighted works that are not in accordance with fair use guidelines. Employees will not use personal social networking sites to communicate/interact with students. The Board disclaims any responsibility for any information, including its accuracy or quality, obtained or transmitted through use of the Internet. Further, the Board disclaims responsibility for any information that may be lost, damaged or altered or unavailable when using the District’s network. Employees and students shall be solely responsible for any unauthorized charges or fees resulting from their access to the Internet.

Section II. - Use of Technology Protection Measures

It is the policy of the Board of Education, through the use of internet filtering or blocking devices, to comply with the Children’s Internet Protection Act. Such filtering or blocking device shall be used on all District computers with internet access and during all use of such computers, except as specifically provided below.

It shall be the responsibility of the administration of the District to assess those filtering or blocking devices available for use and to determine the filtering device most effective and appropriate for the School District’s needs.

The Superintendent or Superintendent’s designee may, on a case by case basis, authorize the disabling of filtering or blocking devices to permit adults to engage in bona fide research or for other lawful purposes. Disabling requests will not be granted if the Superintendent determines that the potential harm or disruption incident to the request outweighs its educational or professional benefit.

All online activities of students and minors may be monitored by those school officials with direct supervisory responsibility for those activities. For any other alleged student harassment that does not require action under policy 2:265, Title IX Sexual Harassment Grievance Procedure, the Nondiscrimination Coordinator or a Complaint Manager or designee shall consider whether an investigation under policies 2:260, Uniform Grievance Procedures, and/or 7:190, Student Behavior, should be initiated, regardless of whether a written report or complaint is filed.

Any person making a knowingly false accusation regarding prohibited conduct will likewise be subject to disciplinary.

PREVENTION OF AND RESPONSE TO BULLYING, INTIMIDATION, AND HARASSMENT – Policy 7:180

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important District goals.

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic **is prohibited** in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a nonschool-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by a school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This item (4) applies only in cases in which a school administrator or teacher receives a report that bullying through this means has occurred and it does not require a district or school to staff or monitor any nonschool-related activity, function, or program.

Definitions from Section 27-23.7 of the School Code (105 ILCS 5/27-23.7)

Bullying includes cyber-bullying and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Cyber-bullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. Cyber-bullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. Cyber-bullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or

more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Restorative measures means a continuum of school-based alternatives to exclusionary discipline, such as suspensions and expulsions, that: (i) are adapted to the particular needs of the school and community, (ii) contribute to maintaining school safety, (iii) protect the integrity of a positive and productive learning climate, (iv) teach students the personal and interpersonal skills they will need to be successful in school and society, (v) serve to build and restore relationships among students, families, schools, and communities, and (vi) reduce the likelihood of future disruption by balancing accountability with an understanding of students' behavioral health needs in order to keep students in school.

School personnel means persons employed by, on contract with, or who volunteer in a school district, including without limitation school and school district administrators, teachers, school guidance counselors, school social workers, school counselors, school psychologists, school nurses, cafeteria workers, custodians, bus drivers, school resource officers, and security guards.

The Superintendent or designee shall develop and maintain a bullying prevention and response plan that advances the District's goal of providing all students with a safe learning environment free of bullying and harassment. This plan must be consistent with the following requirements:

- 1. The District uses the definition of bullying as provided in this policy.*
 - 2. Bullying is contrary to State law and the policy of this District. However, nothing in the District's bullying prevention and response plan is intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based views protected under the First Amendment to the U.S. Constitution or under Section 3 of Article I of the Illinois Constitution.*
 - 3. Students are encouraged to immediately report bullying. A report may be made orally or in writing to the Nondiscrimination Coordinator; Building Principal; Assistant Building Principal; Division Head for Student Success, Safety and Wellness; a Complaint Manager or any staff member with whom the student is comfortable speaking. The District named officials and all staff members are available for help with a bully or to make a report about bullying. Anonymous reports are also accepted.*
 - 4. Consistent with federal and State laws and rules governing student privacy rights, the Superintendent or designee shall promptly inform parent(s)/guardian(s) of all students involved in an alleged incident of bullying and discuss, as appropriate, the availability of social work services, counseling, school psychological services, other interventions, and restorative measures.*
 - 5. The Superintendent or designee shall promptly investigate and address reports of bullying, by, among other things:

- The Superintendent or designee shall investigate whether a reported act of bullying is within the permissible scope of the District's jurisdiction and shall require that the District provide the victim with information regarding services that are available within the District and community, such as counseling, support services, and other programs.*
- 6. The Superintendent or designee shall use interventions to address bullying, which may include, but are not limited to, school social work services, restorative measures, social-emotional skill building, counseling, school psychological services, and community-based services.*
 - 7. A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student's act of reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.*

8. *A student will not be punished for reporting bullying or supplying information, even if the District's investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.*
9. *The District's bullying prevention and response plan must be based on the engagement of a range of school stakeholders, including students and parents/guardians.*
10. *The Superintendent or designee shall post this policy on the District's website, if any, and include it in the student handbook, and, where applicable, post it where other policies, rules, and standards of conduct are currently posted. The policy must be distributed annually to parents/guardians, students, and school personnel (including new employees when hired), and must also be provided periodically throughout the school year to students and faculty.*
11. *The Superintendent or designee shall assist the Board with its evaluation and assessment of this policy's outcomes and effectiveness. This process shall include, without limitation:*

The Superintendent or designee must post the information developed as a result of the policy evaluation on the District's website, or if a website is not available, the information must be provided to school administrators, Board members, school personnel, parents/guardians, and students.
12. *The Superintendent or designee shall fully implement the Board policies, including without limitation, the following:*

ADOPTED: September 2020

For more information, reference Board Policy 7:180 – Preventing Bullying, Intimidation, and Harassment and Board Policy 7:20 – Harassment of Students Prohibited.

Any reports of bullying, intimidation or harassment will be kept confidential to the extent possible given the need to investigate the reported complaint. Students who make good faith complaints will not be disciplined. Any student who is determined, after an investigation, to have engaged in bullying, intimidation, or harassment will be subject to disciplinary consequences as provided in this handbook, including but not limited to suspension and expulsion consistent with the school and district's discipline policy. Parent(s)/guardian(s) of students who have engaged in the above behavior will be notified. Any student making a knowingly false accusation regarding harassment may also be subject to disciplinary consequences.

ACADEMIC INTEGRITY – Policy 6:282

Students, teachers, and administrators work together to establish and maintain an academic environment that is fair to all students. Students are expected to strive to maintain academic integrity and to refrain from academic misconduct or from aiding others in academic misconduct. Academic misconduct is subject to disciplinary action defined by District and school/site procedures. A pattern of absences that occur during classroom assessments (exams, projects, presentations, etc.) may create a presumption of academic dishonesty. Faculty will investigate such a pattern and apply consequences as outlined in the Academic Integrity policy. Teachers will review the District policy and procedures regarding academic integrity at the beginning of every course and will incorporate instruction regarding the need for and value of academic integrity in their lessons.

I. Definitions of Academic Misconduct

A. *Scholastic Dishonesty*

A breach of the standards of academic integrity including all forms of academic cheating; e.g., plagiarism, collusion, falsifying academic records, and any other act designed to give unfair academic advantage to the student.

B. *Cheating*

Any attempt to defraud, deceive, or mislead the teacher and/or school administration in arriving at an honest evaluation of learning. Cheating includes aiding other students in cheating, as well as the inappropriate use of technology that transmits data.

C. *Plagiarism*

A form of cheating that involves presenting as one's own, the ideas or work of another. Plagiarism is not a question of intent. Any use of the content or style of another's intellectual product without proper recognition of the source, constitutes plagiarism.

D. *Furnishing False Information*

Writing an exam or term paper for another student; soliciting another person to take an exam or write a paper for one's own class; submitting the same work in more than one course when doing so is prohibited; or representing oneself as another person.

E. *Creating an Improper Disadvantage*

Removing, defacing, hiding or deliberately withholding library books or other materials; contaminating a laboratory sample, etc.

F. *Theft/Damage of Intellectual Property*

Sabotaging or stealing another person's assignment, book, paper, notes, experiment, or project; improperly accessing or electronically interfering via computer or other means with the property of another person.

G. *Selling or Distributing Materials*

Selling or distributing course notes, handouts, readers or other information provided by a teacher without the teacher's permission.

H. *Collusion*

The act of forming a secret agreement for a fraudulent or illegal purpose.

II. Standard Consequences

When an incident of academic misconduct is suspected, the teacher will take reasonable action to establish whether it actually occurred. After giving the student notice of the allegation(s) and an opportunity to explain his or her actions, the teacher will take the following disciplinary actions when it has been determined that academic misconduct has occurred. The consequence for academic misconduct will always be more severe than the consequence for failing to do, turn in, or complete an assignment or to take the test/exam/assessment in question.

A. *First Occurrence*

- 1. Zero credit for the assignment or examination.*
- 2. Possible course failure based on the weight of the assignment or examination.*
- 3. The student is given the opportunity to complete the assignment/examination at the teacher's discretion at no credit.*
- 4. The incident is reported to the division head and documented by the Division Head for Student Success, Safety and Wellness as a disciplinary incident, and the parent/guardian is notified by an administrator of the incident and possible course failure. "Academic Misconduct" is added to the discipline referral form.*

B. *Second Occurrence*

- 1. Zero credit for the assignment or examination.*

2. *As a consequence, possible course failure as determined by the teacher and the Building Principal's/Director's designee(s).*
3. *The student is given the opportunity to make up the assignment/examination at the teacher's discretion at no credit.*
4. *Incident is reported to the division head and documented by the Division Head for Student Success, Safety and Wellness as a disciplinary incident and, the parent/guardian is notified by an administrator of the incident and possible course failure. "Academic misconduct" is added to the discipline referral form.*
5. *The student may be excluded from consideration for academic awards.*

C. *Third Occurrence*

1. *Course failure.*
2. *Incident is reported to the division head and documented by the Division Head for Student Success, Safety and Wellness as a disciplinary incident and, the parent/guardian is notified by an administrator of the incident and course failure.*
3. *The student will be excluded from consideration for academic awards.*

Incidents of academic misconduct are cumulative in individual courses; i.e., an incident in one course is unrelated to any incidents in other courses. The administration, however, may detect a pattern of academic misconduct that requires an additional or alternative disciplinary intervention. The incident may be considered a co-curricular code violation.

III. School Rules, District Policies, and the Law

The consequences for violating the Academic Integrity policy are separate from and in addition to those assigned for violating school rules, other School District policies, and the law. Furthermore, this policy in no way limits the authority of the administration or Board of Education to impose other or additional consequences in accord with school rules and District policies.

SEARCH AND SEIZURE POLICY – Policy 7:140

In order to maintain order and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there. This paragraph applies to vehicles parked on school property. In addition, Building Principals shall require each high school student, in return for the privilege of parking on school property, to consent in writing to school searches of his or her vehicle, and personal effects therein, without notice and without suspicion of wrongdoing.

The Superintendent or his/her designee, may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the District's student conduct rules. The search itself must be conducted in a manner that is reasonably related to its objective and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

When feasible, the search should be conducted as follows:

1. *Outside the view of others, including students,*
2. *In the presence of a school administrator or adult witness, and*
3. *By a certificated employee or liaison police officer of the same sex as the student.*

Immediately following a search, a written report shall be made by the school authority who conducted the search, and given to the Superintendent or designee.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the District's policies or rules, such evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities.

Notification Regarding Student Accounts or Profiles on Social Networking Websites

The Superintendent or designee shall notify students and their parents/guardians of each of the following in accordance with the Right to Privacy in the School Setting Act, 105 ILCS 75/:

- 1. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.*
- 2. School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.*

ADOPTED: December 2015

LOCKERS - HALL AND PHYSICAL EDUCATION

All lockers are school property made available for student use. Hall lockers and physical education lockers are assigned to students at the beginning of each school year and students are responsible for their assigned locker. Students are not permitted to share lockers. Students are not allowed to write on the inside or outside of their lockers. The school administration reserves the legal right, according to State law (105 ILCS 5/10-22.6), to open and search any locker and any personal effects contained within the locker. The display of obscene buttons, medallions, insignias, posters or pictures or any material dedicated to the mistreatment or harassment of any racial, religious, or other group will not be tolerated. There will be periodic locker checks.

LIABILITY

Personal Property

Items of personal property are brought to school at the owner's risk. Township High School District 214 is not liable for any losses incurred by staff, students, or the general public regardless of the reason or circumstances. Refrain from wearing or bringing expensive items to school. Students who wear or bring expensive items to school set themselves up to be victims. It is unfair and illegal for district staff members to search groups of students for the possibility of finding a lost item. All losses should be reported in the attendance office with the School Resource Officer (SRO).

District Owned and Issued Property

Township High School District 214 has a 1:1 iPad Program. The registration fee includes an iPad Protection Plan. The plan covers "accidental damage" to the device and is designed to limit a family's financial responsibilities for any damages as described in the protection plan (<http://www.d214.org/departments/ipad-resources/>).

It is important to know about Illinois Criminal Code 720 ILCS 5/16-1. If government property costs are or exceed \$500 and the property is not returned, or is returned in damaged condition, it is a Class 3 Felony. If government property costs are less than \$500 it is categorized as a Class 4 Felony.

SCHOOL RESOURCE OFFICER

The School Resource Officer (SRO) strives to improve police relations with young people, thereby giving them a better understanding of the law and its enforcement. The SRO delivers lectures to classes on criminal rights, narcotics abuse, crime prevention, and driver safety and is available to parent(s)/guardian(s), students, and staff for advice and information. The SRO may be contacted in person or by telephone at the school.

HOMEWORK – Policy 6:290

Homework is part of the District's instructional program and has the overarching goal of increasing student achievement. Homework is assigned to further a student's educational development and is an application or adaptation of a classroom experience. The Superintendent shall provide guidance to ensure that homework:

- 1. Is used to introduce, reinforce and apply concepts, principles, and skills;*
- 2. Is of appropriate frequency and length, and does not become excessive, according to the best educational interests of the student;*
- 3. Serves as a communication link between the school and parents/guardians;*
- 4. Encourages independent thought, self-direction, and self-discipline; and*
- 5. Is not assigned for disciplinary purposes.*

TEACHING ABOUT CONTROVERSIAL ISSUES

Township High School District 214 provides parent(s)/guardian(s) of students an opportunity to grant or refuse permission for their student(s) to participate in a class activity when study material(s) are deemed controversial. In such circumstances, the students would receive an alternative assignment. Parent(s)/guardian(s) should contact the school's principal/designee with concerns regarding controversial issues, material and curricula. The administration has established guidelines, procedures, and safeguards for an unbiased, impartial handling of controversial issues in the classroom.

For more information, reference Board policy 6:80 – Teaching About Controversial Issues.

ADMINISTERING MEDICINES TO STUDENTS – Policy 7:270

Students should not take medication during school hours or during school-related activities unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child and otherwise follow the District's procedures on dispensing medication.

No School District employee shall administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form (SMA Form) is submitted by the student's parent/guardian. No student shall possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this policy and its implementing procedures.

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

The Building Principal shall include this policy in the Student Handbook and shall provide a copy to the parent(s)/guardian(s) of students.

Self-Administration of Medication

A student may possess and self-administer an epinephrine injector, e.g., EpiPen®, and/or asthma medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed an SMA Form. The Superintendent or designee will ensure an Emergency Action Plan is developed for each self-administering student.

A student may self-administer medication required under a qualifying plan, provided the student's parent/guardian has completed and signed an SMA Form. A qualifying plan means: (1) an asthma action plan, (2) an Individual Health Care Action Plan, (3) an Ill. Food Allergy Emergency Action Plan and Treatment Authorization Form, (4) a plan pursuant to Section 504 of the federal Rehabilitation Act of 1973, or (5) a plan pursuant to the federal Individuals with Disabilities Education Act.

The School District shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required

under a qualifying plan. A student's parent/guardian must indemnify and hold harmless the District and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or medication required under any qualifying plan.

School District Supply of Undesignated Asthma Medication

The Superintendent or designee shall implement 105 ILCS 22-30(f) and maintain a supply of undesignated asthma medication in the name of the District and provide or administer them as necessary according to State law. Undesignated asthma medication means an asthma medication prescribed in the name of the District or one of its schools. A school nurse or trained personnel, as defined in State law, may administer an undesignated asthma medication to a person when they, in good faith, believe a person is having respiratory distress. Respiratory distress may be characterized as mild-to-moderate or severe. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law.

School District Supply of Undesignated Epinephrine Injectors

The Superintendent or designee shall implement 105 ILCS 5/22-30(f) and maintain a supply of undesignated epinephrine injectors in the name of the District and provide or administer them as necessary according to State law. Undesignated epinephrine injector means an epinephrine injector prescribed in the name of the District or one of its schools. A school nurse or trained personnel, as defined in State law, may administer an undesignated epinephrine injector to a person when they, in good faith, believe a person is having an anaphylactic reaction. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law.

School District Supply of Undesignated Opioid Antagonists

The Superintendent or designee shall implement 105 ILCS 5/22-30(f) and maintain a supply of undesignated opioid antagonists in the name of the District and provide or administer them as necessary according to State law. Opioid antagonist means a drug that binds to opioid receptors and blocks or inhibits the effect of the opioids acting on those receptors, including, but not limited to, naloxone hydrochloride or any other similarly acting drug approved by the U.S. Food and Drug Administration. Undesignated opioid antagonist is not defined by the School Code; for purposes of this policy it means an opioid antagonist prescribed in the name of the District or one of its schools. A school nurse or trained personnel, as defined by State law, may administer an undesignated opioid antagonist to a person when they, in good faith, believe a person is having an opioid overdose. Each building principal or designee and/or his or her corresponding school nurse shall maintain the names of the personnel who have received a statement or certification pursuant to State law.

A designated caregiver may also be another individual other than the student's parent/guardian. Any designated caregiver must be at least 21 years old and is allowed to administer a medical cannabis infused product to a child who is a student on the premises of his or her school or on his or her school bus if:
 - a. Both the student and the designated caregiver possess valid registry identification cards issued by IDPH;*

The product may not be administered in a manner that, in the opinion of the District or school, would create a disruption to the educational environment or cause exposure of the product to other students. A school employee shall not be required to administer the product.

Discipline of a student for being administered a product by a designated caregiver, or by a school nurse or administrator, or who self-administers a product under the direct supervision of a school nurse or administrator pursuant to this policy is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

ADOPTED: December, 2019

Emergency Administration of Medication

A school nurse or trained personnel, as defined in State law, may administer an undesignated epinephrine auto-injector to a person when they, in good faith, believe a person is having an anaphylactic reaction. FOOD ALLERGY MANAGEMENT PROGRAM – Policy 7:285

School attendance may increase a student's risk of exposure to allergens that could trigger a food-allergic reaction. A food allergy is an adverse reaction to a food protein mediated by the immune system which immediately reacts causing the release of histamine and other inflammatory chemicals and mediators. While it is not possible for the District to completely eliminate the risks of exposure to allergens when a student is at school, a Food Allergy Management Program using a cooperative effort among students' families, staff members, and students helps the District reduce these risks and provide accommodations and proper treatment for allergic reactions.

The Superintendent or designee shall develop and implement a Food Allergy Management Program that:

- 1. Implements the following goals established in the School Code: (a) identifying students with food allergies, (b) preventing exposure to known allergens, (c) responding to allergic reactions with prompt recognition of symptoms and treatment, and (d) educating and training all staff about management of students with food allergies, including administration of medication with an auto-injector, and providing an in-service training program for staff who work with students that is conducted by a person with expertise in anaphylactic reactions and management.*
- 2. Follows and references the applicable best practices specific to the District's needs in the joint State Board of Education and Ill. Dept. of Public Health publication Guidelines for Managing Life-Threatening Food Allergies in Schools, available at:
http://www.isbe.net/documents/food_allergy_guidelines.pdf*
- 3. Complies with State and federal law and is in alignment with Board policies.*

STUDENT DRIVING AND PARKING INFORMATION

Students are permitted to park on school premises as a matter of privilege, not right. The school retains the authority to conduct routine inspections of parking lots and the exteriors of student automobiles on school property. The interiors of student vehicles may be searched by school authorities without notice, without student consent, and without a search warrant (105 ILCS 5/10-22.6). Noncompliance with these regulations can result in suspension or revocation of a student's driving privileges on school grounds and /or suspension from school. It may result in towing the vehicle at the student's/owner's expense. Information as to the school's and parent's/guardian's liability will be included in the request for the parking permit.

Students are responsible for paying for their towing and storage expenses incurred from parking violations. The speed limit on parking lots and access roads shall be posted as 15 miles per hour unless otherwise designated in accordance with 45 ILCS 110/6. IHSA-administers a performance-enhancing substance testing program. Under this program, student athletes are subject to random drug testing for the presence in their bodies of performance-enhancing substances on the IHSA's banned substance list. In addition to being penalized by IHSA, a student may be disciplined according to Board policy 7:190, Student Behavior.

ADOPTED: April 2016

General Prohibitions of the Conduct Code

1. It shall be considered a violation of the IHSA Bylaws 2.170 and its subsections for any student-athlete to ingest or otherwise use any substance of the IHSA's Banned Substance Classes, without a written prescription and medical documentation provided by a licensed physician who evaluated the student-athlete for legitimate medical condition.
2. Violations found as a result of the IHSA Performance-Enhancing Substance Testing program shall be penalized in accordance with this policy.

It shall be subject to updates at any point during a school term. A complete posting of the current year's banned substance classes list can be accessed on the Sports Medicine page at www.ihsa.org. For more information, reference Board policy 7:240 – Conduct Code for Participants in Co-Curricular Activities.

A. Background Information

A code is a system of guiding rules and principles intended to communicate norms and values, define standards of conduct, and help individuals distinguish between acceptable and unacceptable conduct.

This code outlines District 214's expectations for the conduct of students who choose to participate in the co-curricular activities program.

Township High School District 214 offers an extensive and diverse co-curricular activities program to provide additional learning opportunities to students who wish to develop their special interests, skills, and talents to a higher level. Involvement in these activities is both voluntary and a privilege; students choosing to participate take on extended responsibilities as representatives of their team/activity, their school, the school district, and the community. These extended responsibilities justify holding students who choose to participate in the co-curricular activities program to a higher standard of conduct as a condition of participation. Accordingly, students who choose to participate in the co-curricular activities program are responsible for behaving in accordance with this code of conduct.

B. Purpose

All District 214 students are expected to comply with the rules and regulations of the school and school district, observe good order, and conduct themselves in a manner that will bring credit and honor to themselves, their team/activity, their school, and the school district. This code defines the specific rules that must be followed by all students involved in co-curricular activities, defines the consequences for those students who violate those rules, and establishes procedures intended to ensure consistent enforcement of the code.

C. Administration

The Co-curricular Code is administered by each school's assistant principal for student activities (APSA). Only the assistant principal for student activities, an associate principal, or the principal (or his/her designee) are authorized to suspend students from the co-curricular activities program for violation of the Co-curricular Code.

D. Distribution

The Co-curricular Code will be distributed annually to all students who choose to participate in co-curricular activities. It will also be published in the district's Student and Parent Handbook. Students and parent(s)/guardian(s) are encouraged to discuss any questions regarding the code with their coaches/directors/sponsors or the assistant principal for student activities.

E. Enforcement

The Co-curricular Code applies to the "school-related conduct" of all students involved in co-curricular activities, on and off campus, 24 hours a day, seven days a week, all year. "School-related conduct" is any conduct, on or off campus, that affects the discipline or general welfare of the school or that brings, or may bring, the school or school district into disrepute.

Violations of the Co-curricular Code are limited to incidents that are verified by:

- District 214 staff;
- a law enforcement agency(ies); and/or
- an admission of guilt.

A code violation is verified if, by the evidence available, it appears more likely than not that a code violation has occurred.

Direct reports from law enforcement agencies and incidents reported by staff will be investigated. Anonymous or secondhand reports of possible violations generally will not be investigated, absent of substantial confirming information.

Code violations may arise from material maintained or being identified through the use of technology (personal or district-issued), such as a computer, iPad, cell phone or other electronic device, which depicts illegal or inappropriate behavior.

While violations of the Co-curricular Code that are not verified within 90 days of their occurrence are not subject to the provisions of the code, such violations may be recorded by the school and reported to parent(s)/guardian(s).

1. Code Violations

Examples of the conduct prohibited by this code are listed in Appendix A. "Level A" code violations are acts of serious misconduct prohibited by this code including, but not limited to, the possession, sale, delivery, use, or being under the influence of any controlled substance, possession of weapons or look alikes, mob action, theft, and participation in gang activity. Less serious acts of misconduct shall be considered "Level B" violations, except that repeated or cumulative "Level B" violations may result in "Level A" consequences. The consequences for "Level A" violations are more severe than the consequences for "Level B" violations.

2. Consequences

From first violation to third violation, the intention of the consequences for violating the Co-curricular Code shifts from problem awareness (1st violation), to an emphasis on rehabilitation (2nd violation), to significant punishment (3rd violation). While the consequences for code violations are described in Appendix B, the administration may, in its discretion, impose additional or more severe consequences for serious code violations.

The flow chart found in Appendix B describes the progression of consequences for violations of the Co-curricular Code. The consequences differ depending on the level of each violation and the order in which successive violations occur (See Appendix B).

3. Suspension

A student not involved in co-curricular activities at the time of violation will normally be assigned a suspension beginning upon his/her next involvement in a co-curricular activity. A student, however, may not become involved in a new co-curricular activity solely to serve the assigned suspension. The assistant principal for student activities may prevent a student from doing so by assigning a suspension to be served during the student's next involvement in his/her regular activity(ies).

Calendar year suspensions begin with the date of violation and are not related to the beginning or end of seasons. Suspensions for one season include the period from the first day until the last day of the IHSA season and do not include any portion of the current season.

4. Reinstatement

Students are considered for reinstatement based on the following criteria.

- a. Letter from the student requesting reinstatement.
- b. Letter from parent(s)/guardian(s) supporting reinstatement.
- c. Letter from the division head for student success, safety and wellness supporting reinstatement based on the student's record of absences, tardiness, and department during the suspension period.
- d. Letter from counselor supporting reinstatement.
- e. Testimony from others familiar with issues relevant to reinstatement.

Based on the above evidence, the assistant principal for student activities will rule on requests for reinstatement after one full season of suspension. A committee of administrators and staff, chaired by the special program administrator, will rule on requests for reinstatement after one calendar year of suspension.

5. Cumulative Violations

Violations of the Co-curricular Code accumulate throughout a student's high school career beginning with his/her first participation in co-curricular activities and ending with graduation.

6. School Rules, District Policies, and the Law

The consequences for violating this code are separate from and in addition to those assigned for violating school rules, school district policies, and the law. Furthermore, this code in no way limits the authority of the administration or Board of Education to impose other or additional consequences in accord with school rules and district policies.

7. Coach/Director/Sponsor Rules

In addition to the prohibited conduct described in Appendix A, coaches/directors/sponsors, in collaboration with the assistant principal for student activities, may establish rules specific to their activity. Such rules, however, may not exceed the provisions of this code. These rules will be distributed and explained to all students and parent(s)/guardian(s) by the coaches/directors/sponsors at the beginning of a student's participation in the activity and annually thereafter. They will also be filed with the assistant principal for student activities.

Coaches/directors/sponsors will consistently and fairly enforce their activity-specific rules and will inform students, parent(s)/guardian(s), and the assistant principal for student activities of any major or repeated violations.

8. Practice/Rehearsal Limitations

The assistant principal for student activities, in collaboration with the involved athletic director, coordinator, coach and/or sponsor, will determine whether or not a student may practice/rehearse during the suspension period. Except during practice/rehearsal a student may not dress in uniform, compete, or perform while suspended.

9. Due Process

The following procedure will be utilized in enforcing the Co-curricular Code:

- a. The student, his/her parent(s)/guardian(s), and the coach(es)/sponsor(s) will be informed of the misconduct at issue. If no disciplinary action is taken, the enforcement process is terminated;
- b. The student will be given an opportunity to tell his/her side of the story; and
- c. The assistant principal for student activities will determine the consequence based on the provisions of this code and will inform the student, his/her parent(s)/guardian(s), and the coach(es)/sponsor(s).

10. Review

The student or his/her parent(s)/guardian(s) may request review of the code violation and the assigned consequences within five school days after being informed. The request must be addressed to the principal in writing and must articulate the reasons that a review should be granted.

Based upon the reasons articulated in the written request and all information available at the time, the principal (or his/her designee) will determine whether further review of the code violation and assigned consequences is proper. The principal may determine that no further review is necessary.

The results of any level of review of code violation and/or assigned consequence, including denial of review, will be documented in writing and sent to the parent(s)/guardian(s) within five days after the receipt of the written request for review.

After the principal (or his/her designee) takes action on the requested review, the student or his/her parent(s)/guardian(s) may, within five school days, request in writing that the Superintendent (or his/her designee) review the code violation and assigned consequences. Review beyond the school principal is allowed if, and only if, relevant information is available that was not known at the time of the original ruling or at the time of the principal's review. The written request must be addressed to the Superintendent and must articulate the reasons that a review should be granted.

Based upon the articulated reasons in the written request, the Superintendent (or his/her designee) will determine whether further review is proper. The determination of the Superintendent (or his/her designee) shall be final.

The assigned consequences for the code violation are in effect during any review process.

11. Overnight Activities

High School District 214 overnight activities policy is in effect for all overnight activities. Coaches/Directors/Sponsors will review this policy with each student and his/her parent(s) or guardian(s) prior to departure. A student's participation in subsequent overnight activities may be affected by a violation of the Co-curricular Code.

12. IHSA Activities Regulations

A student who participates in co-curricular activities is subject to all applicable Illinois High School Association By-Laws, Policies, and Rules.

13. Voluntary Admission

The following provision may be used only once and on a first offense by any student during his/her high school career.

If a student seeks out a coach or sponsor to admit having a substance abuse problem before a documented violation, the student will be referred to an appropriate representative of Student Services to complete an assistance program. While the student will receive a code violation under such circumstances, suspension from participation in co-curricular activities may be held in abeyance upon agreement of the coach/sponsor and the assistant principal for student activities.

A student's suspension will be waived upon successful completion of the assistance program. A student who does not successfully complete the assistance program will be required to serve the full suspension from that point in time. A voluntary admission does not include an admission of this code immediately after the violation has been witnessed or documented by one of the groups listed in Section E.

A student suspended from school shall be ineligible to attend or participate in any co-curricular activities during the period of suspension.

15. Title IX Compliance

District 214 complies with the provisions of Title IX, i.e.; “No person in the United States shall, on the basis of sex be excluded from participation in, or denied the benefits of, or be subjected to discrimination under any educational program or activity receiving federal aid.”

PRACTICE/MEETING TIMES FOR ACTIVITIES/ATHLETICS/FINE AND PERFORMING ARTS

In order to provide some balance to the student school week, the following are protocols regarding the amount of time students are required to be at school participating in co-curricular activities.

General Guidelines

- Co-curricular activities should be held after school. In the event that it is necessary to schedule a practice, rehearsal or meeting before school due to scheduling and facility issues, nothing can begin before 6:15 a.m. and pre-approval must be granted by the assistant principal for student activities (APSA). No morning practices can occur on Thursdays.
- With approved exceptions, co-curricular activities cannot last longer than two hours without the pre-approval of the APSA with the exception of varsity athletics, which can last a maximum of two hours and forty-five minutes inclusive of practice time, film review, weights, etc.
- Regularly scheduled afterschool co-curricular practices, rehearsals or meetings will end by 7:30 p.m. Exceptions can be made with the approval of the APSA for unique situations like dress rehearsals the week of a play, athletic team tryouts or a similar situation. In the case of any exception, no practice/rehearsal will go later than 9:00 p.m.
- No team can practice both before school and after school on the same day. All students deserve an opportunity either before or after school to access school resources.
- Afterschool athletic practices will not begin prior to 3:30 p.m. on a regular basis. On occasion, weather and facility needs may require an athletic practice to begin prior to 3:30 p.m., but that would be an exception, not the norm.

- Practice for State competitions can receive special exceptions from the school administration.
- All practices that are 6 hours or longer on non-school days must include a 30-minute meal break within the time given.
- Programs can still host a “group” dinner outside the allotted two hour and forty-five minute time limit.
- Time does not include the setup or the strike of a competition/performance.

NO PASS/NO PLAY GUIDELINES

In accordance with Illinois State law, students involved in certain activities must maintain a specified academic standard:

Illinois High School Association (IHSA) – Scholastic Standing

3.021 They shall be doing passing work in at least twenty-five (25) hours of high school work per week. (PE can be used as .50 credit class to meet the 25 credit hour requirement. Students must be passing PE in order to use the class towards academic eligibility.)

3.022 They shall, unless they are entering high school for the first time, have credit on the school records for twenty-five (25) credit hours of high school for the previous semester. Such work shall have been completed in the semester for which credit is granted or in a recognized summer school program which has been approved by the Board of Education and for which graduation credit is received.

3.023 They shall not have graduated from any four-year high school or its equivalent.

3.024 Passing work shall be defined as work of such a grade that if on any given date a student would transfer to another school, passing grades for the course would immediately be certified on the student’s transcript to the school to which the student transfers.

3.025 Work taken in junior college, college, university, or by correspondence may be accepted toward meeting the requirements of this Section provided it is granted credit toward graduation from high school by the local Board of Education.

Activities Governed By No Pass/No Play

- A. All organizations involved in interscholastic competition;
- B. Any credit-bearing organization that competes inter-scholastically;
- C. Performance organizations;
- D. Major productions;
- E. Select student government positions: Officers of Class Boards and Student Council.

*Possession means having any knowledge of, and any control over, an item. Control includes, but is not limited to, having access to an item in a school locker, personal effects, a vehicle, or other place where the item is located. It is not necessary that a student intend to control the item. A student may acquire knowledge of an item visually, by being told about the item, or through other sensory perception. A student’s knowledge will be determined based on surrounding circumstances, not just the student’s statements. For example, “forgetting” that an item is in one’s locker, personal effects, or vehicle does not constitute lack of knowledge. Also, for example, coming on to the school grounds or to a school-sponsored event in a vehicle which the student knows contains an item constitutes possession of that item, even if the vehicle or the item is not the student’s.

APPENDIX B

The following chart describes the progression of consequences for violations of the Co-curricular Code. The consequences differ depending on the classification of each violation and the order in which successive violations occur.

Note:

- With regard to Co-curricular Code enforcement, IHSA activities “season” start is defined by the IHSA calendar. All other activity “season” start dates are determined by the APSA and sponsor.
- Summer is not considered a “season” with regard to suspensions from participation in co-curricular activities.
- For activities covered by the Co-curricular Code that are not “seasonal,” the IHSA definitions of fall, winter, and spring seasons will determine suspension periods.

AED and CPR TRAINING

State law requires the Illinois High School Association to post a hands-only cardiopulmonary resuscitation and automated external defibrillators training video on its website. The law also requires the District to notify staff members and parent(s)/guardian(s) about the video. Parent(s)/guardian(s) and students are encouraged to view the video, which will take less than 15 minutes: <http://www.ihsa.org/Resources/SportsMedicine/CPRTTraining.aspx>

AMERICANS WITH DISABILITIES ACT NOTICE

Township High School District 214 does not discriminate on the basis of disability in admission to its programs, services, or activities, in access to them, in treatment of individuals with disabilities, or in any aspect of their operations. Township High School District 214 also does not discriminate on the basis of disability in its hiring or employment practices.

Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

This notice is provided as required by Title II of the Americans with Disabilities Act of 1990 (ADA) and Section 504 of the Rehabilitation Act of 1973. Questions, complaints, or requests for additional information regarding the ADA and Section 504 may be forwarded to the designated district ADA and Section 504 compliance coordinator:

SECTION 504 RIGHTS AND PROCEDURES

Section 504 of the Rehabilitation Act of 1973 and its implementing regulations prohibit discrimination on the basis of disability by any program or activity that receives or benefits from federal funding. Section 504 requires that disabled students be provided with a free appropriate public education including education with non-disabled peers to the maximum extent appropriate.

The following procedures apply regarding the evaluation, identification, and provision of services to the students under Section 504:

I. Definition Of Qualified Individual With A Disability Under Section 504

A person has a disability within the meaning of Section 504 of the *Rehabilitation Act of 1973* if he or she has a mental or physical impairment, has a record of such impairment, or is regarded as having such an impairment, which substantially limits one or more major life activities. An impairment that is episodic or in remission is a disability if it would substantially limit a major life activity when active. The determination of whether an impairment substantially limits a major life activity shall be made without regard to the ameliorative effects of mitigating measures (except for ordinary eyeglasses or contact lenses).

Major life activities include, but are not limited to, functions such as caring for one's self, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working. Major life activities also include the operation of a major bodily function.

II. Prohibition Against Discrimination

No qualified individual with a disability under Section 504 shall, on the basis of disability, be excluded from participation in, be denied the benefits of, or otherwise be subject to discrimination in any program or activity. It is the intent of Township High School District 214 to identify, evaluate and provide appropriate education aids and services to meet the needs of students who are qualified individuals with disabilities under Section 504.

III. Designation Of Responsibility

It is the responsibility of the District to provide a free appropriate public education to each qualified student with a disability who is a resident of the District regardless of the nature or severity of the student's disability.

IV. 504 Evaluation

Referrals for consideration for Section 504 eligibility may be made at any time. A referral must be made in writing and dated at the time the request is made, including the reason for the referral. Referrals may be made by individuals with knowledge of the student's needs and/or educational programming, including teachers, other staff members, parent(s)/guardian(s), etc. Referrals should be directed to the home school 504 coordinator or designee for consideration. The coordinator or designee can be notified by contacting the home school student services department.

An assessment or evaluation team, consisting of persons knowledgeable about the student, will conduct an individual evaluation of a student initially referred for a Section 504 evaluation. If the District declines to evaluate a child under Section 504, it will provide notice to the child's parent(s)/guardian(s) of procedural safeguards, including the right to challenge the District's refusal to evaluate the child under Section 504. The designated team will review all submitted documentation, current teacher reports, past records and tests. Additional evaluation tests will be conducted by the District if deemed necessary. Parental/guardian consent will be obtained prior to the initial evaluation completed by the District. If a parent/guardian declines consent for an initial evaluation, the school district may (but is not required to) use hearing procedures to seek to override the parents'/guardians' denial of consent.

For additional 504 Handbook procedures, go to: <https://www.d214.org/district-departments/student-services/>

MEDICAID REIMBURSEMENT

Township High School District 214 will make Medicaid claims for services offered to qualified students. This will be done through a joint agreement between Illinois Department of Public Aid and Illinois State Board of Education. If there are questions, contact the assistant superintendent for student services at 847-718-7657.

The information in this section serves as annual written notification regarding accessing public benefits and releasing personally identifiable information to the Illinois Medicaid Program.

The federal special education law, the Individuals with Disabilities Education Improvement Act 2004 (IDEA), specifies each State's obligation to develop agreements with non-educational public agencies to ensure that all services necessary to provide a free appropriate public education (FAPE) are provided to children with disabilities at no cost to the parent(s)/guardian(s). This includes the State Medicaid agency. School districts are permitted to seek payment from public insurance programs (Medicaid) for some services provided at school.

Under the Family Education Rights and Privacy Act (FERPA), consent is required for the school system to release information about the child to the Illinois Department of Community of Health program in order to access the child's public benefits. Parent(s)/guardian(s) are entitled to have a copy of any information the school system releases to the state Medicaid program.

If consent has been previously given for Township High School District 214 School System to access the student's public benefits and to release information needed to access Illinois Medicaid funding for services provided through the student's individualized education program (IEP) or health screenings, the school district may release:

- Student's name and Social Security Number;
- Student's date of birth;
- Student's IEP documentation including evaluations;
- Dates and times services are provided to the student at school;
- Reports of the student's progress, including therapist notes, progress notes and report cards.

The student will continue to receive all required IEP services or health screenings at no cost to you. Reimbursed services provided by the Township High School District 214 School System Exceptional Children Program do not limit coverage, change eligibility, affect benefits, or count against visit or funding limits in Medicaid programs in which the student is enrolled.

Consent may be revoked at any time. Revoking parent/guardian consent does not change the school district's responsibility to provide all required IEP services or health screenings at no cost.

Contact the Student Services office at 847-718-7659 for questions about this program or to revoke your consent at any time.

SPECIAL EDUCATION TRANSFERS

Special education students who transfer either between schools within Township High School District 214 or from schools in other districts, will be admitted and will receive service in accordance with the Individuals with Disabilities Education Improvement Act of 2004 (IDEA).

EVERY STUDENT SUCCEEDS ACT AND TITLE I

The Every Student Succeeds Act (ESSA) creates the funding schools receive through the Title I program. The amount of funding the school receives depends on the number of students from low-income families attending that school. In District 214, Wheeling, Rolling Meadows, and Elk Grove High Schools, as well as, Vanguard and The Academy at Forest View, qualify to receive Title I funds. Title-funded activities in the schools include reading instruction and math support, before- and after-school tutorial programs, parent/guardian workshops, and staff development training. The main goal of these activities and primary purpose of Title I is to increase academic achievement to meet the state's challenging performance standards, as well as to promote parent/guardian education and involvement. From time to time parent(s)/guardian(s) may receive notifications required by ESSA. Further details about this law and its provisions can be found in the Educational Services section of the District website: <http://www.d214.org/academics/federal-title-programs/>

Parent's/Guardian's Right to Know

The ESSA law states that parent(s)/guardian(s) can ask for information about the professional qualifications of their children's classroom teachers, including licensing and academic degrees. Parent(s)/guardian(s) also have the right to know whether their children are being provided services by paraprofessionals and their level of qualifications. All teachers in District 214 are highly qualified, as defined by the Illinois State Board of Education. Highly qualified teachers have a bachelor's degree or higher and a state teaching license. In addition, for each core subject area of teaching responsibility, all teachers have either passed a content-area test or completed a college degree in that subject. All paraprofessionals are endorsed by the state as paraprofessional educators, having completed at least 60 semester hours of college credit or the equivalent.

For more information, reference Board policy 6:170 – Title I Programs.

PROCEDURES FOR RECORDING AT IEP MEETINGS

Recording of IEP meetings shall **only** be permitted in cases where a parent or guardian requires the recording in order to ensure he or she understands the IEP proceedings and shall only be used for this purpose. Parent(s)/guardian(s) are otherwise afforded the rights they are entitled to under the IDEA. In such cases, the parent/guardian must provide the district with written notice at least 24 hours prior to the meeting at issue. All participants must be informed when a meeting is being recorded. Any time that a parent/guardian records an IEP meeting, the District will make its own recording of the meeting with its own equipment. Surreptitious recording is prohibited.

Questions or comments about special education services in Township High School District 214 may be directed to the assistant superintendent for student services at 847-718-7657.

For more information, reference Board policy 8:30 – Visitors to and Conduct on School Property.

STUDENT RECORDS

Refer to Family Educational Rights and Privacy Act of 1974, and the Illinois School Student Records Act of 1975. All surveys requesting personal information from students will comply with Board Policy 7:15 (Student and Family Privacy Rights).

All school records, including permanent and temporary records, are available for inspection and duplication by students and their parent(s)/guardian(s). The parent(s)/guardian(s) of a student have the right to obtain copies of the student's records until the student reaches 18 years of age. At age 18, the student alone must give consent for the release of their school records.

Student records fall into two categories:

- A student "permanent record" includes name, birth date, address, grades and grade level, parents'/guardians' names and addresses, attendance records, academic transcript, honors, awards, activities/athletics & health/accident reports.
- A student "temporary record" includes family background information, intelligence test/apptitude scores, psychological evaluations, disciplinary actions, and other information relevant to the education of the students, personality tests, achievement test results, special education files/documents and information pertaining to release of this record.

Directory information includes the student's name, address, date and place of birth, telephone number, gender, grade level, parents'/guardians' names and addresses, school sponsored activities, organizations & athletics, activities, photograph, dates of attendance, field of study, academic awards, degrees and honors received. **Any parent/guardian who wishes such information not be made public should indicate this at the time of registration.**

For more information, reference Board policy 7:340 – Student Records.

Maintenance of School Records

1. Student permanent records including health records will be maintained for a period of sixty (60) years after the student has transferred, graduated, or permanently withdrawn from school.
2. Student temporary records shall be maintained by the school not less than five (5) years after the student is no longer enrolled.
3. Temporary records that may be of assistance to a student with disabilities who graduates or permanently withdraws, may, after 5 years be transferred to the parent(s)/guardian(s) or to the student, if the student has succeeded to the rights of the parent(s)/guardian(s).
4. The records custodian is responsible for maintaining and updating all student records.

Right to Records

Illinois law grants both parent(s)/guardian(s) the right to access records (until the student attains 18 years of age) concerning their children and to have contact with service providers regardless of whether custody is awarded to one parent or to both.

Notwithstanding any other provision of law, access to records and information pertaining to a child, including but not limited to medical, dental, child care, and school records, shall not be denied to a parent for the reason that such parent is not the child's custodial parent.

Inspection of Student Records

The assistant principal for student services is the records custodian at Buffalo Grove, Elk Grove, John Hersey, Prospect, Rolling Meadows, and Wheeling high schools. The associate principal is the records custodian at The Academy at Forest View and Vanguard School.

1. Parent(s)/guardian(s) have the right to inspect, challenge, and copy their student's records until the student attains 18 years of age.
2. All students have the right to inspect, copy, and release their permanent records.
3. Student records will be made available to parent(s)/guardian(s) or eligible students within ten (10) business days from the time a written request is received.

4. When parent(s)/guardian(s) or students inspect the records, a qualified staff member will be present to interpret the information contained in these records.
5. Copies of student records will be provided to eligible parent(s)/guardian(s) and students upon request, cost not to exceed \$.35 per page.
6. Non-custodial parents have the same rights as custodial parents unless specifically denied by a court order.
7. Complaints or requests for amendment of student records may be made to the building records custodian. A hearing will be provided if agreements cannot be reached.

PROCEDURE TO REQUEST TRANSCRIPTS AND/OR IMMUNIZATION RECORDS

Transcripts:

All District 214 schools now use Parchment Exchange, an eTranscript provider.

- Official Transcripts: Current students, non-enrolled students and alumni access the Parchment portal through the school websites, create an account, request official transcripts and monitor the document submission in their online account. Most official transcript requests for students will be free. Non-enrolled students and alumni will be charged \$10 per transcript. Payments must be made online through the Parchment account. Students and alumni requesting official transcripts should visit their home school website.
- Please note that official transcripts will not be sent for seniors until transcripts are verified, usually 2-3 weeks into the academic school year.
- Unofficial Transcripts: Often times scholarships, insurance companies and college coaches do not require official transcripts. Current students can download or print copies of unofficial transcripts from their Infinite Campus portal for these purposes.

Immunization Records:

Individuals will be charged according to the following schedule for a copy of the immunization record:

- Current students should request, complete and submit an Immunization Record Request Form in their Student Services department. No fees are required for these requests.
- Non-enrolled students and alumni access the Alumni Immunization Request Form on their home school website. They must submit this form, a copy of their driver's license and pay a \$10.00 processing fee for each copy of the immunization record.

Contact the registrar in your home school with any questions.

ACCESS TO STUDENT DIRECTORY INFORMATION BY MILITARY RECRUITERS

Student directory information consists of, for the purposes of this section only, students' names, addresses, and telephone numbers.

Parent(s)/guardian(s) and students may request this directory information not be released without their prior approval. Parent(s)/guardian(s) and students are notified of this option during the District registration process. The directory information of students for whom such a request has been made will not be provided to military recruiters. (Legal reference: 105 ILC5/10-20.5a)

EMERGENCY SUPPORT

District 214 will call 911 to seek emergency support for students under staff supervision when staff determine emergency support is needed. When this occurs, staff will notify parent(s)/guardian(s) as soon as possible considering the need for staff to first address the emergency.

PESTICIDE APPLICATIONS

Effective August 15, 1999, the Illinois General Assembly passed PA 91-0099 (SB527) requiring that public schools notify parent(s)/guardian(s) and school employees at least two business days prior to any pesticide applications on school grounds. The term "pesticide" includes insecticides, herbicides, rodenticides, and fungicides. The notification requirement extends to both indoor and outdoor pesticide applications. Excluded from the notification requirement are antimicrobials (such as disinfectants, sanitizers, or deodorizers), insecticide baits, and rodenticide baits.

All District 214 schools and programs have established a registry of people who wish to be notified. Notification can be included in newsletters, bulletins, calendars, or other correspondence currently published by the school and district. To be included in the registry, please contact your student's school/program for more information.

ASBESTOS HAZARD RESPONSE ACT

In accordance with the Asbestos Hazard Emergency Response Act (AHERA), you are being notified that all of the District facilities house various amounts and types of asbestos-containing building materials. These materials do not pose any hazard to individuals unless the materials are disturbed.

The District maintains compliance with all applicable governmental and regulatory asbestos rules and regulations. The District also maintains compliance with the Illinois Department of Public Health guidelines for operations and maintenance activities. The District routinely performs operations and maintenance activities, required inspections, and surveillance activities to verify that the materials are being managed according to Illinois Department of Public Health guidelines. Each individual school and the district operations department have on file copies of the Asbestos Hazard Emergency Response Act Asbestos Management Plans that describe the locations of all asbestos-containing building materials. These plans are available for viewing by all interested parties. Contact your school or call the director of operations for assistance at 847-718-7619.

DISTRICT 214 EDUCATION FOUNDATION

The District 214 Education Foundation supports student success, innovation and lifelong learning beyond the limitations of conventional funding for public education.

In a time when one in four District 214 students live in poverty, the Foundation looks for every opportunity to position every single student to reach their full potential -- providing funding, securing resources and building partnerships that ensure our students are prepared for future success as we build stronger schools and stronger communities.

The Foundation is a 501(c)(3) nonprofit organization, and contributions are tax-deductible to the full extent of the law. Giving opportunities are available through one-time or recurring gifts; namings and sponsorships; wills and bequests; scholarships; and more. Join us in funding the future.
