Buffalo Grove High School
2021-2022 First Quarter

A Letter from Principal Wardle

Parents and Guardians,

I want to take this opportunity to welcome you to the 2021-2022 school year! I can't tell you how thrilled we are to have students back in the building for in-person learning! We have learned and experienced much together over the course of this past year, and are able to take what we learned to improve and adjust our practices to continue to ensure the highest quality education for all students.

We know that this past year was difficult academically for many of our students and families, and we have been preparing all summer for several new and additional learning resources for all students. With a block schedule, every student will have a study hall and will be able to utilize additional and robust tutoring and academic support. We have special programming for students that find themselves behind in credit. Our first day of school will be a special schedule as we welcome the class of 2025 to BGHS, encouraging and equipping them for their high school careers.

As always, our commitment to OneBG remains steadfast as we support and devote ourselves to being a high school community striving for excellence in academics, activities, and support of each other. We are committed to relationships, educational equity, and transformation of lives.

I look forward to connecting with you over the course of the year, and again, welcome to this exciting 2021-22 school year.

#OneBG,

Jeff Wardle
