## A Letter from Principal Wardle

Bison Parents,

This has been one of the most enjoyable starts to a school year that I can remember! The students are excited to be in school, and I am greeted by smiling faces each morning as they arrive. As I've walked through many classrooms and been in many more conversations, I wanted to share just a few of the highlights I've seen:

- 8 renovated English classrooms full of books in each room as we continue our book love program in the English department.
- Several staff presented on the opening Institute Day to their colleagues on Supporting EL Learners, Best Practices in the Classroom, Literacy, Grading, and more.
- Receiving an email from a down state administrator about the incredible golf coaches we have, demonstrating good sportsmanship by cheering on all athletes, not just the BG athletes.
- BG students taking advantage of the Civics Forum, and Stroll to the Poll events.
- Planning our 2nd Annual Hispanic Heritage Day.

- Art Gallery displays focusing on the lives of our students.
- Homecoming, recognizing many former Bison, including the 1st ever homecoming Queen from 1974.
- An amazing first theater performance of Comedy Sportz.
- 1st quarter relationship challenges and High Five Fridays.
- An incredible video put together by students of BGN (Buffalo Grove Network).

As you can see, it's been just a great start to the year already. I am so grateful to be at Buffalo Grove High School and lead this group of dedicated professionals and community members.

#OneBG,

*Jeff Wardle*
