Buffalo Grove High School  
2021-2022 Third Quarter

## A Letter from Principal Wardle

Bison Parents,

A new semester and a new calendar year is upon us.

At Buffalo Grove, we know the power of attending a high school where you know you belong, and have courses, pathways, and resources to pursue your passions!

We began this semester with a keynote address on the most current data and processes to support the emotional and physical safety of our students and building. We are looking specifically at more equitable grading practices, with the foundation being knowing each student for who they are and what they bring to our Bison family. In many ways, students feel there is opposition everywhere they turn as adolescents. One of our goals is to ensure that every student knows they belong, feels like an insider, and thinks of Buffalo Grove High School as a place they can share who they are and how they are doing . . . really.

Academically, we believe that every single student has a real hope and a bright future in an area that they are passionate

about. Our Pathways continue to grow, in fact, this semester we are introducing a programmable robotic welder and the latest technology in the area of multi-media production with a programmable A/V robot, simulating current trends in advertising and mainstream professional sports media. Our Health careers pathway is flourishing, and our Mock Trial team connected to the Law and Equity Pathway is gaining valuable experience and momentum. These are just a few examples, I encourage you to browse our online academic pathways and programs booklet on our district website:

Have a wonderful start to the second semester!

#OneBG,

*Jeff Wardle*
