Buffalo Grove High School
2021-2022 Fourth Quarter

A Letter from Principal Wardle

BGHS Parents,

It is hard to believe we are in the final quarter of the 2021-2022 school year, but we can certainly see the light at the end of the tunnel. What a year of change we have seen and experienced together. As opportunities for students to be back in school full time and co-curricular activities opening back up, we have seen record numbers of student involvement and new clubs beginning as students and staff are desperate to connect after the pandemic restrictions ease up. The energy and excitement is back this spring as we continue to return to a sense of normalcy.

Out with the Old, In with the New!

For parents and families that know our building and classroom layouts, BGHS was built with many of our classrooms in a triangle shape - with hidden classrooms that required students to enter through one classroom to get to another. Over the past several years, we have been remodeling these spaces to be bigger, brighter, and more of a standard rectangular classroom space with easy access to each room.

For the next 10 weeks during the 4th quarter, we will be remodeling the final 8 triangle rooms in the school into full-size classrooms, a large

Multi-media space, offices, and re-designed student areas. All of these rooms are in the English area. While some classrooms will need to be relocated during this 4th quarter project, having this project done will allow for a better learning environment with fewer distractions for our staff and students for many years to come!

Here is a photo of our D214 construction crew during this process two years ago in our social science area.

All the best to you and your families this 4th quarter!

#OneBG,

Jeff Wardle
