Buffalo Grove High School  
2022-2023 Fourth Quarter

## A Letter from Principal Wardle

Bison Parents,

I hope this letter finds you well and that your student is having a successful school year at Buffalo

Grove High School. It is hard to believe that we are entering the final quarter of the school year. I am excited to update you on some important upgrades and initiatives that are taking place at our school.

We have made significant upgrades to our attendance and security systems and have increased campus safety personnel to provide a more structured and safe environment for all students. Our goal is to ensure that our students can focus on their academics and enjoy a secure environment each day while they are in school. We are continually reviewing and improving our school climate and safety.

We are also actively engaging in additional resources to increase our students' math and English skills. We recognize that these two subjects are critical to academic success, and we are committed to providing our students with the support they need to excel. We are working with teachers and staff to provide additional resources and programs to help students improve their skills in these areas.

In addition to these academic initiatives, we are upgrading some of our physical education and athletic facilities and equipment. In these areas, our goal is to ensure that our students have access to quality fa-

cilities and equipment to help them stay healthy and active. These upgrades will also provide additional opportunities for our students to participate in sports and enjoy other physical activities.

Finally, I wanted to let you know that we will be welcoming the administration and student services personnel from Wheeling High School into BGHS during the summer months. Wheeling will be shut down for some intense summer construction, and we are happy to offer them a temporary home at Buffalo Grove. We look forward to welcoming our neighbors as we head into a full summer of academic and athletic programming.

Thank you for your ongoing support and involvement at BGHS. We value your partnership and commitment to our students' success. If you ever have any questions or concerns, please don't hesitate to reach out to us.

#OneBG,

*Jeff Wardle*
